VOL. XXIX.

RALEIGH, TUESDAY, JULY 18, 1893.

NO. 72

CITY IN BRIEF.

Mr A Dughi is improving.
The school girls will be with us again before long.
The capitol keeps up the usual summer dullness.
The connecting road to Pullen Park is now in good condition.
The State Fair will begin us at an early date. Let us all boom it up.
Gov Carr will review the state troops at Bogart camp next Thursday.
The West End Baptist mission is gradually increasing its membership.
A refreshing rain fell this afternoon affording some relief to panting humanity.
Moonlight nights again and a ride to the parks on the street cars is the correct thing.
We have never known politics at a lower ebb in Raleigh than now. It is rarely ever spoken of.
The peculiarity about the thunder storms of late is that they do not seem materially to lessen the heat.
The United States Cigarette Machine Company has been organized in Fayetteville with a capital of \$100,000.

Mrs Mary J Bellamy is quite sick at the residence of her parents, Mr and Mrs Albert Johnson, on Hillsboro street.

How about another graded school building? It was the current talk some time since, but of late we hear little of it.

Most of the market carts disposed of their vegetables and fruit today before noon. There is a noticeable scarcity in the afternoons.

The new catalogue of St Mary's school is out. This flourishing institution is on the up grade and a large attendance is expected next session.

Two of the colored excursionists from Durham to Norfolk, were arrested in the latter city, and fined \$30 each for carrying concealed weapons.

Charles Trice the colored missionary who left Durham for Africa some years since is coming home on a vacation. He will have much to tell of his experience.

The outlook for theatrical performances this fall is good. Manager Heartt will have us presented with Hamlet and Richard 3d in fine style next November.

If there are any justices of the peace who have not gotten their laws of the last General Assembly, they should call at the office of the Register of Deeds for them.

There is a perfect rush of water-melons, cantaloupes, peaches and all kinds of vegetables in market today, and prices have tumbled in reach of the ordinary pocket book.

Messrs Whiting Bros come to the front today in an announcement of hot weather bargains. There is not a more reliable house in North Carolina. A call will convince any one of the fact.

In the list of delegates appointed recently by Gov Carr to attend the Pan American Congress in Chicago, the name of Dr James McKee, of this city, was inadvertently left out by the press.

We are pleased to learn that the little child of Mr A B Forrest who was supposed to have the scarlet fever is much better and that the disease is now pronounced not to have been scarlet fever.

Returns from the civil service examination, which took place at Greensboro, May 20th, have been received. Out of eight applicants only one passed, and he was colored. There were six of the applicants for clerks and two for carriers. The successful colored man wants a carrier's place, so says the Greensboro Record.

Pardoned.
A pardon was issued this morning from the executive department to D J Eaton, who has been in jail at Salisbury for the past eight months convicted of a charge of slander of a woman. The pardon was issued on applications attended with extenuating circumstances.

A New Paper.
Rev J L Michaux, of Greensboro, has started the "Little Harbinger," a new monthly paper, which made its first appearance last Saturday. It is a 20 column sheet, printed in new type and is edited in vigorous style. It is intended as a forerunner of an organ of the Methodist Protestant denomination. If it proves successful it will be issued weekly.

Why Is It?
A well informed truckster told us today that such was the product of vegetables this year that great quantities would necessarily be lost from rot and waste. In this connection, it is a pertinent question to enquire how it is that some of our capitalists do not invest in canneries in this section of North Carolina. In the matter of canning tomatoes alone, we should think the investment would be a highly profitable one.

Our Street Car Service.
We hear of many suggestions as to our street car service, and there is no end as to what is thought ought to be done.

It would be well for our people to consider the matter in a calm, dispassionate way.

In the first place, we all know that the electric street railway was conceived more as a venture than as a downright certainty. In a city the size of Raleigh it may be said that it was a mere experiment dependent on patronage it received to justify its continuance.

It must be conceded by all fair minded persons that the road has been managed with ability, and that Manager Huff has used his utmost endeavors to make it a source of convenience to our people. This being the case, it certainly should be incumbent upon the citizens of Raleigh to give the road as much patronage and encouragement as possible. If this is done, then we believe it has come to stay. Let us help all we can rather than indulge in complaints. Of course there is nothing perfect, and we feel assured that Manager Huff will cheerfully correct any evil consistent with his duties.

Every One Gets One.
Every one who buys any amount of goods from our store gets a ladies hat for nothing. Some of these are real nice lace and Milan straw.
Swindell.

No Foolishness.
We mean what we say. For the next 45 days we will sell our entire line of summer goods at a greatly reduced price. This means from 25 to 35 per cent less than any house in this state can sell them.
D T Swindell.

Straw Matting.
Large lot of straw matting remnants from 5 to 20 yards each, we will sell at a bargain.
We also have a remnant counter filled with short ends of every description. This counter is a money saving place for you.
Swindell.

Something of Interest.
We have something in our store that is of interest to every man and boy in this city and surrounding country. It is this: We want to quit the clothing business, and to do so we are offering our entire line at cost. This is a saving for you. We mean no foolishness; we say cost and that is what we mean.
Swindell.
