RALEIGH, TUESDAY, MAY 23, 1893.

NO. 25

## CITY IN BRIEF.

The dust today has been fearful. There is no news at any of the departments at the capitol today. Travel on the Washington and Atlanta special is fast increasing. Mrs Chas Allen has gone to Greensboro to visit her daughter, Mrs. Van Fleming. The crop of grass on Moore square has been moved, and the yield is abundant. Col. W J Hicks has gone on a tour of inspection to the state farms on the Roanoke. Every Chicago man is supposed to blush as soon as he enters the gallery of art at the fair. A large crowd went down to Louisburg on the picnic of the Edenton Street M E church. The governor left this afternoon for Greensboro, to attend the State Normal School exercises. The year 1891 began on a Sunday and it will finish on a Sunday, so that it will contain 53 Sundays. Capt. Octavius Oke, Secretary of State, has so far recovered from his recent illness as to be in his office today. Dr G W Sanderlin has been tendered a deputy auditorship of the treasury department. The salary is \$2,350. Little Florence Boylan who was so seriously injured by the switchback railroad disaster, is expected to return home next Thursday. Chief Justice Shepherd and family have gone to their home in Washington N C., where they will remain until July. They will then go to Chapel Hill. Judge T C Fuller says he will remain in the city until July, when he will go west again. The judge in the enjoyment of the most robust health. Our sister town, Durham, is arranging to pay all due homage to the remains of Hon. Jefferson Davis, as they pass through there on the 30th inst. Several of our prominent citizens have gone to Greensboro today, to attend the commencement exercises of the State Normal and Industrial School. Important meeting of the North Carolina Monumental Association Wednesday afternoon at 5 o'clock. It is to be hoped that all interested will attend. There were twenty five graduates this year at Shaw Institute. Of these ten were in the medical department. The school is more flourishing than ever before. All who desire to be instructed concerning Marshal Ney the great French soldier, should attend the lecture of Rev. Mr Weston, at Metropolitan Hall tonight. Don't forget the dental officers are closed today. If your tooth aches or you want anything in that line, call at the senate chamber where you will be sure to find a dentist. Mrs. John Eudey has returned from Pennsylvania accompanied by her little grand daughter Miss Vivian Dolores Taylor, of Alexandria Va., who will remain in the city some time on a visit. Dr. Woods superintendent of the Insane Asylum has returned from a tour of inspection of the different northern asylums, with a view of utilizing the information in the improvements authorized by the last legislature. A special to the Wilmington Messenger from Washington City says that Mr. Murphy, a Knoxville job printer, who is also a member of the Tennessee legislature, and has had four years experience in the government printing office, is the strongest southern rival of Messrs. Broughton and Harrell for the public printing.

## Steel Bridge.

The Seaboard Air Line has ordered a steel bridge over the Haw River in place of the one recently burned. A Pennsylvania firm has the contract.

## Delighted.

The lecture of Prof Downie last night delighted a select audience at Metropolitan Hall. The illustrated views were of the most beautiful and interesting kind, while the description of scenes and events in the life of Napoleon was excellent. All present were more than repaid for their attendance.

We are always pleased to note such cases of preference given to our people and city.

## Dedication.

Today, the dedication exercises of the State Normal and Industrial School took place. The address will be delivered by ex-Gov. Thos. M Holt, followed by remarks from Gov. Carr, ex-Gov. Jarvis, Col. Exercises of the senior class will take place tonight.

## Crop Report.

The report of the week ending last evening has been unfavorable to crops chiefly on account of the cold weather which prevailed recently. It is understood that much of the cotton will have to be replanted. In the Eastern district much damage is reported from grasshoppers. In the Central district the stand of cotton is poor. In the Western district light frost is reported in the mountain regions. Much tobacco has been set out, but not promising.
