

The Morganton Asylum.
It is estimated that the appropriation made by the General Assembly will run the cost of the Deaf Asylum at Morganton fully up to \$100,000 for the buildings alone. So far, only the basement and first story walls have been built.

Preaching.
By appointment Elder P. D. Gold, of Wilson, N. C., and editor of Zion's Landmark, will, by appointment, preach in the Primitive church, this city, on next Monday night at 7:30 o'clock. The public are specially and cordially invited to attend and hear him.

Sale of Lots.
A partial sale of what is known as the Rex Hospital lots took place today. Lots were sold to the following parties: H. Poe, J. Whitaker, and A. Vinson, at about \$800 in the aggregate. The average was about \$90 each. Owing to the inclement weather the further sale of the property was postponed until next Monday week. We are informed by Mr. R. H. Battle that the sales were satisfactory.

Died.
In this city, this morning at 7:15 o'clock on West North street, L. T. Grissom, aged about 67 years. He was an old citizen of this city and had worked at the Raleigh & Gaston R. R. shops for about 25 years. He leaves a wife.

The funeral will take place tomorrow evening at Edenton Street church at 8:30. He will be buried by the masonic fraternity.

At his residence on South Person street, at 4:15 o'clock this morning after a long and wasting sickness, Mr. Wm. I. Myatt. He was a gentleman highly esteemed by all who knew him. He leaves a wife and two children to mourn their loss.

Agricultural and M. College.
A visit to this institution will amply repay all who wish to note the progress made in that location. It now presents the appearance of a small village with its new buildings for dormitories, &c. A new barn has just been completed, and the grounds have been tastefully arranged for the spring and summer. It is much to be regretted, however, that the general assembly withheld the appropriation necessary to purchase the adjoining property, which it was deemed by the board of directors necessary for the institution. There is no state institution of learning that has made more rapid progress, and none that has more facilities for fitting young men for the active pursuits of life.

Superior Court Clerks.
As a rule there are no officials to whom the people look for a stricter accountability than the clerks of our Superior Courts. Of course there are officials who have more manual labor and harder work, but in the matter of close confinement, the law is almost intolerant. It is especially incumbent on them to be in their offices on Mondays, because that is considered "probate day." In view of the fact that many of these officials desire to visit the World's Fair, the recent legislature passed an act granting them the privilege.

The following are the provisions of the law. The act provides that "the several and respective clerks of the Superior Courts of North Carolina are hereby authorized to be absent from their several and respective offices for thirty consecutive days during the year 1893 to enable them to attend the Columbian Exposition at Chicago; said thirty days may include the first Monday in a month, but shall not include a term of court."

In case any clerk sees fit to so absent himself he shall leave his office in charge of a competent deputy. The clerk shall enter upon the record of his office the day of his departure and the day of his return, and the deputy clerk in all certificates of probate and in all orders of registration shall recite in such certificate and order that the same is done by virtue of act of assembly of 1893, which certificate and recital shall in all cases be spread upon the registry wherein such deed or other instrument is recorded.

A REMARKABLE LETTER.

A Prominent Professional Man's Extraordinary Statement. His Outspoken Letter to the Press.

[N. Y. Sun]
To the Editor. Sir—As my name and face have appeared in your paper and the public prints, and as many of my professional brethren are wondering at it, I feel it only just that I should make an explanation. The statement published over my name was made ten years ago, after long and mature investigation, and I have never changed my mind as to the facts then stated. At that time I said, as a physician that I believed Warner's Safe Cure was the best of all known preparations for the troubles it was advocated to cure, and I say so still. I know it is considered the proper thing for the medical profession to decry proprietary and other

R. A. GUNN, M.D.
advised articles; but why should they do so? As the late Dr. J. G. Holland writing over his own name in Scribner's Monthly, said:

"It is a fact that many of the best proprietary medicines of the day are more successful than many physicians, and most of them were first discovered or used in actual medical practice; when, however, any person knowing their virtue and foreseeing their popularity secures and advertises them, in the opinion of the bigoted all-virtue went out of them."
Dr. Holland was an educated physician, an unprejudiced observer, and he spoke from a broad and unusual experience. Proprietary medicine should not be derided. The evidences of their value are overwhelming. I have seen patients recover from gravel, inflammation of the bladder and Bright's disease often using Warner's Safe Cure, even when all other treatment has failed.

I make this frank and outspoken statement in the interests of humanity and because I know it to be true. I trust for the same reason you will give it to the public. Respectfully,
R. A. GUNN
