#### Carolina shall not femaln a disgrace to us.

Have the city officers given evid-uce of their special fitness for the positions they occupy? Their reports were submitted in rough shape one year ago and ordered printed.

be printed reports were issued in bout six or nine months thereafter! if you want to enjoy reading (7) doc nments get that report and see the nany wise suggestions that might have been made but were not.

There are gentlemen in the city just as competent and deserving as they was could fill their places. Our whole police system needs energizing and organizing. We don't need a Chief f Police, a Mayor, a Health Officer, and a Janitor all in the mayor's office.

The Chief of Police should have beadquarters in the saddle" or in other words he should be on the field.

One of the police force should be unde assistant chief and given the uties now performed by the Health ffl er.

"he police should have regular, systematic patrols so that every part of the city would be visited at least once during the day and once during tu-uigh:

It is generally believed that gamb ling is carried on in one or more faro-banks and private parties in a -tone's throw of the mayor's office. It is believed that liquors are sold without license in several houses of il f me and other places in the city. Has anybody heard of any attempt to being those who are thus viol tin the | w to justice

There is one consolation for the George . Majors at present sojourning in Washington. The man who loses his hat can't talk through it.

That Ohio idea of compelling lobbyists to register before they can do business is worthy of the careful at. tention of Congress and of the State legislatures.

It may be that the Tennessee legis. lature went to Washington in a body merely to see the sights, but there lingers a suspicion that the visit was made for other purposes.

Why is HOOD'S Sarsaparilla

Such a great success, and why is it impossible for other Sarsaparillas and blood purifiers to compete with this great medicine? Because

No Other Sarsaparilla or blood purifier gives as much medicine for the money as Hood's Sarsaparilla.

No Other Sarsaparilla has the careful personal supervision of the proprietor in all the details of its preparation, as has Hood's Sarsaparilla.

No Other Sarsaparilla has the merit to secure the confidence of entire communities and hold it year in and year out, as has Hood's Sarsaparilla.

No Other Sarsaparilla can produce from actual cures such wonderful statements of relief given to human suffering as Hood's Sarsaparilla.

No Other Sarsaparilla pos-sesses the Combination, Proportion and Process Pecul-iar to Hood's Sarsaparilla, and which makes Hood's Sarsaparilla in curative effect Peculiar to Itself.

No Other Sarsaparilla com-bines economy and strength as does Hood's Sarsaparilla. It is the only preparation of which can truly be said, 100 Doses \$1.

No Other Sarsaparilla has effected such remarkable cures as Hood's Sarsaparilla, of Scrofula, Salt Rheum, blood poisoning and all other blood diseases.

No Other Sarsaparilla has equalled Hood's Sarsaparilla in the relief it gives in the severest cases of Dyspepsia, Indigestion, Sick Headathe, Biliousness, Heartburn, and other stomach disorders.

No Other Sarsaparilla over-Feeling, Restores the Appetite, and "Makes the Weak Strong," like

First: In so doing we follow the policy that President Cleveland has adopted in not appointing to soffice gentlemen who were in office under him four years ago "A new deal" seems to be the proper thing with that great man.

Secondly: The present Board of Alderman have failed to prove their ability to manage our cit. finances and to meet the demand for such city improvements as good sidewalks. opening up new streets, economical and modern lighting of the streets at night &c.

We understand that there is not a dollar in the city treasury today and that the Board is about borrowing money to run the government on until taxes for 1893 shall begin to come in which will be at least six months off. That is to say they hav- stient the receipts of 1893 before the year is half gone.

West Morgan and other streets should be opened and everybody al most demands it and yet the Board has failed to have it done.

Who knows what the contract for lighting the city is? Has it ever been published? Was not the contract made by a committee, signed, sealed and delivered before being presented to the Board? We so un derstand it. Instead of keeping up with the progress of the age we have gone back to gas lamps; the light of 85 yeas ago.

The sidewalk subject is too plain to be referred to. We must have a Board that can and will see to it that Board that can and will see to it that the sidewalks of the capital of North cents. Sold by John Y. MacRae. 926 pm

#### If Your House is on Fire

You put water on the burning timbers, not on the smoke. And if you have catarrh you should attack the disease in the blood, not in your nose. Remove the impure cause, and the local effect subsides. To do this, take Hood's Sarsaparilla, the great blood purifier, which permanently cures catarrh.

The attempt to prove that blue, and not green, is the proper color for Ireland is not meeting with much enthusiasm, and no wonder, either, for what would then become of the best Irish sougs.

South Carolina will, after July 1st, be able to "play both ends against the middle," with the certainty of winning every time. It gets the profits on all the whiskey sold, as well as the fines collected from the proprietors of the "jags" brought on by a too liberal consumption of the same. But it is poor business for a state to engage in.
