## BALEIGH, JAN. 16, 1893.

#### Clay Ciement.

This famous young actor will apapear at Metropolitan Hall in this city, on Tuesday evering, the 24th. in the play "The Bells". "he Detroit Evening News says:

SiClay Clement repeated his masterful performance of Matthias in "The Bells" at the Lyceum last evening and convinced another large andi ence that he is destined to stand among the foremost of American tragedians. His work is even and powerful, but without the least sagpicion of overacting. He has a fine stage presence, a most agreeable voice, and is evidently studious and modest to a degree The story of the burgo master's crime as related in the dream scope during the last act was dreadfully realistic, and those who remembered seeing Henry Irving in the same role made mental comparison by which Mr Clement did not suffer as regards that particular scene. Mr Clement is supported by a very excellent company.

# YOUTH THE GIRLS WON'T LOVE.

Some of the ladies of Arkansas City have organized a female prohibition society. The members pledge them selves not to associate with or entertain young men who use tobacco. liquor, play cards, or have other bad habits. The young ladies have issued cards summarizing their wa

against these vices as follows: The man who drinks the red red wine Can never glue his lips to mine.

The man who chews the nasty plug Will in our parlor get no hug.

Who smokes or drinks or cuts a deck Oan never bite us on the neck.

So don't you monkey with the cards. Or we can never more be pards.

The man who guzzles logar beer, Can never, never chew my ear. Drink nothing stronger than red pop

Or in your lap we'll never flop. The man who smokes a cigarette, Can never get a squerze, you bet.

If the young ladies of this town would organize a similar club and adopt the same kind of rules, they wouldn't have a beau until the new generation comes in.—Humboldt (Ara kansas) Herald.

### Charlotte News

It is rather singular that at this earon of the year, a great many of the we is in Charlotte are going dry. In the eastern section of the city. there are very few wells that have anything like an ordinary supply of water, and many of them are perfect ly dry. This condition of affairs is due to long continued lack of rain fall, and not to the freeze. The old well digger says that he now has contracts to sink eight wells deeper.

It is estimated that there are today in the United States and Canada about 600 young men in every 1,000. having reached the age of thirty, who are single. The conjugal condition of the people in other countries is vastly different. In Russia 373 men and 573 women in every 1,000 who marry are married under twenty years of aga, while in England 766 men and 829 women in every 1.000 are married between twenty and thir

# A SLICK SWINDLER.

Jacksonville, Fta., Jan. 18-A slick windler who has been operating in church circles and religious schools was neatly and unexpectedly captured in St. Augustine last night by two Nuns of the Order of St. Joseph-Mother Superior Claveria and Sister Mary Ann. He had defrauded them by arranging to place his daughter in the convent school here, paying the term's expenses in advance with a worthless check drawn for \$20 in excess of the necessary amount and receiving cash in change. The two Nuns went to St. Augustine to waru the sisters there against him. They had hardly entered the convent building when he was admitted by a serv vant. They recognized him and seized him He fought hard for his liberty, but they threw him down and held him on the floor until officers arrived and arrested him. He traveled under the name of Mosley, and has played his confidence game success.

having 30 on her limbs, and being unable to walk. I had heard of Hood's Sarsaparilla, and bought a bottle, half of which cured entirely. Two years after, another child was afflicted as badly. I used the other half bottle of Hood's Sarsaparilla with like results. About four years after, the child first afflicted was again tormented like Job, and I bought a bottle (on Sunday at that) and again a cure. I gave some of the medicine to a poor woman and two children; they were helped as were mine. Through a testimonial sent to C. I. Hood & Co., inquiries came from all the country, asking if it was a 'bona fide' testimonial, and of course I wrote all that it was, and have the knowledge of
