The N. C. Antiquity Society. We have only briefly alluded in a recent issue to the formation of this most important society. It deserves more than a passing notice. It must be remembered that this institution is the result of the labors of some of our most patriotic ladies. Its ends and designs are to rescue the fair brays" at 15 to per yd, worth 15c. name of North Carolina from the aspersions and oblivion that has been cast upon it in the past. The preservation of the many relics of the revolution and the late war has been dearest to the hearts of our people and to none more so than the noble ladies who were instrumental in the formation of the society. We take off our hats to Mrs Col A B Andrews, Mrs Burwell and others. May God help them in their endeavors, and may the people of North Carolina sustain them in their grand efforts to preserve the fair name of our state.
