

**State Board of Health**

There is no more important institution for good in our midst than the N. C. State of Health and everything in connection with it is of the utmost importance to our people. By the death of Dr. Thomas F. Wood, of Wilmington, the State lost a most efficient public servant and a most useful man. Dr. Richard H. Lewis, our well known fellow citizen was appointed secretary in place of Dr. Wood and he has thought proper after paying a beautiful tribute to his predecessor, to print the following:

In taking up this work I feel that it would be well to remind the people of the State that the Board of Health was created for their benefit—for the purpose of acquiring and distributing as thoroughly as possible, information and instruction as to the best means of preventing disease. Any citizen of the State therefore desiring such information would confer a favor by writing to the secretary, who would cheerfully answer his inquiries.

The subject of pre-eminent interest at present is the epidemic of cholera threatening our country. The board has watched the indications with sleepless eyes, and has given the subject the most thoughtful consideration, but it has not deemed the danger imminent enough at any time to justify publications which would probably excite and alarm unnecessarily many of our people. The danger is daily growing less, and the board does not anticipate any trouble during the coming winter, but fears the awakening in warm weather of spring of the germs which may slip into the country during the cold weather, when the vigilance of the health officers at our ports is liable to be relaxed. Should its fears be justified, the people may rest satisfied that it will exhaust every means within its power to keep it out of our State. From time to time the secretary proposes to publish in all the papers in the State kind enough to print them, short practical articles on matters relating to the preservation of health. In the meantime, if you need information or advice on such subjects write to

RICHARD H. LEWIS, Sec.,  
Raleigh, N. C.

Don't let political matters engage all our attention to the detriment of the State Fair and Centennial.

It has been suggested that our ladies put on the Centennial colors. This will cause a general interest in the matter.

The Raleigh wheelmen have been invited to join the grand Centennial procession in a body. The boys will make a fine show with their wheels trimmed in Centennial colors.

Mr. Peter A. Wilson Sr. who died in Winston last Sunday morning was on two occasions chosen a member of the General Assembly from Forsyth county. He was a much loved citizen and 66 years old.
