NO. 121

## CITY IN BRIEF.

Gardening has now commenced in this city.

See advertisement in this issue of \$500 wanted.

The truck fields of this vicinity is doing well this fine weather.

Eggs are becoming more plentiful and are selling at a reasonable price, 12 1/2 cents per dozen.

Mrs. Sullivan, wife of Dr. H. L. Sullivan of Germantown, committed suicide on Tuesday last by taking strychnine.

West of Cleveland Ohio, yesterday it was snowing. The cool weather was felt here this morning from its effects. The signal service predicted cooler weather today and it came.

The directors of the penitentiary board yesterday at their meeting elected Mr. F. S. Spruill chairman of the board. The board was in session today and have probably elected other officers.

There will be a called meeting of Raleigh Council 551 R. A. at 8 o'clock Monday night, March 20th, for conferring degrees. Officers are expected to be present. Members earnestly requested to attend.

At the request of numerous Sunday school teachers, Mrs. Eller will give an exposition of the Sunday School lesson for next Sunday, at the Y. M. C. A. parlors to night at 8 o'clock for Sunday school teachers and all others who may wish to attend.

Two gentlemen met yesterday, shook hands, and in a conversation with each other in regard to drinking whiskey, one said he was 48 years old and had never touched a drop of whiskey or took a chew of tobacco in his life. The other said he was 55 years old and had not touched either.

The Goldsboro Argus says: The funeral of the late Mrs. Wm. Cobb Whitfield was held from St. Stephen's Episcopal church on Sunday morning, and the edifice was not able to accommodate the large concourse of our citizens that gathered to pay the last sad tribute to one who though but so recently come among us had won all hearts. The floral tributes were many and beautiful, and the interment was made in Willow Dale cemetery. All the little orphans of the Home, of which she was the matron, carried sprigs of evergreen in their hands, and before the "narrow house" closed forever on her who had been so gentle a mother to them, they filed by and each one threw into the grave, upon her coffin, their sprig weeping bitterly. No eye looked on that was not filled with tears, and strong men broke down and wept like children. The funeral was attended by the members of Nause lodge, I. O. O. F. of the city in a body, but without regalia and Messrs. Jacob and Bellamy, of Wilmington, officers of the State Grand Lodge, were in attendance.

## Butterfly Tea.

The Isabella Circle of King's Daughters are busy today in working up a transformation of the building on Fayetteville street, formerly occupied by McKimmon, Mosely & McGee. They will begin a beautifully novel entertainment tomorrow evening to be known as a "Butterfly Tea." This is something new and delightfully nice. The pretty secrets of which can only be known by attending. The tea is given with a view to raising funds for the purpose of paying the expenses of an invalid now in the hospital here, to a northern hospital. He who misses this pleasure will not be wise.

When you speak or even think of spring medicine, how quickly Hood's Sarsaparilla comes into your mind. Take it now.

The Monitor oil stove is a great success. For sale by W. H. Hughes.

## Fire.

About 2:30 o'clock this afternoon an alarm of fire was turned in from box 26 corner Hargett and S. Main streets. The fire was in the house owned by Messrs. Julius Lewis & Co. and occupied by a Mr. Barrett. The house was not damaged very much owing to the promptness of the fire companies. They were on time and did good work, which they always do.

Almost before the first alarm had ceased sounding another one was sent in from box 34, in the southwestern portion of the city. A house occupied by a colored man was damaged very slight.

This is something that never happened in Raleigh before—two fires at one time—and it shows that Raleigh is "humping" herself.

## The Otterburn Lithia Water as a Beautifier.

LET THE LADIES TRY IT AND BE CONVINCED HOW DOES IT DO IT? Arsenic is taken in small quantities for the complexion, and this water has arsenic enough to be beneficial, but not enough to be hurtful. Fowler's Solution must be stopped very soon, or the face and body will become swollen. Not so with this; you can drink it all your life and not be hurt. Again, the soda and potash expel the unwholesome gas from the swollen and painfully distended stomach of the dyspeptic; the lithia, arsenic, iron and iodine start the torpid liver, expel the bile which has overflowed the system and lent its saffron hue to the skin; the ugly pimples disappear, healthy blood tinges the complexion with roses, and the brown mine brings sweet sleep to the tired eyelids. Thus it brings a double blessing—it heals and it beautifies. If you think this is an exaggeration, ask those who have tried it, and above all, look at them and see the change in their complexion. Delivered to any part of the city at 20c a bottle, by J. Hal Bobbitt.
