RALEIGH, FRIDAY, APRIL 28, 1893.

NO. 5

## CITY IN BRIEF.

**Gardens booming.**  
New strawberries in town.  
Charming spring weather now.  
We have jumped suddenly into summer weather.  
Appeals from the 12th district are disposed of in the Supreme Court.  
The large annex to the hotel at Wrightsville, blew down recently.  
Regular monthly meeting of the board of county commissioners next Monday.  
It is said that whitewashing will prevent insects from playing havoc with shade trees.  
Forest fires are reported in the neighborhood of Tipplers' X Roads, in this county.  
Mineral water from thirty springs in this state have been sent to the worlds fair at Chicago.  
The members of the bar of Raleigh attended the funeral of Mr W H Pace this afternoon in a body.  
The case against Mr Henry Keith, mentioned by us yesterday afternoon, has been compromised by counsel.  
A large number of the legal fraternity from the western part of the state have been in the city this week.  
A few more days like this and you may shuck your flannel and adorn yourself with a white waistcoat and straw hat.  
Thirty three convicts have just been sent to the state farms in Halifax county and will be put to work on the dykes.  
The Lyon Racket store has something to talk to you about before you go to the world's fair. Read the advertisement today.  
A very large concourse of relatives, friends and citizens generally attended the funeral of Mr W H Pace at the First Baptist church this afternoon.  
Senator Vance has returned to Washington City much improved in health. Senator Ransom will go to the Pacific coast about the 5th of May.  
A new disease, we are informed, has broken out among the hogs in some sections. They become suddenly paralyzed in the legs although apparently well in other respects.  
It was resolved by the press association for the editors to meet in Greensboro on the morning of Friday, May 19th, armed and equipped for the Chicago exposition.  
The alarm of fire this afternoon between 3 and 4 o'clock was caused from the burning of the roof of a house just across the railroad bridge in the location called "Hayti." Very little damage.  
A new switch has been put down on the electric street railway, at the corner of Salisbury and Hillsboro streets. The cars will soon run through without change from Pullen Park to Brookside Park.

**A Sad Accident.**  
The deepest regret is expressed over the sad accident which befel Lieutenant Col. D M Bogart at New Berne yesterday. It seems that while on parade the girth of the saddle broke and he was thrown violently from his horse, striking his head on the Moadamized rod. His skull was fractured to such an extent that his life is despaired of.  
Col. Bogart is from Washington, Beaufort county, and a gentleman of the highest social character. He has a great many friends throughout North Carolina who will deeply regret his sad fate.

**Pensions.**  
It is announced upon the authority of State Auditor Furman, that under the new law there will be placed upon the pension rolls the names of all widows whose husbands died in 12 months after April 9th, 1865. It is thought that this will add about three hundred to the list of widows.

**The Apron Exhibition.**  
We hope our citizens will patronize to the most liberal extent the apron exhibition now open at the old stand of Moseley & McGee, 131 Fayetteville street. The exhibition will be open tonight until 11 o'clock, and as the weather is delightful all who possibly can should attend. There are about 150 aprons from 20 different states, all the way from a cheap cook apron to a fine Boston tea party apron. Cream and cake will be served. Souvenirs from the cruiser Raleigh in the shape of a cane, &c. can be seen. All these will be sold at 9 o'clock at auction. No admission fee.

**The Raleigh Post Office.**  
As heretofore stated the Raleigh post office has been classified and placed under the civil service regulations. This classification included the present very efficient, chief clerk, Mr D H Young, who has been for many years connected with the office in this city. Alluding to the matter, the Raleigh correspondent of the Charlotte Democrat says:  
The chief clerk, who like others is covered by the civil service, will not hold under a democratic postmaster. He tells me he does not think it right that he should do so, but that the postmaster should be allowed to select his own chief clerk if he desired to do so.

**A Beautiful Display.**  
There is always something enticing in a nicely arranged show window. People like to stop and look at beautifully arranged goods, whether they have the ready money or not, because something is sure to strike them favorably so that when the ready cash comes in they will know where to go for bargains. In this connection we can safely say that Messrs C A Sherwood & Co have one of the finest arranged stores in the city where goods are displayed to the best advantage. Everything is neat, clean and admirably assorted so that goods can be seen to the best advantage. Mr Sherwood is an expert in his line of business from a hairpin up. The ladies especially should call as the most tempting array is spread out for their inspection. All the latest styles, nothing old.
