OUR CITY CIRCULARS.

RALEIGH, DEC. 10, 1892

Personal.

R. M. Furman, Esq., auditor elect, is in the city.
Prof. E. McK. Goodwin is out again after a short spell of sickness.
President C. D. McIver of the Female Industrial school at Greensboro, is at the Yarboro.

Lyon Racket Store.

This establishment on Fayetteville street, with its branch on East Martin street, furnishes to the public the most complete stock of novelties of all kinds ever offered in Raleigh and at such rates as cannot be surpassed. Here can be found in endless variety all the different articles that go to make up a well filled "Santa Claus" bag. It would be well to call soon before the stock is picked over.

Homicide.

It has just come to light that a homicide was committed last Monday on the plantation of Col. Beahan Cameron, in the western part of Wake, near the Durham county line. It seems that two negroes named respectively Willis Burwell and Horace Thorpe struck Burwell on the head with a shovel, producing death afterwards. The murderer made his escape and had not been arrested at latest accounts.

Decisions.

The Railroad commission has handed down the following decisions: In the case of Justice and Justice vs Carolina Central Railway, and the Charleston, Cincinnati and Chicago Railway Co., complaint of discrimination against the town of Rutherfordton by the defendants in their schedules, it appearing that the complaint had been rendered, the action is dismissed.

In the case of Totta and Potts vs Cape Fear and Yadkin Valley Railway, complaint of over charge in bill lading, the action was dismissed.

On Hand.

Those who failed to attend the entertainment given at Metropolitan Hall last night by John Thompson certainly missed a treat. It was one of the most comical and at the same time most versatile shows that has exhibited in Raleigh for a long time. Mr. Thompson is a genuine success in his line and he certainly knows how to make a decided hit. Miss Maude Heartman is a most graceful accompanist and her specialties are unusually fine. In fact the entertainment is in many respects unimitable. To night it will be repeated and we hope for a large attendance.

Reception.

The Epworth League reception at the Sunday school room of Edenion street church last night was most entertaining and highly enjoyed. A roll call opened the entertainment which was responded to with a quotation from Charles Wesley. Then came singing. Triumphant songs and a paper read by Mr. Telfair Horton on Wm. Cowper. A beautiful solo was rendered by Mr. A. H. Yerby and a paper was read by Mr. W. E. Pell, the subject being Alice and Phoebe Cary. Mr. Henry Brown delivered a reading on "Blest be the tie that binds." The services closed with a gospel hymn and social enjoyment. There were a large number of ladies present.

The different railroads are preparing special rates for Christmas.

A Funny Book.

A very interesting volume called the Hellenian has just been published by the Greek letter fraternities, at the University. It is elegantly printed, bound and illustrated; and is full of most amusing college jokes and interesting college statistics. It is dedicated to President Winston, who is in full sympathy with college wit and humor. The editor in chief is Mr. J. Crawford Biggs. The University colors are white and blue. The University yell is: 'Rah! 'rah! 'rah! White and blue! Vive Ja! vive Ja! N. C. T.

The average age of students in the University is 19 years and 9 months; average height 5 feet 10; weight 150 pounds. The favorite study is mathematics; 58 per cent prefer brunettes to blondes; 66 per cent carry watches; 11 per cent wear eye glasses; 93 per cent own dress suits; the favorite poet is Tennyson; favorite novelist, Scott; 35 per cent have been engaged; 73 per cent live in towns; the most intellectual man, Biggs of Oxford; the most popular man, Hoke of Raleigh; the hardest working man, Davis of Tarboro; the handsomest man, W. W. Davies; the best athlete, Mangum; the best orator, F. Harding of Greenville; 37 per cent play base ball; 40 per cent foot ball; 66 per cent tennis; 41 per cent visit in the village.

Among the faculty the students vote President Winston the most intellectual man, Prof. Alexander the most popular, Prof. Hume the hardest worker, and Prof. Venable the handsomest. 29 per cent of the students play on musical instruments; 34 per cent are at the University "on their own hook." The best prospective lawyer is J. S. Hill of Duplin; the best doctor, R. H. Johnson, of Tarboro.

