VOL. XXIX.

RALEIGH, THURSDAY, JULY 13, 1893.

NO. 68

CITY IN BRIEF.

Judge Bennett returned to Wadesboro today.

Dr A B Hawkins has gone to the Columbian fair.

Collector Kope Elias is rapidly filling up his staff officers.

Dr. Thomas D. Hogg is taking in the World's Fair at Chicago.

Mr Benj Park has returned to the city from a trip to Virginia.

Money for the Confederate monument is coming in quite freely.

Dullness still prevails in the different departments at the capitol.

The total attendance at the recent Teachers Assembly was about 1100.

Adjutant General Cameron is enthusiastic over the encampment, this year.

Miss Nellie Shively is visiting friends at Creedmore, Granville county.

Several of our merchants are fixing to go north for goods early next month.

We hear that Mr Geo. H Snow, who has been very sick in New York, is improving.

Watermelons and cantaloupes are now coming in freely and prices dropping.

It is said that the intense heat is having a good effect in killing insects on the cotton.

The northbound fast train on the Seaboard Air Line was an hour or so late this morning.

The sanitary officers are on their rounds. See that your premises are in proper order.

The Wilmington lawyers who have been in attendance here on the Bank of New Hanover case, returned home today.

A large picnic will be given at Moresville, July 28th, for the benefit of the orphans home at Barium Springs.

We are glad to learn that the Board of Public Charities are preparing designs for county homes at the request of the commissioners of several counties.

A farmer told us today that under the heat of the past week or so the cotton crop is making much progress. He says it is "catching up" wonderfully.

By all means the Governors Guard should have their full compliment. It would be a shame if "our boys" should lose their appropriation. Let all go who possibly can.

Attention is directed to the advertisement of the Norris Dry Goods Store. The reduction in ladies and misses slippers is such as to command the earnest attention of the public.

New cross ties are being laid on the electric road between St. Mary's school and the Agricultural and Mechanical College. Manager Huff is looking after the improvement of the entire line.

The State Firemen's Association is to meet in Wilmington on the 21st inst. A letter from E G Parmele, chairman of the joint committee, to the different fire companies of the state, says that owing to an unprecedented financial depression in Wilmington it is impossible to raise the necessary funds; therefore, the tournament is abandoned.

We notice that at the recent meeting of our Chamber of Commerce a committee was appointed to prepare and submit at a subsequent meeting views relative to the stringency of the times. This is an important matter, but the gentlemen named on the committee are among our best informed citizens, and we look for not only a recount of the condition of things but the suggestion of some plan of relief. This plan can be sent to other cities, and as in a multitude of counsel there is wisdom, much good may result.

A Good Move.

It is a source of much gratification that the Teachers' Assembly urged the establishment of a state reformatory for youthful criminals. Now let the legislature at its next session make a liberal appropriation for the purpose.

Sustained.

We were informed by Judge Whitaker this morning that he had sustained the appointment of Junius Davis, as receiver of the Bank of New Hanover and that of Mr Leak as receiver of the Bank of Wadesboro.

A Noted Plant.

The paper mills at the Falls of Neuse will be operated by Messrs J N Holding and Tyndale Cobb, they having leased them for five years. These mills are among the most noted in the country, and under the management of these gentlemen will more than attain their old time reputation.

A Crash.

During the storm this afternoon the smoke stacks at the shops of Messrs Ellington & Royster were blown down. It was a general smash up, damaging the building to some extent, but fortunately no one was hurt. The crash was a terrible one, causing much excitement in the vicinity.

Each fourth of a mile of wire for extra distances, \$5; annual charge for use of toll line, 5 cents each five minutes in city limits; 15 cents for 10 miles; 25 cents for 25 miles.
