

The Daily Evening Visitor.

VOL. XXIX.

RALEIGH, FRIDAY, MAY 12, 1893.

NO. 17

CITY IN BRIEF.

The doctors have about all gone. Raleigh feels rather lonesome, now that our visitors have left.

We regret to hear that Col Octavius Coke Secretary of State, is sick.

Four prisoners were brought to the penitentiary today from Chatham county.

Senator Vance has returned to Greensboro for rest.

The governor today made a requisition on the governor of New Jersey for the rendition of a fugitive from the state farm at Weldon.

It is understood that Rev J. J. Hall, of the Baptist Tabernacle, is considering a call to a new Baptist church in Norfolk, Va.

We are informed by Secretary Woodell, of the Grand Lodge of Odd Fellows, that he will not remove his office to Greensboro for two months yet to come.

It is generally understood that P. A. Alexander, the newly appointed minister to Greece, will not remain in position more than two years. The salary of the office is \$6,800.

Mrs Bahman, wife of Professor Bahman, of Pease Institute, showed us this morning three of the largest strawberries we ever saw. Put 'em together they much resemble a considerable size bunch of roses.

Another heavy fall on chicken coops was made in the "West End" last night. The premises of two families were bereft of a considerable number of the feathered tribe. There seems to be no remedy but "to grin and bear it."

Mr. John Duncan succeeds Mr. Ed A Jones as the treasurer of the Capital club, Mr. Jones had served admirably for years, but leaves here in a few days with the auditor's force of the Seaboard Air Line and will live at Portsmouth, Va.

The Lyon Racket Store comes to the front today with another attractive advertisement in which are embraced some of the best bargains ever offered in this line in the city. Read the advertisement and then call and make your selections. There is no cheaper place in Raleigh.

The funeral of the late Mr George D. Culley took place from his late residence on East Hargett street yesterday afternoon at 4 o'clock p. m., by Rev. Dr. Cobb, and was attended by a large crowd of sympathizing relatives and friends.

Senator Ransom's committee to investigate the subject of a deep harbor on the Pacific coast will not start west until July. They originally intended to leave early in May, but the plans have been changed.

Those who think we are further advanced in civilization than Europe are invited to study these figures, from official sources: Out of every 1,000 deaths in Europe, 16 are murders; out of every 1,000 deaths in the United States, 41 are murders.

Some persons are in the habit of occupying the passage leading to the Visitor's office for lodging at night. Several of these parties are known, and they can take notice that a repetition of the offence will subject them to exposure, and penalty.

There is serious and loud complaint of the condition of the sidewalk on East Hargett between Wilmington and Blount streets. While the walk has been widened and improved yet the red clay soil in wet weather renders them almost impassable. They should be covered with a coating of gravel.

When the Caraleigh mills put in the additional new spindles and looms, there will be a total number of 100,000 spindles. It is now stated that North Carolina has more cotton mills than any State in the Union, and they are rapidly on the increase. The best of it is, that most of them are on a paying basis.

Pretty Heavy.
In the address of Dr. Tonge before the medical society, he remarked that the medical profession in Raleigh was suffering from a heavy fall of business. A Card.
Mr Editor—If you will allow me a small space through the columns of your newsy little sheet it will afford me great pleasure to announce to my friends and the public, especially those suffering from toothache and neuralgia, that Williams & King's famous toothache and neuralgia remedy is the best medicine I ever used. I have been a great sufferer of toothache and neuralgia and could get nothing but relief until I used a prominent one until after using one bottle of this remedy, which completely cured me. Take my advice; if you have to have to try it twice; it cures you only 10 cents. You are very truly, F. A. FENDER, May 11, 1893. Raleigh, N. C.
