LEWIS CITY CIRCULATION

RALEIGH, JAN. 17, 1893.

**Appointment**

In common with our citizens generally, we are much gratified to know that Rev. Dr. F. L. Reid, editor of the Christian Advocate of this city, has received an appointment as a member of the Advisory Council of Religious Congresses in connection with the World's Fair at Chicago. This is a most excellent appointment in all respects.

**Die,**

On Sunday night last, at the residence of Mr. Wadsworth on the Avenel Ferry road just west of the city lies Mr. Len Kelley. He was a gentle man of much popularity. He leaves a wife to mourn her loss. The remains were taken to Johnston county yesterday for interment.

**Managers.**

The annual election of managers for the commencement ball at Chapel Hill was held yesterday. The following were chosen: Chief, W. R. Kenan, Jr., Wilmington; W. R. Robertson, Charlotte; W. A. Graham, Hillsboro; J. L. Patterson, Winston; C. R. Turner, Raleigh; C. R. Emory, Weldon; F. M. Stromach, Raleigh.

The following for the base ball department were elected: President, H. B. Shaw; vice-president, Chas. Barkerville; secretary and treasurer, J. T. Pugh.

**Labor Statistics.**

The report of Capt. W. S. Harris, Commissioner of Labor Statistics is a most interesting one, and some important information is derived from it. The following extract will prove good reading.

"It is exceedingly gratifying to me to be able to say that the reports received and the letters which accompany the same indicate clearly and unmistakably that a better and kinder feeling exists between the laborer and the employer of labor than here before and our State is likely to escape the conflicts which have so seriously affected the peace, happiness and material prosperity of many sections of our country.

While this has been an exceptionally unfavorable year for farming operations in nearly all sections of the State, it is very gratifying to be able to say that the numerous reports from all sections and the "remarks" and letters which accompany the same indicate a more hopeful feeling than at any period since this bureau has been in communication with them. While a large per cent report "short crops" from one cause or another, nearly all report a sufficiency of "home supplies" for another year."

**What It Does.**

1. Purifies the blood.
2. Creates an appetite.
3. Strengthens the nerves.
4. Makes the weak strong.
5. Overcomes that tired feeling.
6. Cures scrofula, salt rheum, etc.
7. Invigorates the kidneys and liver.
8. Relieves headache, indigestion, dyspepsia

Regular meeting of the Capital Lodge No. 147, I. O. O. F. this evening at 7:30 o'clock in the hall over Citizens National Bank. Every member of the Capital Lodge requested to be present. Work in second degree. Visiting Odd Fellows invited to attend. W. B. Grimes, N. G.; W. W. Williams, Rec. Sec'y.

**CROSSED THE ICE BRIDGE.**

Niagara Falls, N. Y., January 15.—One of the most daring feats ever performed at Niagara in winter was the trip today of a young assistant clerk at the Prospect House named Harry Sergeant. He wanted to be the first to cross the ice bridge, and was much disappointed when he learned that the well known guide, Jack McCloy, had performed this feat.

He started out on the ice bridge, crossed to the Canadian side, then returned, skirting along the edge of the bridge back to the foot of the American Falls. He picked his way past the falls, through the driving mist and over big ice formations until he was opposite Goat Island. A narrow strip of ice ran from this point in front of the Horseshoe Falls to what was once Table Rock, just below the Birdle staircase.

Sergeant, to the surprise and consternation of the crowd of spectators, crawled along the slender throat of ice, which seemed every moment about to go out. Large pieces of ice broke away from it almost every moment, but this did not deter the intrepid fellow. He crossed, and when he found the ice swinging out, began a hurried return.

Two hours afterward there was not a bit of ice left in the river where this ice bridge had been. It had all passed down, was sucked under the large ice bridge and went down the river.

When Baby was sick, we gave her Castoria.  
When she was a Child, she cried for Castoria.  
When she became Miss, she clung to Castoria.  
When she had Children, she gave them Castoria.

