LARGEST CITY CIRCULATION

RALEIGH, APRIL 13, 1893

TELEGRAPHIC BREVITIES

Jos. Chapman, of Jackson, Tenn. was shot from ambush and killed Saturday night.

The American Railway Union, the new combination of railway employees, was organized in Chicago yesterday.

The Louisiana Supreme Court has decided that two New Orleans clubs must take out licenses for their private bars.

Thomas Hanahan, of Buffalo, N. Y., aged 76, was married to Mary Hanahan, aged 75, of the same place, yesterday.

The bodies of E. W. Hensley, wife, son and daughter, living on the side of Grassy Mountain, S. C., were buried in their dwelling Tuesday night.

Nellie Brighton, aged 11, died at Weatherly, Pa., yesterday caused by a rupture from jumping rope. She skipped the rope 330 times without stopping.

Wind storms have caused terrible destruction to property and lives in the states of Iowa, Illinois, Nebraska, Kansas and Missouri. The storm traveled a distance of 200 miles in one hour and thirty minutes.

FOR ALDERMEN.

Correspondence of the Visitor
As nominations for aldermen are now in order allow me through your columns to present for consideration of Fifth Warders four gentlemen viz. L. H. Royster, J. W. Allen, B. B. Mitchell and J. I. Johnson. It is understood that all or nearly all of the present aldermen from the Fifth will decline a renomination. Let the voters turn out and elect the above ticket and I feel that they reflect credit on their constituency.

FIFTH WARDER.

ECONOMY NEEDED

Correspondence of the Visitor.
Men should be nominated for aldermen on account of their superior business qualifications and with a view to economy, with the question of officers left entirely out. I have no complaint to make against any of the present city officers or any one who has been named for such. This can very well be left to a good board, composed of our best business men. We are going most too fast not with city improvements but expenses. I will admit that most any individual, with only ordinary business capacity would do a great deal more with the same amount of money than is done for the city. This is altogether wrong and should not be allowed to continue. Any man has a right to be extravagant with his own money, but with other people's, never. It is the duty of the aldermen and city officers to demand value received. None of us are too fond of paying taxes and after they are paid we like to see the money properly invested. I understand the city is out of money, and is now being run on a credit. If this is true and the \$10,000 is voted for permanent improvements, and this amount is put in the general fund as heretofore, how much will be left for permanent improvements? Economy does not mean taking a backward step, or standing still, but

it means three steps forward instead of two, because when we have paid for the two steps the cash will be in hand to pay for another.

Some years ago I was elected an alderman and served on the finance committee. At the first meeting of the committee a number of bills were presented for approval and when I objected to one as being too large, I was told by one of the committee that I could not economize in city affairs like I could in my own business. This was a new idea to me but coming from one who had served the committee for a number of years I thought he ought to know. This account was not made out by the clerk, but was a regular monthly account against the city. "Public office is a public trust," and when we see that they are not doing their duty, or doing something they ought not to do it is right for us to tell them. I know from experience that some of them are thankful for any suggestion, and I believe the others would be.

Let us try an entirely new plan this year and see how it will work. Let us select for alderman, progressive, economical, successful, honest business men and leave the selection of officers to them. If they find an officer not doing his whole duty, they will see that we turn over a new leaf or they will not. If an officer is doing his whole duty they will say, "well done" and encourage him to go forward, keep good men and turn out sorry ones. This is better than "clean sweeps".

ECONOMY.

OUR NEXT MUNICIPAL GUARDIANS.

