RALEIGH, SATURDAY, MARCH 18, 1893.

NO. 123

CITY IN BRIEF.

Almost time to change schools for spring and summer tourists.

Lots of matrimonial alliances talked of to come off after Lent.

"Bob" Furman pursues the even terror of his way at the auditor's office just like he was used to it.

The rough weather has kept many persons from the city today, and the trade has not been as heavy as usual on Saturdays.

There will be a kind of a half holiday among the business men of Wilmington during the series of meetings by Evangelist Moody.

Mr. Caleb R. Osborne of Greenville, is to the city today. He is an applicant for the position of Deputy Collector in the counties of Greenville and Person.

The ladies of the Monumental Association desire to return thanks to Mr. Henry Litchford for his liberal contribution, also to Messrs. Morson & Denson's Academy.

The friends of Gen. W. R. Cox have the highest assurances that he will succeed in obtaining the appointment of Clerk to the United States Senate, a position for which he is most eminently qualified.

There will be a called meeting of Raleigh Council 551 R. A. at 8 o'clock Monday night, March 20th, for conferring degrees. Officers are expected to be present. Members earnestly requested to attend.

The newly elected commissioner of Labor Statistics, Mr. B. E. Lucy is having a nice suit of rooms fixed up for his department, in the Supreme Court building. He will occupy his new quarters by the first of the coming month.

Mr. Dave Rosenthal returned this morning from a business trip to New York and other northern cities where he has purchased one of the finest lines of everything pertaining to the clothing business ever brought to Raleigh.

Dr. Crowell, President of Trinity College, will commence a series of lectures on social questions. The opening lecture will be at the Greenville Female College. Dr. Crowell is a lecturer of marked distinction and the course will no doubt be well attended.

The editor is frequently accused of failing to comment on the coming and going of visitors. What is to blame? If you have visitors, if anything happens in your community, if any of your friends die, or if you get married let us know all about it—we'll print it sure.

It is much to be regretted that the Electric Street Car Company cannot find it to their interest to keep up the Hargett street line. It would seem that the population in that direction could well support a line if patronized to even a reasonable extent. Of course the management of the lines cannot expect to run the cars as a matter of mere courtesy, and it becomes our people to do all in their power to sustain them. Let us hope that when more genial weather sets in the travel will increase to such an extent as to render many improvements available.

Seaton Gales Lodge, I. O. O. F., will meet tomorrow afternoon at 2:15 o'clock to attend the funeral of the late W. I. Myatt which takes place at the Baptist Tabernacle at 8:30. Sister Lodges of the city are invited to attend.

THIEM, Rec. Sec.

St. John's Guild.

A meeting of St. John's Guild will be held in the choir room of the Church of the Good Shepherd on Monday evening to consider important matters pertaining to the hospital. A full meeting is earnestly desired.

Col. E. D. Hall, chief of police of Wilmington, has been appointed as special inspector of customs with territory ranging from Norfolk, Va. to Savannah, Ga. This is the office that was held by James H. Young, col.

The Otterburn Lithia Water as a Beautifier.

LET THE LADIES TRY IT AND BE CONVINCED—HOW DOES IT DO THIS?
Arsenic is taken in small quantities for the complexion, and this water has arsenic enough to be beneficial, but not enough to be hurtful. Fowler's Solution must be stopped very soon, or the face and body will become swollen. Not so with this; you can drink it all your life and not be hurt. Again, the soda and potash expel the unwholesome gas from the swollen and painfully distended stomach of the dyspeptic; the lithia, arsenic, iron and iodine start the torpid liver, expel the bile which has overflowed the system and lent its saffron hue to the skin; the ugly pimples disappear, healthy blood tinges the complexion with roses, and the bromine brings sweet sleep to the tired eyelids. Thus it brings a double blessing—it heals and it beautifies.

If you think this is an exaggeration, ask those who have tried it, and above all, look at them and see the change in their complexion. Delivered to any part of the city at 20c a bottle, by J. Hal Bobbitt.
