ODD FELLOW'S COLUMN.

Ruth Lodge, No. 4, Degree of Rebakah, holds an open session next Friday evening to which all Odd Fellows and their families will be made welcome Several short speeches will be made by brethren and among chem Past Grand Sire Busbee.

There was some talk of the Grand Master changing the meeting of the Grand Lodge from Winston to some other place, but we can state author itatively that no change will be made

We sincerely hope that at the coming session of the Grand Lodge some means may be devised by which a report from the Superintendent of the Orrhan Home can be sent to the lodges monthly. It would not only he a means of giving much desire information, but it would stimulate and educate the membership on this very important line of benevolent work.

Of what benefit are you to the order when you never attend a meeting, visit the sick or give any heed to its teachings or its work? Do you think that paying your dues and irawing out in sick benefits twice the amount you pay in, is benefitting the Order ?

•*• Have you ever attended a meeting of a lodge or encampment when it

seemed that everything was going wro g? When some brother, either des gaedly or carelessly would say or do sumething that would arouse the animisity of some others. and in quir a short time faces would flush. nerves quiver and men appear morlike demons for the moment than like brethren of a friendly Order? Pave you ever attended the same or some other lodge or encampment when there seemed to be harmony and good feeling running through ev-rything that was said or done? When some brother would arise and by speaking of his feelings of brother ly love he would thus strike a match

among combustible material, and soon everybody present was ready to shake ibe hand and smile with beamof brotherly affection upon his breth ren, forgive and forget all that was past and live in the bonds of peace forever? Which of these meetings would you prefer to attend? Which is most in line with the teachings of our fraternity? While we cannot at all times perhaps, have the latter

and the result was instructive. Some of them became clerks, merchants, manufacturers, lawyers, doctors. It

is remarkable that every one of those that drank is dead; not one of my age living Barring a few that were akee off by sickness, every ne who proved a wreck and rained his family did it through drink and no other cause -- Chauncy M Deper

Hood's Sarsaparilla

All who know Mr. W. D. Wentz rive him the best of recommendations for honesty and integrity. For many years he has worked for Mr. D. P. Wilson, the harness maker and member of the Geneva Board of Health. He says :

"I was taken sick last October with gastric fever and my chance for recovery was considered almost hopeless. After 7 weeks the fever slowly left me, but I could not eat the simplest food without terrible distress. It seemed that I had recovered from the fever to

Everything I took seemed like pear-ing melted lend into my stomach. I hap-pened to think I had part of a bottle of Hood's Sarsaparilla that had been in the house for two or three years, that I found had benefited me previously for dyspepsia. I began taking it and soon began to feel better. I have now taken a little over two bottles and can truth-fully say I feel well again and can eat any-thing without distressing me, even to
