DIFFICULTIES TO THE PROPOSED PRIMARY.

Correspondence of the VISITOR.

It seems to me that a primary election to determine the choice of our people for postmaster will meet with some serious difficulties.

For instance, who will be entitled to vote? If you say "only Democrats," the question arises who are to be the judges of each voter's Democracy? Suppose the voter has at some time in the past voted a "scratched" ticket?

A great many colored people, it was claimed, voted the Democratic county ticket at the last election—some of them voted for Mr. Bunn, a few voted the straight ticket. How will you provide for the colored people and where draw the line?

Are only Democratic citizens of Raleigh township to vote? The post-office at Raleigh has a much larger territory than that. Why has not all its patrons the same rights as any one of them?

Has a primary been requested or suggested by those having the appointing power? It is understood that our Senators favor one gentleman and our Representative another. Suppose the primary selects still another, will it affect anything?

If we are to have a primary to select a postmaster why not at the same time give the voters of Raleigh a chance to express their choice for mayor, clerk, tax collector and chief of police? Really, these officers more directly concern them than that of postmaster.

There are over four thousand voters in Raleigh township. What proportion of them would have a right to call a primary?

These things appear to me as very much in the way of the proposed primary and our people might as well be thinking about them.

REWILDERED.

That Tired Feeling

Which is so specially overpowering when the seasons change, and that prostration following severe attacks of illness, are overcome by Hood's Sarsaparilla, which imparts the strength and appetite so much desired. Hood's Sarsaparilla has accomplished wonders for people who were "all run down." Hood's Pills have won high praise for their easy yet efficient action. Try them.

**ODD FELLOWS' COLUMN.**

The Grand Master has just issued a proclamation calling the coming session of the Grand Lodge to meet in Raleigh instead of Winston in May next, owing to the inadequate hotel facilities at Winston, since the Zinzendorf was burned.

The Grand Secretary returned from Richmond Va., on Thursday evening last, where he attended the annual meeting of the Odd Fellows' Widows and Orphans Relief Association, of Virginia, North Carolina and West Va. He reports the association in a very prosperous condition, and doing good work. The membership has increased nearly 25 per cent during the past year.

The following officers were elected for the ensuing year: N. E. Whitehurst, Portsmouth Va., President; Thos H Kandler, Richmond Va., 1st Vice President; Hon. C. M. Busbee, Raleigh N. C. 2d Vice President; C. H. Meredith, Fairmont West Va.; 3d Vice President L. A. Tucker, Richmond, Secretary; Jno. W. Furgusson, Richmond Treas.

The Grand Lodge of Virginia meets in the city of Norfolk on next Tuesday the 11th.

No member of the order should accept an office unless he has determined to become master of the duties connected therewith. Every portion of the ritual belonging to his office should be memorized so that the use of the printed book would be unnecessary. The laws of the lodge and of the order should be studied, and every matter to which they relate understood, so that when questions arise requiring reference to the laws they can be decided intelligently and properly. It is humiliating to the lodge, as well as to the officer, to have the business of the session delayed by prolonged searchings through the laws to find in what manner the most simple questions should be disposed of. Promptness in the dispatch of business can be acquired only by an intelligent knowledge of the laws governing such business. The officer, as well as every member of the lodge, also, should have a knowledge of the history and traditions of the order, as well as of the ritual and laws, that they may be able, when occasions for their use arise, to stand before strangers and visitors and explain all matters in a correct and intelligent manner. The lodge is a school, and one should essay to teach before he has advanced to a position where he is capable so to do. The lodge is prosperous, and held in the highest esteem, which has the most intelligent officers and members.

That secret orders benefit and help mankind is beyond a question. Membership in such organizations tend to draw man from himself, raise him to a higher plain, broadens his views, strip him of narrow mindedness, draw out the latent love that lies dormant in his breast for his fellow man, and teaches him to act and think for himself.

It might be said that it changes his entire being, educates him to feel for others and is that "touch that makes the whole world kin."

It teaches him his duties to his God, his country and his loved ones at home; makes him more careful of the welfare of those around him and brings to his heretofore dim vision new beauties in the world of nature; teaches him to admire the handwork of his creator and thus educate him to a higher, nobler sphere. He learns to appreciate his fellowmen, be charitable to his foibles and weakness, to admire the good traits that are developed and brought forth by the hand of true friendship.

It opens his eyes to the wants and suffering of others, and leads him to endeavor and alleviate their sufferings if in his power to do so. It inspires him with a desire to seek deeper into the truths of life, to read Scriptures and profit by their teachings, to practically exemplify the precepts taught.

To the profane these beauties are hidden, but if only known would be readily sought after, and no one who has taken the steps by joining some secret organization but can say that the teachings are good, and, if lived

up as taught, will make a man honored and revered for his upright character, evenness of temperament, charitable thoughts and nobility of purpose. — [Mystic Tie.]

**Why is HOOD'S Sarsaparilla**

Such a great success, and why is it impossible for other Sarsaparillas and blood purifiers to compete with this great medicine? **Because**

**No Other** Sarsaparilla or blood purifier gives as much medicine for the money as Hood's Sarsaparilla.

**No Other** Sarsaparilla has the careful personal supervision of the proprietor in all the details of its preparation, as has Hood's Sarsaparilla.

**No Other** Sarsaparilla has the merit to secure the confidence of entire communities and hold it year in and year out, as has Hood's Sarsaparilla.

**No Other** Sarsaparilla can produce from actual cures such wonderful statements of relief given to human suffering as Hood's Sarsaparilla.

**No Other** Sarsaparilla possesses the Combination, Proportion and Process Peculiar to Hood's Sarsaparilla, and which makes Hood's Sarsaparilla in curative effect Peculiar to itself.

**No Other** Sarsaparilla combines economy and strength as does Hood's Sarsaparilla. It is the only preparation of which can truly be said, 100 Doses \$1.

**No Other** Sarsaparilla has effected such remarkable cures as Hood's Sarsaparilla, of Scrofula, Salt Rheum, blood poisoning and all other blood diseases.

**No Other** Sarsaparilla has equalled Hood's Sarsaparilla in the relief it gives in the severest cases of Dyspepsia, Indigestion, Sick Headache, Biliousness, Heartburn, and other stomach disorders.

**No Other** Sarsaparilla overcomes That Tired Feeling, Restores the Appetite, and "Makes the Weak Strong," like

**'Would Have Them.'**

"A PAIR OF BEAUTIES AND A BELLY"

**Tomatoes**

Do you want some? Do you want to pay a fancy price for them? If not risk a dozen or more plants NOW if we have not covered them up and you will have as early as any one. I have some transplanted now. I have some nice plants large enough to set out and will grow off better than larger ones. I have only FOUR kinds, and they are of the best. I had our dealer here order the seed (by the ounce) direct from the growers, with their seal on them. I never saw finer healthy or hardier looking young plants. The quality and not size is what you want and this is the reason that I discarded all others and selected these:

- "BUNN'S BEAUTY,"
- "LIVINGSTON'S BEAUTY,"
- "BUNN'S PRIZE BELLE,"
- "BUNN'S EARLY SMOOTH RED."

You have never had or seen a finer collection than above. Send in your orders. If you are not ready "remember me," and reserve your order for me, as I have plenty for all and another lot coming on.

These plants have been TOUGHENED by exposure to the weather and are not like hot house plants.
