

A WOMAN'S CONFESSION.

It Was Made at a Brilliant Society Gathering

AND IS A SAD STORY.

A Confidential Chat and What It Revealed—Something of Great Interest to Every Woman.

"Oh, if I had only known; what a sacrifice might have been avoided. These words were spoken at a fashionable gathering in a Fifth Avenue mansion by a woman whose place as a recognized leader of New York society is beyond question. She was the center of an admiring group of ladies who were listening attentively to what she said.

With a sad shake of her beautiful head, that made a superb cluster of diamonds she wore glisten with a myriad of flashing lights, she continued:

"If we could only begin all over again, and know as much as we do now, how many bitten mistakes we might escape I think of this mistake I ever made, and through which I came very nearly losing my life. It happened in this way: I gave way under the constant strain of the life I have had to lead. I became run down, worn out, exhausted, my nerves were all unstrung I suffered from terrible headache, weakness and tired feelings, but put off seeking relief until I was completely prostrated. Physicians, then, seemed unable to understand my case, and I grew rapidly worse. I would have given way under the strain if I had not been persuaded to try a remedy that in less than one week made me feel like a new woman. It is entirely owing to this that I have not only been restored to complete health but have been feeling splendidly ever since. I only regret now that I suffered so long when I might have prevented it."

Thousands of women are suffering from the painful ailments so plainly described by this lady and would gladly learn the secret of her remarkable recovery. The remedy which cured her has been tried and tested with the same result by millions of women in America and abroad. It has never failed, it cannot fail, its effect is certain. Here is what some of those who have been helped by it have to say in regard to the matter:

Mrs. C. Murphy, of Tramansburg, N. Y. gives some facts of special interest in the following statement which she makes "Nearly a year ago, I was troubled with nervous prostration to such an extent that sleep was well nigh impossible. My nerves were gone, and I failed rapidly. Two physicians exhausted their remedies upon me, but for two weeks I secured hardly any rest at all. At last my attention was called to Warner's Safe Cure, and I commenced taking it. I persevered and found that it was the only remedy which enabled me to sleep. I continued its use until I was thoroughly cured. I most heartily recommend this splendid Safe Cure to all sufferers from nervousness."

Mrs. Jennie M. Skelton, of Ironton, O., gives testimony that is equally reliable and convincing. She says: "I was sick for two years with liver and kidney disease, that I could not sleep at night or at any other time. I consulted a great many doctors and they all said the disease was so thoroughly seated that they could not cure me, but could only give temporary relief. Having heard Warner's Safe Cure recommended, I resolved to give it a trial, and did so. The result was, that I improved rapidly, and was soon completely cured. I have never had any return of my trouble and know that this great remedy actually saved my life."

Mrs. H. P. G. Carous, who is one of the best known ladies in Butler, Pa., says: "I lived at Turkey City, Pa., some eight years ago, and I was under the doctor's care for three years, a constant sufferer from female weakness in the most aggravated form. I could not even take care of my infant. Medicine did me no good and my night sweats would make me so cold and stiff and my suffering was so great that at times I felt that death would be a relief. Warner's Safe Cure was recommended to me by the druggist in Petersburg. Without any confidence I commenced using it, and was astonished at the marvelous change it made, even before I had finished one bottle. I am now feeling well and strong and able to attend to all my domestic duties."

These ladies speak from experience and their testimony is beyond question. It clearly proves that as means of relieving these distressing complaints from which so many women suffer, nothing can compare with the great Safe Cure above described. It has never once failed to help all who seek its aid and in restoring health strength and bright looks to those whose systems are weakened and run down, it is, and always has been, unsurpassed.

Ladies' bicycles at Hughes'.

Canaries.
As a matter of information to such of our lady friends as own canary birds we give the following recipe for destroying vermin with which they are frequently annoyed. They can be relieved effectually by placing a clean white cloth over their cage at night. In the morning, the cloth will be covered with minute red spots, so small that they can hardly be seen with the naked eye; these are the parasites, a source of great annoyance to the birds.

To the Democrats of Raleigh Township.

At the urgent request of a large number of citizens representing every ward of the city and precinct, there will be a general caucus of all the democratic voters of Raleigh township, on Friday night at 8 o'clock, in Metropolitan Hall. The object of the caucus is to consider the advisability of requesting the chairman of the township democratic committee to order a ballot to be taken at the ward primaries, which shall be held to nominate city aldermen, for the purpose of fully ascertaining the will of the democrats of the township as to a candidate for the position of postmaster at Raleigh. Every democrat is requested to attend the caucus, and no other persons will be admitted to the hall. X

NEW ADVERTISEMENTS.

"Would Have Them."

"A PAIR OF BEAUTIES AND A BELLE."

Tomatoes!

Don't you want some? Do you want to pay a fancy price for them? If not risk a dozen or more plants NOW (if we have frost cover them up) and you will have as early as any one. I have some transplanted now. I have some nice plants large enough to set out and will grow off better than larger ones. I have only FOUR kinds, and they are of the best. I had our dealer here to order the seed (by the ounce) direct from the growers, with their seal on them. I never saw finer, healthier or harder looking young plants. The quality and not size is what you want, and this is the reason that I discarded all others and selected these:

"BUIST'S BEAUTY,"
"LIVINGSTON'S BEAUTY,"
"BU ST'S PRIZE BELLE,"
"BUIST'S EARLY SMOOTH RED."

You have never had or seen a finer collection than above.
Send in your orders. If you are not ready to remember me, and reserve your orders for me, as I have plenty for all and another lot coming on.
These plants have been TOUGHENED by exposure to the weather and are not like hot house plants.
