

The Daily Evening Visitor.

VOL. XXVIII.

RALEIGH, WEDNESDAY, FEBRUARY 15, 1893.

NO. 96

CITY IN BRIEF.

Ash Wednesday.
Lent commenced today.
Begins to feel like gardening.
Judge Howard, of Tarboro, is in the city.
Today is Ash Wednesday the beginning of the lenten season.
Miss Truetta, Kreth has gone to Mississippi on a visit to friends.
Cotton is in a very weak condition today being quoted at 9 cents.
The proposed bill to establish a State Infirmary appropriates \$10,000.
After the grip, when you are weak and "played out," Hood's Sarsaparilla will restore your health and strength.
Mrs. Ellen Moore Leach, wife of Senator Leach, will spend a few days in the city as the guest of her brothers at the Moore homestead.
The joint committee on appropriation for Confederate monument, will meet in Secretary of State's office, Thursday afternoon at 4 o'clock.
Let all the ladies attend the meeting of the joint committee on the Confederate monument tomorrow evening at 4 o'clock in the office of the Secretary of State.
The funeral services of the late Dr. P. T. Henry, which took place yesterday from Christ church, was largely attended by relatives and friends. The remains were interred in Oak wood cemetery.
Will not this legislature prove to the noble and patriotic women of the state that North Carolina appreciates in her heart of hearts the sacrifices and sufferings of their gallant and uncomplaining fathers, husbands and sons in the Confederate army by providing a lasting monument in one of the beautiful squares of her capital city to their memory?
The vexed question of the public printing has been settled, one half being awarded to E. M. Uzzle and the other to Edwards & Broughton. The rate agreed upon is 15 per cent less than the prices heretofore charged. The matter will have to be submitted to a Democratic caucus for final action.
The Gladiator.
Never within our knowledge has Metropolitan Hall been so densely packed, as last night, to witness the performance of Robert Downing in the splendid role of the "Gladiator." Long before the doors were opened nearly every seat on the lower floor was taken, and when the ticket office opened there was a perfect rush for the galleries. The performance was excellent in each and every particular and drew forth the most enthusiastic approbation Mr. Downing's support was fine, the character of Neodamia, especially being sustained in a splendid manner by Miss Eugene Blair, while Misses Mary Lindley and Florence Erwin came fully up to the highest expectation. Of course the audience, which was mainly composed of our most appreciate citizens were highly delighted. We are pleased to hear that Mr. Downing is having a perfect ovation wherever he goes and he richly deserves it.
Wrecked.
The Durham Sun of yesterday afternoon says:
The freight train, which passed here this morning sometime between three and four o'clock, was wrecked in the deep cut just this side of Hillsboro. Four cars were thrown from the track and knocked into kindling wood, but fortunately no one was hurt. It is thought that the accident was caused by a bad place in the track of the R. & D. road.
Passengers who came in on the belated noon train say the scene of the wreck would lead one to believe it was quite a smash up, judging from the cotton seed, boxes and other things that are scattered around in a promiscuous manner.

I. O. O. F.

Attention members of Seaton Gales Lodge, No. 64.
Meeting tomorrow night at seven and a half o'clock, sharp. You are earnestly requested to be on hand as business of great importance demands your presence. Every Odd Fellow invited.
THIEM, Sec.
Extension of the City Limits.
The legislature refused to pass the bill providing for an extension of the corporate limits of the city but without objection from any source did pass a substituted bill giving the city jurisdiction over Pullen park and the cemeteries, the right to regulate the speed of trains within the corporate limits and also the right to prevent street begging.
A Grand Charity.
It is with extreme satisfaction that we note the fact of the success of the scheme to raise a fund of \$2,500 to endow a child's cot in St. John's hospital as a memorial of the late Bishop Atkinson. The matter was taken in charge some years ago by the Messengers of Hope and has been brought to a close. It is a grand and noble undertaking.
The Reform School.
The Visitor has been the most ardent and persistent advocate of a reform school, and it is a pleasure to note that the scheme is in a fair way for consummation. In connection with the movement a hearing will be had in the office of the Superintendent of Public Instruction at the capitol at 3:30 o'clock tomorrow afternoon. The joint committee will be addressed by Capt. Denson in behalf of the bill presented by Senator Olive. Other friends of the movement will also be present and deliver addresses.
The Public Health.
The Senate was engaged mostly today in the discussion, by Senators, of the bill in relation to the public health. This is, in our opinion, one of the most important measures for the protection of the people that will come before the present general assembly, and it is hoped it will pass both branches of the legislature. It is reasonably certain that during the present year we may expect a visitation from cholera or other diseases, and it surely is the better part of wisdom for our lawmakers to provide against it in all manner possible.
Separate Cars.
The following is a brief summary of the bill now before the legislature requiring railroads to furnish separate cars for whites and blacks: Equal accommodations in separate cars or compartments of cars for white and colored passengers; this not to apply to sleeping cars; conductors to assign passengers to their respective cars; any passenger remaining in a car, etc., other than that to which he has been assigned to be guilty of a misdemeanor; conductors, etc., clothed with power to eject; unlawful for both races to occupy same car; all seats and cars to be comfortable.
A Night With the Spirits.
To the lovers of the marvelous a great treat is in store at Metropolitan Hall Friday night Feb. 17, when Dr. Joseph Eddy, the celebrated spirit medium, will give one of his seances that has made him famous throughout the English speaking world, not in darkness, but in open light. Mr. Eddy will give the same manifestations which for many years have attracted the attention of scientists and simpletons alike.
Dr. Eddy's open seance was presented by him before the leading scientific societies of England, Australia, Germany and France. A table rises and floats in the air, flowers are brought to the audience by invisible hands; slate writing. Questions written and retained by the interrogators will receive full and intelligent answers. A small admission fee will be charged.

Postponed.

Owing to the exercises at the Institution for the Deaf and Dumb and the Blind tonight the meeting of the joint committee on education will take place tomorrow night at 8 o'clock in the Hall of the House of Representatives. Addresses will be delivered by President Winston, Superintendent Scarborough, Dr. R. H. Lewis and Wm. Simpson. The public are invited.
An Awful Wall.
When the great closing out sale is over what an awful wall will go up from those who did not take advantage of it. Those who do not buy now will then see what they have missed. Now, why will you be one of these mourners? Why not come now and take advantage of this great sale and save yourself money.
