**Not Him.**

The Charlotte News says: News came from Utah last night that Lieutenant Vance, of the regular army, had fired a bullet into his brain as a result of his recent court-martial and dismissal from the service. This is not the son of Senator Vance, of North Carolina, who is also a lieutenant, the unfortunate man being from Arkansas and not of the well-known North Carolina family.

**Chamber of Commerce.**

There was a meeting of the Chamber of Commerce last night. Mr. C. G. Latta acted as chairman and Mr. G. E. Leach secretary.

The following resolutions were offered by Capt. C. B. Denson.

Resolved, That the Raleigh Chamber of Commerce and Industry approves of the proposition for the establishment of State Reform School for juvenile criminals.

2d. That the President appoint a committee of seven members to memorialize the General Assembly in favor of the creation of said institution, and ask that it be located at Raleigh.

Upon the adoption of this resolution Capt. Denson submitted a few well timed remarks.

The committee under the resolution will be appointed after consultation with the permanent President.

On motion the Chamber adjourned till Thursday night at 8 o'clock.

**"What Moves the World?"**

In one of the chivalrous expeditions of the noted Don Quixote he came in sight of a mammoth wind-mill. Not having seen such a thing before he immediately stopped his steed and calling his faithful Sancho to his side, began to make inquiries as to what it was with its terrible fans spread out and spinning around at such a fearful rate. After spending nearly a day in the discussion, the Don came to the conclusion that it was the castle of some Knight, who had heard of his coming, and was bidding him defiance. Hastily adjusting his armor, he immediately charged down upon the castle for the purpose of liberating the Princess supposed to be confined therein. After a short but stubborn fight the Don and his horse were soon rolling in the dust. The power that moved the fans of that mill has remained a mystery to the gallant Knight to this day. While that may not be a mystery to those of the present century, the question as to "What Moves the World," is an absorbing one, so on next Thursday evening at 8 o'clock, Dr. J. J. Hall, at the request of the ladies' of the Tabernacle church, will deliver a lecture on the question, and we are informed by those who have heard him, that it will repay any one to spend 25 cents and hear him on that evening. Tickets can be had at Alfred Williams & Co., or the church.
