The Present Season is Certain ly a Remarkable One.

A GREAT PHYSICIAN'S WORDS

".io One is Safe From the Evil Effects of These Constant Changes," He Says-Why the Death Rate is so Heavy-People Should Exercise Great Care-Some Sound Advice.

This is a very trying season of the ear No one doubts it, every one dmits it. every one feels it:

People are continually telling us that they feel "out of sorts," or under the weather and sickness is more common now than at any other time. No one is safe from the evil effect of the unhealthy changes of the temperature that are constantly taking

Now, listen to what we are about to say, and you may find it useful in

many ways. One of the greatest physicians in America tells us there is but one way to act in order to escape many dangerous diseases that are always at hand ready to leap upon us like tigers, whenever a break is made in the system. This is what he says:

"To preserve the health and strength see that the liver and kid-

neys act properly at all times. If their action is checked through indi gestion, over work, worry or expo-sure you will find a person in this condition groaning with pain. There is a sickness at the stomach, the tongue is coated, the eyes are influed with a constant headache, for iness after eating, an inability to work Do you see what this fact so nifies? It means that nobody need in a bad state of health if only the

rking order." That is good advice," you say, it how shall it be done?" The answ-r to this important question is given by some well-known pe ple whose words are beyond question. They speak from experience in the

following words: Dr. A. C. Clark, a well-known New York physician says: "I have never known a case of debility, or any of the troubles which which arise dure ing this season, which has not been promptly and permanently cured by the use of Warner's Safe Cure and Warner's Safe Pills Its power at this time of the year is wonderful. I have seen women run down by care and over-work and whose vitality was exhausted, and even puny children restored to health through its

Equally important and interesting is the following remarkable statement made by Mrs. R. F. McMurry, of St. Paul's avenue, Staten Island:
"My mother, Mrs S. A. Vanderbilt,
and myself," she says. "owe our
health, and I almost feel our lives, to Warner's Safe Cure. I speak from a long experience. Recently I had a most severe attack of influenza aris ing from a cold, and the Safe Cure made me feel like a new person. Other members of our family, and also many friends and acquaintances have received equal benefit, and all highly recommend it."
Mr. Jesse Larrabea th

lesse Larrabee, the well-known counselor at-law, whose office is at No. 55 Liberty street, New York, says: "I have used Warner's Safe Cure personally, and with the best rossible results. I have recommended its use to very many friends and acquaintances during the past ten years, and it has invariably proved eminently satisfactory. It cured my brother of Bright's Disease, and has always been a cure for kidney troubles and in all cases that I have known, and where I have recommended it."

George Alfred Townsend, the famous newspaper correspondent, re-cently said: "I suffered greatly from liver complaint, which was indicated by such symptoms as back-ache, bad fluids, tired feelings, nervous exhaus tion, irregular appetite, 'thick head,' and am today as sound as a nut. 1 owe it to the use of Warner's Safe Cure I regard it as a Godsend to this country, where Bright's Disease and all other kidney disorders are 50 prevalent."

Avoid the coming of the disease while you may. Now is the time, and the way is clear.

SATISFACTION Is guaranteed to every consumer of HOOD'S Sarsaparilla. One hundred doses in every bottle. No other does this.

The health of the city is reported good for the season