Correspondence of the Visitor
By those whose opinions are entitled to the highest consideration, the millennium approaching two years of our municipal life will be the most important of any of its existence. The reason for this is the fact that the reconstruction of our water works and sewerage systems, our people are recognizing the importance of making use of such development of our resources will make Raleigh entirely worthy of being the capital of the State. The question of the proper expenditure of the proceeds of the \$50,000 of bonds, which will be voted "approved," will be the leading one for the consideration of the board of aldermen, to say nothing of others equally important, and the voters cannot afford to choose any one to represent them but those who are capable by nature and experience and thoroughly conversant with our needs. Among other gentlemen who come up to these requirements, and whose complete fitness is being considered and recognized by the voters of the Second Ward is Mr. E. V. Denton. Being largely engaged in material matters which have resulted in his own advancement—all by his own industry and integrity—and feeling a deep interest in the solid growth of the city, the voters of his ward will not be slow to recognize these qualities as evidencing the possession of every other qualification which would insure on his part a faithful administration of their best interests, as well as those of the city in general. PROGRESS.

THE FAYETTEVILLE ELECTION.

Special to the Wilmington Star.
The recent general assembly authorized the town of Fayetteville to submit the question of sustaining the graded schools by taxation to the citizens of the community. Accordingly an election was held today, resulting in the defeat of the proposition by a vote of 435 to 193. Considerable interest was manifested by both sides, but the negroes voted in almost solid phalanx against it, and the majority of the non-taxpayers of the town did likewise, while the vote of the property owners and the more intelligent classes of the community was about equally divided. The matter has been discussed some, but not to that extent to enlighten the populace as to the great benefit to be derived from the system to all classes; and the great majority through blind ignorance voted to prevent any further taxation of our community. It is true that we are burdened by taxation, but we are also burdened with illiteracy, and the latter is largely predominant; and it was astonishing to see poor men, who have not a dollar of real estate, and yet have five or six children, go to the polls and vote "no school," when the total amount they would be required to pay under the system proposed would have been fifty cents a year (on the poll) for the education of their whole families. The negroes opposed it on the ground that their education was not dependent on the fund thus raised—that their school fund was ample, being derived from the state educational fund from northern ap-

propriations—and that they did not propose to pay 50 cents per capita on the poll for the education of the white race. This, I will say by way of parenthesis, is a matter for the consideration of our future legislators, and one from which the white race may derive some profit.

The result of the election practically kills the graded school of this community.

Why is HOOD'S Sarsaparilla

Such a great success, and why is it impossible for other Sarsaparillas and blood purifiers to compete with this great medicine? Because

No Other Sarsaparilla or blood purifier gives as much medicine for the money as Hood's Sarsaparilla.

No Other Sarsaparilla has the careful personal supervision of the proprietor in all the details of its preparation, as has Hood's Sarsaparilla.

No Other Sarsaparilla has the merit to secure the confidence of entire communities and hold it year in and year out, as has Hood's Sarsaparilla.

No Other Sarsaparilla can produce from actual cures such wonderful statements of relief given to human suffering as Hood's Sarsaparilla.

No Other Sarsaparilla possesses the Combination, Proportion and Process Peculiar to Hood's Sarsaparilla, and which makes Hood's Sarsaparilla in curative effect Peculiar to Itself.

No Other Sarsaparilla combines economy and strength as does Hood's Sarsaparilla. It is the only preparation of which can truly be said, 100 Doses \$1.

No Other Sarsaparilla has effected such remarkable cures as Hood's Sarsaparilla, of Scrofula, Salt Rheum, blood poisoning and all other blood diseases.

No Other Sarsaparilla has equalled Hood's Sarsaparilla in the relief it gives in the severest cases of Dyspepsia, Indigestion, Sick Headache, Biliousness, Heartburn, and other stomach disorders.

No Other Sarsaparilla overcomes That Tired Feeling, Restores the Appetite, and "Makes the Weak Strong," like

Hood's Sarsaparilla
N. B. If you decide to take Hood's do not be induced to take any other.

Hood's Pills cure Biliousness

NOTICE OF ELECTION.

To Obtain Consent of Qualified Voters of the City of Raleigh to Issue Bonds for Public Improvements, and to Levy a Special Tax.

