## Shaw University.

We are pleased to learn that this well known institution of learning for the colored race is in a most prosperous condition, both as to the number of students and in other respects. It can be well ranked among the most effective institutions of the kind in the south and its management under the control of Rev. H. M. Tupper and his associates is in the highest degree commendable. It certainly has proven a most effective instrument for good to the colored people and we hope it may long continue to have a most brilliant career.

Our friend and fellow citizen Dr. Thos. D. Hogg having returned from New Orleans where he went as a delegate to the Nicaragua canal is full of interesting reminiscences of his trip. The doctor is at all times, a most ardent advocate of progress, and he is enthusiastic on the subject of the great interoceanic highway. We have heard that he is, like all true Americans, a strong believer in what is known as the Monroe doctrine, and wishes it carried out to the letter in this case.

Manager Heartt has arranged for the appearance of the Swedish Quartette Company here on next Thursday night, the 15th inst. This is quite an event in musical circles.

## Lock Them Up.

A facetious friend remarked on the streets today that it would become all who have purchased turkeys either to lock them up or provide high roosts. This is a season when it is considered almost a matter of precedent to take when the chance is offered. There are a thousand or more midnight prowlers who, from impetuosity or other causes, think it smart to rob fowl roosts. Either lock them up, or roost them high, if they are to be fixed up for Christmas.

We invite special attention to the attractive advertisement of Mr. D. T. Johnson in this issue. He is offering to the public such a tempting array of all the good things of life as is almost impossible to resist. Here can be found in the greatest abundance all that is necessary for a happy Christmas. Call and inspect the stock. It is a show in itself.

There are very few applications now for refunding the federal taxes paid in 1885. The amount left over is considerable, which is somewhat unexpected. One claim was presented today from Durham by a gentleman formerly a resident of this city.

Mr. Willis H. Brogden of Wayne who was convicted of murder was brought to the penitentiary yesterday afternoon to commence his sentence of six years.

The sale of fertilizers for the year amounts to 100,000 tons against 135,000 for last year. This is in accordance with the estimate of commissioner Robinson.

On the first day of January next, the privilege tax of \$500 for license to sell liquor will go into effect in Goldsboro.

## Holiday Dress Offering.
