CITY CIRCULATION

RALEIGH, MARCH 20, 1893

TELEGRAPHIC BREVITIES.

Mississippi has taken a decided stand against prize fighters trainers in that state.

Sheriff Burnett and deputy sheriff John Dait were shot and killed by desperadoes at Jellico, Tenn., Saturday morning. One of the desperadoes was also killed.

John F. Whitely, register clerk at the Taunton, Mass., postoffice, found a silver dollar of the mintage of '804. Yesterday he received a check for \$1,200 from a Boston dealer in exchange for the dollar.

Sam Massey, negro, assaulted Mrs. Elizabeth Smith, at Venus, Texas, some time ago. He was tried, convicted and sentenced to be hanged. He got a new trial and has again been found guilty. Mrs. Smith has since died.

Grover Cleveland paid out of his own pocket the entire expense of the special train bearing his family and his friends to the Federal capital on Friday. He did the same to the special train from Albany to Washington on March 2, 1885. He always pays his fare and that of his household on all railroad trips, and their bills at the hotels, as well as for the tickets to all entertainments which he or they may attend.

According to an old legend the baby's dimples mark the spot where angel's fingers touched the child in bearing it from heaven to earth, but unromantic doctors have a different explanation. They say that dimples probably result from defective development of a muscle. When the muscle is called into use the defective portion fails to respond, and a hollow is left, into which the flesh and skin of the cheek, for example, fall, thus the dimple is formed.

Score another victory for electricity! It may conquer even the hoop-skirt, which is worrying so many of the paragraph makers. Nashville's city electrician says it would be dangerous for ladies wearing crinoline to cross electric railways, because of the wires concealed in the garment. If the hoops should become charged with the elusive current, the Philadelphia Record says, "there would be a halcyon and vociferous time."

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

Proper Wifely Pride—Neighbor, (making a call)—"I often wish my husband took as much interest in what's going on as yours does. When I want to find out anything I have to hunt up the papers and it myself."

Mrs. Next door—"Yes Alfred's always well posted. I do believe he knows the politics of every man in this ward, and how much he's worth and where he came from, and all about him. You'll excuse me for about five minutes, Mrs. Walkabout, won't you? I've got to go out and split some kindling and bring in a few buckets of coal."

PECULIARITIES OF THE YEAR 1893.

A study of the calendar of 1893 will show that the present year will have some peculiarities. To begin with it commenced and closes on Sunday, and contains all or part of 53 weeks. Each of the seven days of the week has the honor of being the first day of at least one month. Three of the months begin on Wednesday, while Sunday, Thursday and Saturday are each the natal day for two months. There are three months—April, July and December—that cover part of six weeks each. Washington's birthday came on Wednesday, and Decoration Day and the glorious 4th of July fall on Tuesday. Thanksgiving Day will fall on Thursday, the 1st day of November, and will be the latest Thanksgiving celebrated in the last decade. In fact it can never be any later in the year. As this is the world's fair year, all the peculiarities are excusable.

WOULDN'T ABOLISH HANGING

In the Connecticut House a majority of the Judiciary Committee reported against a bill to abolish hanging for murder. The minority made a report favoring the measure and there was a two hours' debate over the question. A motion to substitute the minority for the majority report was lost by a vote of 131 to 47. And in a year and may vote the adverse majority report on the bill to abolish capital punishment was adopted. 125 to 54.

MR. MOODY'S GIFT TO THE Y. M. C. A.

Charlotte News. It was indeed a magnanimous act, that characterized Mr. Moody's last afternoon with us. His gift of \$400 to the Y. M. C. was an unexpected surprise, and only goes to prove how a more intimate knowledge of the man confirms his world-wide reputation that "he practices what he preaches," and his mission in life is to do good to others.

"I Can't Eat."

is often heard. People who have taken Hood's Sarsaparilla highly recommend it for loss of appetite, indigestion, sick headache, and similar troubles. This medicine gently tones the stomach, assists digestion, and makes you "real hungry."

Constipation, and all troubles with the digestive organs and the liver are cured by Hood's Pills. Price 25c. per box.

