RALEIGH, THURSDAY, MAY 11, 1893.

NO. 16

## CITY IN BRIEF.

Ascension Day.  
Beautiful weather again.  
Most of the doctors will leave us to day.  
Commencements will soon be in order.  
The Grand Lodge completed its work last night.  
The session of the A & M College will close on the 14th instant.  
The grave of Capt Randolph Shotwell was decorated yesterday.  
There are comparatively very few criminals in our county jail.  
Memorial day was appropriately observed throughout the state.  
It is understood that the public schools, of this city, will close next Friday.  
The Seaboard Air Line and the C F & Y V Road are to build a joint passenger station at Sanford.  
Pine Apples 15 cents a piece at A. Dughli's.  
It is expected that the speed of the new limited train on the Seaboard Air Line will be somewhat increased.  
Four prisoners were brought to the penitentiary yesterday afternoon—three from Stokes and one from Dare.  
The Pythian Band deserves the highest praise for their kindness and good music rendered yesterday afternoon.  
Dr. Hodges delivered a most interesting address last night before the Medical Society. There was a large attendance.  
The Senior ball complimentary to the class of 1893, at the University, will take place in the gymnasium hall on June 7th.  
The game of base ball yesterday at Athletic park between Raleigh and Durham was won by the former by a score of 5 to 3.  
There was a tremendous audience at Metropolitan Hall last night to witness the performance of the Pennsylvania College Glee Club.  
The board of county commissioners and the people too, say that Mac Pate is one of the best sheriffs the state ever had—Just so.  
Mr. Carl Pridgen, of Kinston, met with a serious injury last Monday from the accidental discharge of his gun. His injuries are painful but not serious.  
It is expected that the coming term of the Federal Court will be unusually heavy. One of the cases to be tried is against Elijah Moore, Ex President of the broken Fayetteville bank.  
Congressman Grady, of North Carolina, says he has discovered the real meaning of F F V. It doesn't stand for "first family of Virginia" or "fast flying Virginian," he declares, but "first for victuals."  
The Davis committee of arrangements in Richmond are making preparations for the accommodation of James W. Jones, colored, of this city, who was a servant of Jefferson Davis and also a colored man named Brown, who acted in a similar capacity.  
The subject of Dr. Hodges address before the North Carolina Medical Association last night was "Preventive Medicine." It was most admirably handled and elicited the highest praise. On motion of Dr J W Jones a vote of thanks was tendered him.  
There are thirteen trains arriving at our depot during the twenty-four hours. Under these circumstances we must think it would pay for the street car lines to be extended thereto. We hope it may be found convenient to do so at an early date.  
It is not as yet known what troops, or how many, will be here May 30th at the Davis ceremonies, but it is hoped the State Guard will be well represented. The Governor and most of the staff will go to Richmond and also take part in the ceremonies there May 31st.

Saturday night Jesse Norman, a young merchant of Bearden, a small town in southern Arkansas, was murdered and robbed by three negroes. Yesterday Jas Stewart, Dick Jansen and Abe Crane, the three negroes were arrested, and last night they were lynched by a mob of fifty men. The negroes confessed.  
The North Carolina Teacher says: "Every mail brings letters from teachers and our friends of education, expressing their intention to be present at Morehead City with the Assembly, and the general outlook is for a very pleasant and successful season. Mr. Perry, the well known proprietor of the Atlantic Hotel guarantees to reserve comfortable accommodations for all who give him due notice."  
A gracious meeting is in progress at Central Methodist church. Notwithstanding various gatherings of one character and another in the city, as well as the inclemency of the weather the meeting has grown in interest from time to time. There was a large congregation in attendance last night and the preacher, Rev. Mr Bagby spoke with great earnestness and power. A good spirit pervaded the congregation. Services at 4 this p m and again at 8 p m tonight. Everybody cordially invited.  
The reports of correspondents of the Weekly Weather Crop Bulletin issued to day by the North Carolina State Weather Service, show that the weather has been favorable on the whole, though the storm of the 3d instant, did great damage, at places in the central part of the State. The rainfall was much above the normal and beneficial except where it washed lands badly. The nights have been too cool. Warm sunshine is needed.

Mr Editor—If you will allow me a small space through the columns of your newsy little sheet it will afford me great pleasure to announce to my friends and the public, especially those suffering from toothache and neuralgia, that Williams & King's famous toothache and neuralgia remedy is the best medicine I ever used. I have been a great sufferer of toothache and neuralgia and could get nothing that would affect a prominent cure until after using one bottle of the above remedy, which completely cured me.
