RALEIGH CITY CIRCULATION.

RALEIGH, JAN. 20, 1893.

OUR SUFFERING PEOPLE.

Noble Response to the Call for Help.

Yesterday morning Mayor Badger issued a call for a meeting of citizens at Metropolitan hall yesterday afternoon to consider the wants of our suffering poor.

A committee of distribution of the funds was appointed of which Mr. Jno. T. Pullen is treasurer.

They have been subdivided as follows:

First ward—A A Thompson, F H Busbee, W N Mueller, M A Parker, J B Hunley, W W Parish, T S Stevenson, J J Hall, R C Radford, Dr M M Marshall, Frank Stronach, C G Latta, C G Stone, N J Weir.

Second ward—Josephus Daniels, Dr H M Tupper, M H Brown, E V Denton, L C Bagwell.

Third ward—J E Pogue, William Grimes, J M Broughton, Hal W Ayer, R B Raney, Jno W Thompson, E B Barbee.

Fourth ward—Jos G Brown, N W West, J A Mills, J N Holding, H E Litchford, Geo H Snow, Jas Boylan, David Rosenthal, T R Jones.

Fifth ward—G E Leach, J I Johnson, J C S Lumsden, J P Wyatt, T W Blake, J D Briggs, R S Tucker, S W Whiting, A M McPheeters, C E Johnson, John W Smith, Ed H Lee, J N Cole, F A Olds, J R Ferrell.

Outside east—W C Stronach, Rev A B Hunter, R S Dunn, Ivin Proctor, E R Pace, S F Mordecai, F H Briggs, Outside west—W E Ashley, F B Daney, N C Cobb, Jas Dinwiddie, T P Devereux, C H Belvin, W F Massey, Rev Bennet Smedes.

Two important meetings of the distribution committee were held yesterday afternoon and last night.

The following purchasing committee was appointed: N B Broughton, John T Pullen and W H Patterson. They secured the house at the corner of Morgan and Blount streets where the provisions will be distributed.

"I Can't Eat." Is often heard. People who have taken Hood's Sarsaparilla highly recommend it for loss of appetite, indigestion, sick headache, and similar troubles.

Constipation, and all troubles with the digestive organs and the liver are cured by Hood's Pills. Price 25c. per box.

At the afternoon session of this body yesterday the first order of business was the presentation of a paper by Prof Holmes, State Geologist on the public roads of the State.

First congressional district, E W Wharton, F F Cahoon; (2) S B Hollowell, F W Barnes; (3) W J Green, J A Bryan; (4) F H Busbee, T L Chrisoholm; (5) T M Holt, George Williamson; (6) James T LeGrand, J F Patterson; (7) T W Patton, Ben Posey.

Several resolutions were offered and referred to the committee. At the session last night, Capt W E Ardry reported the following resolutions:

Resolved, first, That it is the sense of this congress that the public roads should be constructed and kept up by taxation upon all the subjects of taxation within the respective counties, partly by requiring labor from those subject to road duty, partly by the use of convict labor as hereafter declared.

Second, that it is the sense of this congress that the labor of said convicts as are not required by law to be imprisoned in the state penitentiary should be employed in the construction and improvement of the public roads. That in the counties in which convicts are numerous enough to be economically employed, we suggest that the convicts including those convicted of misdemeanor and sentenced to work out fines and costs, be turned over to and worked by the counties; in others we advise that the convicts be sent to the penitentiary and worked in detachments under the management of that institution or of the counties being employed in those counties to be designated in some manner to be provided by law in which the whole of the expenses shall be borne by such counties or so much thereof as the Legislature may determine.

Third That labor of delinquent able bodied male taxpayers, convicted of the non payment of taxes, be utilized upon public roads in such manner as the Legislature may provide.

Fourth. That there should be such legislation as to require the boards of county commissioners in every county to employ a competent engineer an expert in road building, to supervise and direct the work of road improvement upon all the public roads in the counties; that every county should own improved machinery for road making. If desired, several counties may unite in the employment of a civil engineer.

The first, second and fourth resolutions were adopted, but the third resolution was stricken out.

After some other important business body adjourned sine die.

"THE WORLD'S" GREATEST YEAR.

New York World, Jan 1. The year just closed was the most prosperous in the history of The World.

Words can add little to the impressiveness of the figures which tell this story. The total circulation for the year was 189,263,665.

The increase over the total circulation in 1891 was 23,824,860, an average gain of 64,958 per day.

This gain alone in the average circulation per day during the year exceeds the circulation per day of a majority of the newspapers in New York.

The average circulation per day of The World for the year was 380,499—a figure unapproached by any other newspaper printed in the English language.

The increase in advertising kept pace with the gain in circulation. The total number of advertisements printed during the year was 890,975, an increase of 107,869. The increase in the number of columns of advertisements was 2,697.

For these extraordinary marks of appreciation The World returns its sincere thanks to the people, who have made it what it is and to whose service it is dedicated. It wishes its multitude of readers, one and all, a happy New Year, and will do what it can to make such a year.

Some journalist having started the report that a Brookfield, Mo., girl kneads bread with her gloves, an esteemed cross roads' contemporary rises to remark: "So do we. We also need it with our shoes on, with our pants on, and with all our clothes on. We need it doggedly bad, but if our delinquents would pay up we could buy enough bread to run a baker's shop."

Mr. Warren D. Wentz of Geneva, N. Y.

Tells of His Fearful Sufferings After Gastric Fever and His Cure by Hood's Sarsaparilla

All who know Mr. W. D. Wentz give him the best of recommendations for honesty and integrity. For many years he has worked for Mr. D. P. Wilson, the harness maker and member of the Geneva Board of Health. He says:

"I was taken sick last October with gastric fever and my chance for recovery was considered almost hopeless. After 7 weeks the fever slowly left me, but I could not eat the simplest food without terrible distress. It seemed that I had recovered from the fever to

Die of Starvation

I took pepsin compounds, bismuth, charcoal, cod liver oil and malt until my physician confessed that his skill was about exhausted and he did not know what else to try. Everything I took seemed like passing melted lead into my stomach. I happened to think I had part of a bottle of Hood's Sarsaparilla that had been in the house for two or three years, that I found had benefited me previously for dyspepsia. I began taking it and soon began to feel better. I have now taken a little over two bottles and can truthfully say I feel well again and can eat anything without distressing me, even to

Pie and Cheese

which I have been unable to touch for years. The English language does not contain words enough to permit me to express the praise I would like to give to Hood's Sarsaparilla." W. D. WENTZ, 124 Castle St., Geneva, N. Y.

A Good Voucher

"I have known Mr. Warren D. Wentz for many years and can vouch for him as a man of veracity and one well known about here. I have sold him several bottles of

Hood's Sarsaparilla

during the past few months." M. H. PARKER, DRUGGIST, Geneva, N. Y.