Richmond State: "My wife and I," says a travelling man, "were once in a hotel where we couldn't get any boiling water. After we had discussed the situation my wife asked me if I had an envelope in my satchel. I got one out, when she told me to fill it with water and hold it over the gas jet. I hesitated, but finally did it, and expected to see the envelope blaze up every moment. But it didn't blaze. The envelope took on a little soot, but that was all. The water boiled in time and the envelope was as good as ever when the experiment was at an end. I don't know the chemistry of the process, but try it yourself and see if it will not work." The travelling man who relates this is not a Richmond man.

ARRESTED EN ROUTE TO HIS DYING MOTHER.

Thirteen years ago F. A. Pinyon, then a man of forty, was a deputy United States marshal. While searching for moonshiners in Dawson county, Ga., he struck a man. After that his life was made so miserable by the owners of illicit distilleries that he went to Missouri to live. Pinyon came to Atlanta to see his mother, who is dying. The first man he met was the man whom he struck thirteen years ago. As he had lived outside of the State he was not protected by the statute of limitations, and the man swore out a warrant charging him with assault with intent to kill.

A RAILROAD TRIES FARMING

The Georgia Southern railroad will plant this year forty-two acres in tobacco at Cycloneta, and one ton of fertilizer will be used to the acre. It is calculated at the lowest estimate that 1,000 pounds of tobacco will be

raised to the acre. The road now has on hand at Cycloneta 6700 pounds of tobacco that was raised and manufactured there. It sells for fifty cents per pound at retail, and is pronounced by experts to be a fine article. This railroad farming is going on as an experiment to show what can be done in tobacco raising in Georgia.

Mr. S. G. Derry of Providence, R. I.,

Widely known as proprietor of Derry's Waterproof Harness Oil, tells below of his terrible sufferings from Eczema and his cure by

HOOD'S Sarsaparilla

"Gentlemen: Fifteen years ago I had an attack of inflammatory rheumatism, which was followed by eczema or salt rheum, breaking out on my right leg. The humor spread all over my legs, back and arms,

A Foul Mass of Sores, swollen and itching terribly, causing intense pain if the skin was broken by scratching, and discharging constantly. It is impossible to describe my suffering in those years of agony and torture. I spent

Thousands of Dollars

in futile efforts to get well, and was discouraged and ready to die. At this time I was unable to lie down in bed, had to sit up all the time, and was unable to walk without crutches. I had to hold my arms away from my body, and had to have my arms, back and legs bandaged by my faithful wife twice a day. Finally a friend who was visiting at our house, urged me to take Hood's Sarsaparilla. I began by taking half a teaspoonful. My

Stomach Was All Out of Order

But the medicine soon corrected this, and in six weeks I could see a change in the condition of the humor which nearly covered my body. It was driven to the surface by the Sarsaparilla, the sores soon healed, and the scales fell off. I was soon able to give up bandages and crutches, and a happy man I was. I had been taking Hood's Sarsaparilla for seven months; and since that time, nearly two years, I have worn no bandages whatever and my legs and arms are sound and well.

The Delight of myself and wife at my recovery it is impossible to tell. To all my business friends in Boston and over the country, I recommend

Hood's Sarsaparilla from personal experience." S. G. DERRY, 45 Bradford street, Providence, R. I. If you are Bilious, take Hood's Pills.

WOODWORTH CITY lies about 30 miles north of Chattanooga, within a few miles of Atlanta, the county seat of Grundy county, and between Tracy City and the celebrated Beersheba Springs, the Saratoga of the South. It is in the centre of the rapidly developing coal and iron district of Tennessee, and within its borders are found coal, iron, zinc, marble and asbestos, with various hard woods, such as oak, chestnut, maple, peach, locust, hickory, ash, pine, cherry and black walnut in abundance. The village of Woodworth, with several hundred inhabitants, contains churches, schools, stores, post-office and telegraph station, and a number of manufacturing industries, all of which are located on the property and form part of Woodworth City.

The proceeds of the sale of these lots will be used to develop the mineral resources of the property and build up a large and thriving city. Quick application for these lots should be made, as the right is reserved to advance the price without notice.