**"THE WILD IRISHMAN."**

The Charlotte News says: The "Wild Irishman". This is to be the name of a fast train very soon to be put on the Seaboard road. The train will run from Jersey City to New Orleans and will be a hummer on wheels. This train from the palot to the rear flagstaff is to be painted emerald green and on the sides of the cars the Shamrock is to be one of the adornments. The conductors in charge of these trains will be dressed in green and attached to the lapel of their coats will be the Irish emblem.

Arrangements have almost been perfected whereby this train will soon be running on this road.

There will of course be a change in the present schedule on the Georgia, Carolina and Northern, Trains No. 38 and 41 it is said will be discontinued as the "Wild Irishman" will catch all of the northern travel, therefore, it will be useless for these trains to continue on their old schedule.

From Athens to Atlanta the Seaboard will run a "Shoo Fly" train to accommodate the immense travel going and coming from these points. The "Wild Irishman" is to be built after the pattern of the Washington and Southwestern vestibule limited now run over the Richmond and Danville. There is to be a dining car, a smoking car and the usual number of sleepers. All of the modern conveniences known to the railroad world will be brought into requisition and, taken all in all, the "Wild Irishman" bids fair to be a winner from the start.

Mrs. Sarah Howard, of Houlton, Me., has a pair of muskrats for pets. They came up through the drain into the cellar and soon became so tame that they invaded the kitchen and made themselves entirely at home, eating out of the cat's saucer. The old cat pays no attention to the rats, but the

kittens sometimes cuff them. The strange visitors tore up a broom, and with the straw made for themselves a nest under the cupboard. When eating milk they dip their paws into the saucer and then lick the milk from the fur. It takes them half an hour to eat a small saucer of milk.

**Rev. William Hollinshed**

Of Sparta, N. J., voluntarily says: "To Whom It May Concern: "Unasked I deem it my duty to a suffering humanity whose bodies and souls I would have healthy, to tell them of the value of Hood's Sarsaparilla. While living in Ohio one of my children was greatly

**Afflicted With Boils**  
having 30 on her limbs, and being unable to walk. I had heard of Hood's Sarsaparilla, and bought a bottle, half of which cured entirely. Two years after, another child was afflicted as badly. I used the other half bottle of Hood's Sarsaparilla with like results. About four years after, the child first afflicted was again tormented like Job, and I bought a bottle (on Sunday at that) and again a cure. I gave some of the medicine to a poor woman and two children; they were helped as were mine. Through a testimonial sent to C. I. Hood & Co., inquiries came from all the country, asking if it was a "bona fide" testimonial, and of course I wrote all that it was, and have the knowledge of

**Scores and Scores**  
Of persons helped or cured by Hood's Sarsaparilla. Mild cases of rheumatism have yielded to it. Biliousness and bad liver have been corrected in my own family. This is the only patent medicine I have felt like praising. I speak not for C. I. Hood, but for the Jobs who are impatient and are tormented beyond endurance. Nothing I know of will cleanse the blood, stimulate the liver, or clean the stomach so perfectly as  
**Hood's Sarsaparilla**  
Any person wishing to know more, enclosing a stamp will be informed. Yours for the health, happiness and virtue of humanity."  
WILLIAM HOLLINSHED, pastor of Presbyterian church, Sparta, N. J.  
Hood's Pills cure habitual constipation.

WOODWORTH CITY lies about 30 miles north of Chattanooga, within a few miles of Alabama, the county seat of Grundy county, and between Tracey City and the celebrated Beechbluffs Springs, the Saratoga of the South. It is in the centre of the rapidly developing coal and iron district of Tennessee, and within its borders are found coal, iron, zinc, marble and asbestos, with various hard woods, such as oak, chestnut, maple, beech, locust, hickory, ash, pine, cherry and black walnut in abundance. The village of Woodworth contains several hundred inhabitants, a post office and telegraph station, and a number of manufacturing industries, all of which are located on the property and form part of Woodworth City.

The proceeds of the sale of these lots will be used to develop the mineral resources of the property and build up a large and thriving city. Quick application for these lots should be made, as the right is reserved to advance the price without notice.

For further particulars apply to
