LEADING CITY CIRCULATION.

RALEIGH, MARCH 10, 1893.

TELEGRAPHIC BRIEVITIES.

Last night about 9 o'clock five prisoners, negroes, escaped from the jail at Greenville, Pitt county, with a file.

Advices from East Africa state that the German troops have won an important victory over the hostile natives at Unlangwira.

Major B. W. Woodruff died last night at Chicago. He was a native of Tennessee, and widely known as a racing official.

President Cleveland this morning sent to the Senate a message withdrawing the Hawaiian treaty, which has been pending in the Senate.

Judging from the number of applicants for the four Assistant Postmaster Generalships, there will be a hot fight for each of these positions.

The one great feature of interest in political circles yesterday is a visit of Senator David B. Hill to his greatest political rival, President Cleveland.

The U. S. Senate has resolved to adjourn from yesterday to Monday. Meanwhile there is a controversy in progress as to the propriety of receiving bills at this special session.

Secretary Carlisle yesterday morning authorized the announcement that he would exercise all the power and discretion vested in him to uphold the credit of the government and to maintain the parity of gold and silver.

The Treasury yesterday received gold at several points. In New York the gain made in gold was \$100,000, while at New Orleans it received \$30,000 in gold in exchange for a like amount in silver certificates.

The final ballot of the Washington legislature the one hundredth, was taken in joint session of the legislature yesterday for United States Senator. It resulted as follows: Allen, 50; Turner, 34; Griggs, 8; Shaw 15; scattering, 14. The joint session then dissolved. It is expected Allen will be appointed by the governor.

The American dignitaries of the Catholic church act very much like the politicians, of late.

The man who can write the most words on a postal card find is again at large. Johnny, get your gun!

Once more Cuba is being liberated in speeches made from the heads of beer kegs. Poor Cuba!

If the sun does not let up on Hoke somebody will charge Mr. Dana with having hankered after the interior portfolio himself.

If Your House is on Fire

You put water on the burning timbers, not on the smoke. And if you have catarrh you should attack the disease in the blood, not in your nose. Remove the impure cause, and the local effect subsides. To do this, take Hood's Sarsaparilla, the great blood purifier, which permanently cures catarrh.

Hood's Pills cure liver ills, biliousness, jaundice, sick headache, constipation, 25c.

The fellow who hasn't the money to travel has the satisfaction of knowing that not he will be killed in a rail way accident.

The crop of pneumonia from the seed planted in Washington, on inauguration day promises to be very large.

A steward on an ocean steamer has been arrested for robbing passengers. Pullman porters should accept this as timely warning.

Unless all present signs shall fall silver is going to figure largely in the financial fight that is going to be made in the fifty-second congress.

Every patriotic citizen believes in "honest money", but it seems to be almighty difficult to reach anything like a unanimous agreement as to what constitutes "honest money."

Prof. Dolbear says there is nothing in the nature of things to prevent our planets. True, professor but how about understanding the signals after they are made?

Mr. Cleveland has always been credited with having the sand to say just what he thinks about public questions. Why then did he say nothing about Hawaii, in his inaugural address? Has no opinion on the subject?

The editor who widely advertises fact that his paper will print no silly stories about baby Ruth ought to acquire a large circulation; but, owing to the extraordinary growth of snobbery in this country, it would be a great risk to give him a guarantee to that effect.

Well, now that we have inaugurated a new President and given his administration a start in its race for the great popularity stakes, we can all devote a few things to the World's Fair and the baseball season, both of which will soon be open.

A correspondent of the Weldon News, writing of the death of Miss Martha Butts, which occurred near Enfield recently, makes the following statement about the deceased, which, if true, is, to say the least, remarkable: "She was 97 years old. Had never in her life seen a railroad or train, never struck a match, never drank a cup of coffee, never used tobacco in any shape, never tasted any whiskey, never taken any kind of medicine, with the exception of one dose given by the late Dr. Matt Whitaker about twenty years ago, and she had not eaten any supper in forty years."

WASHINGTON JOTTINGS.

