VOL. XXX,

RALEIGH, SATURDAY, NOVEMBER 18, 1893.

NO. 24

CITY IN BRIEF.

Locals Picked Up Here and There and Boiled Down.

The merchants all report a thriving business today.

The fine weather brought out the ladies in force today.

The State Auditor will soon be busy settling with the sheriffs.

The mail carriers of Durham have donned new and beautiful uniforms.

When will the repairs on Metropolitan hall authorized by the aldermen commence?

The authorities of the penitentiary report the health of the prison as unusually good.

The receipts of cotton today were large but there was no material advance in the prices.

It is now understood that Collector Simmons will take charge of his office on the 25th inst.

Services at the First Presbyterian church tomorrow morning at 11 a. m. No services at night.

Don't fail to call on city collector Hutchings. He is ready and anxious to write you a receipt.

There is quite an apparent bustle around the toy shops, as Christmas looms up in the near future.

The ail tears of "Niobe" will be turned to side splitting laughter at Metropolitan hall next Monday night.

Don't forget that Miss Maggie Reese has moved into her new quarters where she is anxious to serve the public.

The North Carolina and Virginia Christian Conferences meet next Tuesday near Jonesboro at 10 o'clock a. m.

Look out for chicken thieves. They are prowling around the suburbs and their raids may be frequent as Christmas approaches.

Much preparation is being made for the coming Baptist State Convention at Elizabeth City next month. Raleigh will be well represented.

J. M. Dillard, of Burnsville, N. C., has been captured in Tennessee for obtaining of money under false pretense. The governor will issue a requisition for him.

The grand amusing comedy of "Niobe" will be the great dramatic event at Metropolitan Hall next Monday night. It is the sensation of the day. Let there be a full attendance.

Although the Wilmington people were somewhat put out about Railroad rates they are determined to have a genuine old fashioned welcome week, and great preparations are being made for it.

The power house of the Electric Railway Company has been securely barred, and all the cars are stowed away awaiting events. When, or what will be the termination is yet unknown. We can only hope for the best.

We invite attention to the advertisement of Messrs Snelling & Hicks who keep constantly on hand one of the finest lines of everything in the druggist's line to be found in the city. Prescriptions carefully compounded. Remember the place, corner of Fayetteville and Morgan Sts.

"The stone which the builders rejected has become the chief stone of the corner." Verily, "Niobe," which the American and English managers rejected, when it was offered to them by the Paultons, would seem to have proven the most popular and successful comedy of the period. And when the manuscript was rejected by such eminent builders as A. M. Palmer and T. Ferry French, less persistent authors than the Paultons, would have given up the search for a manager and never would have found Abbott & Tillotson who have proven that they know a good thing when they see it. Niobe will appear on Monday, November 20, at Metropolitan hall.

Died,
Jennie, infant child of Mr C. O. Williams, corner of Peace and Salisbury streets died this morning at 10 o'clock aged about four months.

A Good Paper.
The Green-boro Record has completed its third year's existence and we are glad to know that it is on the high road to permanent prosperity. It is beyond doubt one of the best and sprightliest dailies in the State.

A Word.
From and after next Monday we will have a regular collector for the purpose of collecting payment of many accounts due the VISITOR covering a long period. We appeal to our friends with whom we have been very lenient, to promptly pay up. Each individual case is a matter of small moment but the aggregate is of importance to us in the proper conduct of the paper.

A Solicitor.
Relics for the Antiquarian society are not coming in as rapidly as could be desired. We still insist that in order to make a complete success of the matter, it will be necessary to have something like a canvass of the State. There are no doubt thousands of relics lying around that could be had on application. An energetic pushing man could arouse our people to action in the premises. Suppose it is tried.

A Good Chance.
Messrs Abbott & Tillotson who are the proprietors of the first class play "Niobe" to be presented here next Monday night offer a reward of \$5 in gold to the person who will make the largest number of legitimate words out of the name. All communications must be presented at the ticket office not later than 7 o'clock on the evening of the performance. The name of the winner and presentation of the money will be made from the stage at the close of the second act. The proposition is causing much competition. A gentleman last night had reached thirty words and still his brain was not paralyzed.

The game of foot ball yesterday between the A and M College and the University teams resulted in a victory for the former by score of 8 to 6. The college boys were highly elated and returned from the grounds with the usual yell.
