**CITY AFFAIRS.**

Correspondence of the VISITOR

Allow me to voice the sentiment of a number of the First Ward voters by simply saying that while there are many good men capable of adorning any city council or to fill any office in the city government, yet taking things into consideration, it is not likely nor evident that any material change could or would be made, neither is it essential as far as promoting the real interest of the city is concerned with one exception, perhaps, and that is a monthly statement of all receipts and disbursements should be published in the city papers, so the citizens could see what the moneys collected for hall rent, market rent, dog tax, fines imposed and city taxes were used for. If this were done, there would not be such universal dissatisfaction and clamor for, change of administration in the city affairs. This it seems is the thing that ought to be done in justice to the officers and citizens. A yearly statement condensed does not fill the bill; an itemized statement is what is needed and should be given, if it takes a change of management to get it. The small cost of publication is a matter of nothing considering the satisfaction given to the entire city. Request this in the primaries and doubtless our request would be conceded to

**CITY AFFAIRS.**

Correspondence of the VISITOR.

Please allow me a space in your valuable paper to make open remarks in regard to the city government. Let us let good enough alone. Let us go for Thos. Badger for Mayor, C. D. Heatt for Chief and the same Board of Aldermen. What is the use of changing good men when they know their duties and know how to run the city. Now if you listen to the kickers and vote for who they say to run your city government you will run into Walnut creek and there you will find some of the kickers trying to fish it up. Raleigh has got the best police force in the State of North Carolina. Men who do their duties. The men who are kicking are the men

who are working for office and not for the good of the city. What has Mayor Badger done wrong? He has filled his office according to law. What has C. D. Heatt done wrong? What has the present Board done wrong? What has the police force done wrong? They have protected your homes, your wives and your children. And now I appeal to the voters of Raleigh on the first Monday in May let us go to the ballot box and vote for the present administration. Let us try Tommie and Charlie two years more and they will do what is right I am sure. FIFTH WARD.

**CITY AFFAIRS.**

Correspondence of the VISITOR

In looking over the VISITOR, I come across the article headed "City Affairs" and I think it well enough to ask why the present officials should be retained. For instance the present system of lighting the city costs something, and the people should know what it is. There was a time when the taxes of the city paid its expenses shall we elect men who will render value received for on taxes. The following gentlemen will be acceptable to the people in the Fifth Ward: Julius Lewis, Dr. J. B. Dunn, and Charles Johns a Th-y are careful, conscientious, successful business men. With such men as aldermen, and A. A. Thompson for Mayor and W. N. Snellings for Chief of Police the affairs of the city will be conducted. Let us support this ticket. A VOTER.

**NOTICE OF ELECTION.**

**To Obtain Consent of Qualified Voters of the City of Raleigh to Issue Bonds for Public Improvements, and to Levy a Special Tax.**

Notice is hereby given that at a special meeting of the Board of Aldermen of the City of Raleigh on the 2d Monday night in March, 1893, said Board ordered an election to be held on the first Monday in May, 1893, for the purpose of obtaining the consent of a majority of the qualified voters of the City of Raleigh to issue fifty thousand dollars in bonds for public improvements and to levy a special tax as authorized by an act of the General Assembly of North Carolina, ratified the 28th day of February, 1893. Said election will be held at the polling places designated, and under the direction of the Judges of Election appointed by the Board of Aldermen at said election for the regular city election for Aldermen.

The provisions of the said act of the General Assembly, to be voted upon at said election, are sections one and five, which are as follows:

Section 1. That for the purpose of paying, macadamizing and otherwise improving such of the public streets of the City of Raleigh as the Board of Aldermen of said City may determine to improve, and for making such other public improvements as the said Board of Aldermen may determine to make, the City of Raleigh is hereby authorized and empowered to issue its bonds to an amount not exceeding fifty thousand dollars, of such denomination, and in such portions, as the Board of Aldermen may deem advisable, bearing interest from the date thereof at a rate not exceeding five per centum per annum, with interest coupons attached, payable half yearly, at such times and at such place or places as may be deemed advisable by said Board of Aldermen; and bonds to be of such form and tenor, and transferable in such way, and the principal thereof payable or redeemable at such time or times, not exceeding thirty years from the date thereof, and at such place or places, as the Board of Aldermen may determine.

Section 5. That for the purpose of providing for the payment of the interest accruing on and the principal at maturity of the bonds issued under authority of this act, the Board of Aldermen of said City shall annually and at the time of levying other city taxes, levy and lay a particular tax on all persons and subjects of taxation on which the said Board of Aldermen now are or may hereafter be authorized to lay and levy taxes for any purpose whatsoever said particular tax to be not less nor more than eight cents on the one hundred dollars assessed valuation on property, and not less than eighteen nor more than twenty-four cents on each tax-able parcel. The taxes provided for in this section shall be collected in the manner and at the times other city taxes are collected, and shall be accounted for and kept separate from other city taxes, and shall be applied exclusively to the purposes for which they are collected, so much of said taxes as may be required to pay the interest on the bonds issued under authority of this act, as it falls due, and cannot be applied to the purchase or discharge of the bonds for which said taxes are levied and collected shall be invested so as to secure the payment at maturity of the principal of the said bonds, and to insure the year to year interest thereon that is required to pay the said interest, the Board of Aldermen shall cause the said excess to be turned over to the Commissioner of the sinking fund of the City of Raleigh, whose duty it shall be, under such general rules and regulations as said Board of Aldermen shall from time to time prescribe, to make investments of so much of the taxes collected and turned over to him as aforesaid, as shall be applicable as aforesaid to the payment of the principal of said bonds issued under this act, and to do or perform all such other services in connection with said bonds, as said Board of Aldermen may prescribe, and such Commissioner shall give bond and receive such compensation for his said services as said Board of Aldermen may determine.

At qualified voters approving the issue of said bonds and the levy and collection of said special tax shall deposit in a ballot box specially provided for said election, slip containing the words "I approve" or "I disapprove" and to ass disapproving the same shall deposit a like slip containing the words "I disapprove". The said election will be held and returns thereof made under the same rules and regulations as exist in case of elections for Aldermen of the City.

This 22d day of March, 1893.  
THOMAS BADGER Mayor.

C. W. LAMBETH, City Clerk.