President Cleveland shook hands with nearly a thousand persons yesterday.

Pupils of an Alabama female college yesterday presented the President with a silk banner.

Ex Postmaster General Wanamaker called yesterday, paid his respects to the President and bade him an official good-bye.

All the Democrats of the Pennsylvania delegation in Congress, except Beltzhoover, Sibley and Keilly, yesterday called on the President.

Mr. and Mrs. Francis P. Freeman, of Lakewood, N. J., died Monday night at the White House with the President and Mrs. Cleveland, the only other guests being Mrs. Perrine, Mrs. Cleveland's mother, and her husband.

A PREACHER THIEF.

LITTLE ROCK, AAK., March 7.—Rev. S. H. Buchanan, ex treasurer of the Board of Trustees of the State Insane Asylum, has made a confession to the committee appointed by the Governor to investigate the charges of embezzlement preferred him.

Rev. Mr. Buchanan states that his stealing was actuated by a desire to purchase St. John's College, a Masonic institution at Little Rock. He said the college property was worth about \$80,000, and it was offered to him for \$30,000. He intended to transfer it to a syndicate and thereby clear over \$50,000.

In his efforts to secure the amount necessary to purchase the college he has, during the past few years, taken from the treasury of the asylum the sum of \$120,000. Besides this he had borrowed various amounts of money from parties all over the State. He is unable to say what became of the money.

A woman writer truly says that men only abuse new fashions before they are adopted by the women; afterwards they adore them, as they do the women.

There's much talk about President Cleveland's fool friends. Wonder if anybody remembers a President who was not troubled with a similar brood.

Why is HOOD'S Sarsaparilla

Such a great success, and why is it impossible for other Sarsaparillas and blood purifiers to compete with this great medicine? **Because**

No Other Sarsaparilla or blood purifier gives as much medicine for the money as Hood's Sarsaparilla.

No Other Sarsaparilla has the careful personal supervision of the proprietor in all the details of its preparation, as has Hood's Sarsaparilla.

No Other Sarsaparilla has the merit to secure the confidence of entire communities and hold it year in and year out, as has Hood's Sarsaparilla.

No Other Sarsaparilla can produce from actual cures such wonderful statements of relief given to human suffering as Hood's Sarsaparilla.

No Other Sarsaparilla possesses the Combination, Proportion and Process Peculiar to Hood's Sarsaparilla, and which makes Hood's Sarsaparilla in curative effect Peculiar to Itself.

No Other Sarsaparilla combines economy and strength as does Hood's Sarsaparilla. It is the only preparation of which can truly be said, 100 Doses \$1.

No Other Sarsaparilla has effected such remarkable cures as Hood's Sarsaparilla, of Scrofula, Salt Rheum, blood poisoning and all other blood diseases.

No Other Sarsaparilla has equalled Hood's Sarsaparilla in the relief it gives in the severest cases of Dyspepsia, Indigestion, Sick Headache, Biliousness, Heartburn, and other stomach disorders.

No Other Sarsaparilla overcomes That Tired Feeling, Restores the Appetite, and "Makes the Weak Strong," like

Hood's Sarsaparilla

N. B. If you decide to take Hood's do not be induced to take any other.

Hood's Pills cure Biliousness

WOODWORTH CITY lies about 30 miles north of Chattanooga, within a few miles of Alton, the county seat of Grundy county, and between Tracy City and the celebrated Beersheba Springs, the Saratoga of the South. It is in the centre of the rapidly developing coal and iron district of Tennessee, and within its borders are found coal, iron, zinc, marble and asbestos, with various hard woods, such as oak, chestnut, maple, beech, locust, hickory, ash, pine, cherry and black walnut in abundance. The village of Gruettli, with several hundred inhabitants, contains Churches, Schools, Stores, Post-office and telegraph station, and a number of manufacturing industries, all of which are located on the property and form part of Woodworth City.

The proceeds of the sale of these lots will be used to develop the mineral resources of the property and build up a large and thriving city. Quick application for these lots should be made, as the right is reserved to advance the price without notice.