This book contains handsome full page engravings as follows: the 12 editors; President Winston; the pins and devices of each of the twelve fraternities; the Phi Hall; the Di Hall; the Chapel; the Glee Club (16 members); the Old East building; the Library; the South Building; the German Club; the Library (interior); the Old West building; Memorial Hall, and the foot ball team. There are very many most humorous wood cuts, illustrating many phases of college life.

That Tired Feeling

Which is so specially overpowering when the seasons change, and that prostration following severe attacks of illness, are overcome by Hood's Sarsaparilla, which imparts the strength and appetite so much desired. Hood's Sarsaparilla has accomplished wonders for people who were "all run down." Hood's Pills have won high praise for their easy yet efficient action. Try them.

The Swedish Quartette.

There is a genuine treat in store for all lovers of first class vocal instrumental music next Thursday night when the celebrated Swedish Quartette will appear at Metropolitan hall. Among those connected with the company are Miss Bertha Webb the distinguished violinist; Miss Annie Louise White, the well known dramatic reciter and Miss Vida Skog the popular accompanist. These constitute one of the strongest and most artistic musical attractions now before the public. The entertainment has the highest endorsements. The following is among the many cordial approvals:
YOUNG MEN'S C. A.
GROVERSVILLE, N. Y. May 3, 1891.
The Swedish Concert Company has appeared under the auspices of both of the associations with which I have been connected, at Hooick Falls two years ago, and at Groversville during the past season. Upon both occasions they received the hearty praise their talent deserved, and I am confident upon a return visit would be greeted by a large audience. In these days, when the country is literally flooded with attractions, of one nature or another, it is a genuine pleasure to commend a concert company capable of giving an entertainment of the first order, at once artistic, refined, and pleasing. Wishing you all success, I am,
Very sincerely,
JOHN F. MOORE, Gen'l Sec'y.

Many of the wells in this vicinity have become short of water on account of the recent drought.

Baptist Convention.

After adjournment yesterday afternoon the convention did not resume its session until 7 o'clock last night. A hymn was sung and Rev. S. J. S. Thomas, of South Carolina offered prayer. Rev. W. R. Gwalney read the report of the board of education. Dr. Hatcher and Prof. A. T. Robertson delivered addresses, the latter in behalf of the Baptist Theological Seminary of Louisville Ky. The report was adopted after which the convention adjourned until 9 o'clock this morning. There are about three hundred delegates present. The report shows that thirty seven young men are being aided by the board during the present year and forty applicants for aid.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became a Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

The Electric Road.

We notice in one of our morning dailies an interview with manager Huff relative to the running of the electric cars, in which he says in substance, it is absolutely essential that the road be run during the winter months on an economical scale to make it self sustaining. That this is true must be apparent to all and hence we must think that it is the duty of our people to put up with anything like a seeming inconvenience if it redounds to the interest of what is now conceded to be a necessity for our city. We are assured by manager Huff that when the summer season opens increased facilities will be given and this should at least satisfy all. Mr. Huff like all people, can only do the best that circumstances will admit, and reasonable persons should not expect more.

Attention is called to the advertisement of E. V. Denton in this issue.

Of Sparta, N. J., voluntarily says:
"To Whom It May Concern:
"Unasked I deem it my duty to a suffering humanity whose bodies and souls I would have healthy, to tell them of the value of Hood's Sarsaparilla. While living in Ohio one of my children was greatly

having 30 on her limbs, and being unable to walk. I had heard of Hood's Sarsaparilla, and bought a bottle, half of which cured entirely. Two years after, another child was afflicted as badly. I used the other half bottle of Hood's Sarsaparilla with like results. About four years after, the child first afflicted was again tormented like Job, and I bought a bottle (on Sunday at that) and again a cure. I gave some of the medicine to a poor woman and two children; they were helped as were mine. Through a testimonial sent to C. I. Hood & Co., inquiries came from all the country, asking if it was a "bona fide" testimonial, and of course I wrote all that it was, and have the knowledge of

This is the only patent medicine I have felt like praising. I speak not for C. I. Hood, but for the Jobs who are impatient and are tormented beyond endurance. Nothing I know of will cleanse the blood, stimulate the liver, or clean the stomach so perfectly as