Notice is hereby given that at a special meeting of the Board of Aldermen of the city of Raleigh on the 2d Monday night in March, 1893, said Board ordered an election to be held on the first Monday in May, 1893, for the purpose of obtaining the consent of a majority of the qualified voters of the city of Raleigh to issue fifty thousand dollars in bonds for public improvements and to levy a special tax as authorized by an act of the General Assembly of North Carolina, ratified the 28th day of February, 1893. Said election will be held at the polling places designated, and under the direction of the Judges of Election appointed by the Board of Aldermen aforesaid for the regular city election for Aldermen.

The provisions of the said act of the General Assembly, to be voted upon at said election, are sections one and five, which are as follows:

Section 1. That for the purpose of paving, macadamizing and otherwise improving such of the public streets of the city of Raleigh as the Board of Aldermen of said city may determine to improve, and for making such other public improvements as the said Board of Aldermen may determine to make, the city of Raleigh is hereby authorized and empowered to issue its bonds to an amount not exceeding fifty thousand dollars, of such denominations, and in such proportions, as the Board of Aldermen in such case may advise, bearing interest from the date thereof at a rate not exceeding five per centum per annum, with interest coupons attached, payable half yearly, at such times and at such place or places as may be deemed advisable by said Board of Aldermen; said bonds to be of such form and tenor, and transferable in such way, and the principal thereof payable or redeemable at such time or times, not exceeding thirty years from the date thereof, and at such place or places, as the Board of Aldermen may determine.

Section 5. That for the purpose of providing for the payment of the interest accruing on and the principal at maturity of the bonds issued under authority of this act, the Board of Aldermen of said city shall annually and at the time of levying other city taxes, levy and lay a pari passu tax on all persons and subjects of taxation on which the said Board of Aldermen now are or may hereafter be authorized to lay and levy taxes for any purpose whatsoever said annual tax to be not less nor more than eight cents on the one hundred dollars assessed valuation on property, and not less than eighteen nor more than twenty-four cents on each taxable lot. The taxes provided for in this section shall be collected in the manner and at the times other city taxes are collected, and shall be accounted for and kept separate from other city taxes, and shall be applied exclusively to the purposes for which they are collected. Each of said taxes as may be required to pay the interest on the bonds issued by authority of this act, as it falls due and cannot be applied to the purchase or discharge of the bonds for which said taxes are levied and collected shall be invested so as to secure the payment at maturity of the principal of the said bonds, and to insure the investment of the amounts collected from year to year in excess of that required to pay the interest, the Board of Aldermen shall cause the said excess to be turned over to the Commissioner of the sinking Fund of the city of Raleigh, whose duty it shall be, under such general rules and regulations as said Board of Aldermen shall from time to time prescribe, to make investments of so much of the taxes collected and turned over to him as aforesaid, as shall be applicable as aforesaid to the payment of the principal of said bonds issued under this act, and to do or perform all such other services in connection with said bonds, as said Board of Aldermen may prescribe, and such Commissioner shall give bond and receive such compensation for his said services as said Board of Aldermen may determine.

All qualified voters approving the issue of said bonds and the levy and collection of said special tax shall deposit in a ballot box specially provided for said election, slip containing the word "approved," and the same shall deposit a like slip containing the word "disapproved."
The said election will be held and returns thereof made under the same rules and regulations as exist in case of elections for Aldermen of the city.

This 22d day of March, 1893,
THOMAS BADGER, Mayor.

C. W. LAMBETH, City Clerk. m22

Great Inducement

Having made all the money necessary to reduce price for the benefit of our customers, we will sell a lot of nice pine wood for \$1 per cord on yard, or \$1.50 delivered anywhere in the city.
LIME \$1.10 per barrel.
LATHS \$1.60 per 1,000.

Best on market. Lumber in plank, precut, miscellaneous wood \$3.50. Framing from \$3 to \$11 per 1,000. Flooring and ceiling \$12 to \$14, \$15 per 1,000.

Sash, - Doors, - Blinds,

and Moulding reduced in same proportion.
Best Heart Shingles

Always on hand. We manufacture our own material which enables us to sell at bottom prices. Our motto is quick sales and small profits.
