 Extensive repairs will commence on the deaf and dumb and blind institution about the 1st of June.

The Electric Cars.
 Work will commence at once on the extension of the street car line to Pullen Park. From this point to Brookside, a distance of about four miles. Manager Huff says the road will be placed in first class condition forming a trunk line and the cars will run through without change. A car running in Fayetteville street will make close connections of fifteen minutes. Many improvements will be made at Brookside Park, and it is in contemplation to remove the switch-back from the fair grounds to the park. Various other improvements are contemplated.

Evangelist Schoolfield.
 Rev. Mr. Cole received the following letter this morning in reference to Mr. Schoolfield who is conducting the meeting at Edenton Street Methodist church:
 DANVILLE, Va., March 25, 1893.
 Dear Bro. Cole—Upon my own motion I desire to say to you that Bro. James E. Schoolfield, who goes today to conduct a service in your church, is one of the most consecrated men as well as efficient preachers I have ever known. No man can have a more thorough confidence exercised in him than has Bro. Schoolfield in this his own city, by sinner and by saint, by people of all churches. To show how much we appreciate him my own official board unanimously asked him to conduct a protracted service in our church whenever he could find time so to do. His praise is in all the churches.
 Hoping that the largest results may attend his ministrations in Raleigh, I am, sincerely yours,
 J. S. HUNTER,
 Pastor of Mt. Vernon church.

The bird mould has arrived, and Dughi now waits ready to be called upon hoping the lady is prepared to enter the matrimonial life.

CORSETS.
 The advertisement signs and cards read:
 "R & G Corsets are the Best."
 "Try H & S Corsets. They are the BEST."

Our endorsement goes with both lines. There is no form we cannot fit perfectly—long or short waist either slim, medium or stout. Some deary these "MAKERS" because the profits are too small. We like them for their quick selling and satisfactory giving qualities. We sell out in small profits and quick sales. Fresh, clean goods and a new stock all the time. Not too many of a kind but some of all.
