VOL. XXX.

RALEIGH, FRIDAY, JANUARY 12, 1894.

NO. 68

Hopeful

The friends of Col J M Heck are now hopeful that he will be restored to complete health. His treatment at Philadelphia has been successful.

Date Fixed.

The Teachers Assembly has fixed upon June the 19th to 30th as the date for the next Annual session. It is estimated that the attendance will be larger than last year.

Oxford Asylum.

Superintendent Black has made his annual report to the Governor. It shows there are 220 orphans and that the expenses last year were \$19,465.

Durham Post Office.

Hon A. H. A. Williams says papers have been made out and sent to the President for the appointment of Col Blackwell for post master at Durham.

Election.

At the annual meeting of the Capital Club held last night, the following officers were elected:

President, Dr Jas McKee; Vice President, Col. A. B. Andrews; Secretary, S. F. Telfair; Treasurer, Jno. A. Duncan. The house committee consists of J. A. Duncan, L. A. Mahler and F. P. Haywood, Jr.

Large Sale.

The sale of horses, carts, buggies, wagons, harness, &c. belonging to the estate of the late Thomas B Bridgers took place today in front of Stronach's auction house. There were a large attendance and the bidding was quite spirited. The prices realized were generally satisfactory.

Turned Over.

The World's Fair executive committee here turned over all the North Carolina exhibits at Chicago to the State Museum as directed. This will add immensely to the list of curiosities in the museum making it one of the most interesting places in the State to visit. Mr Harris, the curator will at once commence the arrangement of the articles.

A New Industry.

Our Durham friends are indeed prolific in their energy and enterprises. The Sun announced another idea which, to the outside world may seem queer, but in the ordinary course of things with our Durham friends. It says that for several days, two well known Durham hunters have been collecting the leg bones of chickens and turkeys. These they would boil to a whiteness and their friends wondered what in the world they were doing that for. It looked novel and many thought they were spending their time in a foolish way; but they kept boiling bones and knew what they were doing. It finally developed what it all meant. They were making turkey yelpers, and now they are giving instructions in using the yelpers, being great turkey hunters themselves. Several are already taking lessons. Now if any town can beat this we want it to call us on the yelper.

Dr Curtis the quarantine physician for Wilmington has made his report to the Governor. He says the State was well guarded by land and sea against cholera and yellow fever.

The Weather.

For North Carolina: Fair; colder tonight.

Local forecast for Raleigh and vicinity.

On Saturday: Fair; slightly colder. Local data for 24 hours ending 8 a m today.

Maximum temperature, 54; minimum temperature 35; rainfall 0.06

Synopsis: The low pressure area, which caused rain over a large portion of the country yesterday has passed off, the coast, and is followed by clear fine weather throughout the south and west. The prevailing weather is due to a large area of high pressure for anti-cyclone which is central over Arkansas, Tennessee and Texas. This high pressure is dominating the weather everywhere east of the Rocky Mountains, except in the extreme north, where influence is not felt decidedly.

Steam Power.

How would it do to apply steam power to our electric road, and put the plant on its feet again? This question was asked by a practical citizen today who declared that the cost of operating would be much cheaper than by the electric system. It is carried out on some of the lines in Atlanta, Ga, with much success. We think the scheme worthy of a trial, especially if there is a chance of reviving the road in a permanent manner. Any power is better than none.

It is thought that the Settle-Williams election case came up before the House committee on elections today.

A bill has been introduced in Congress to pension ex-slaves over 40, ranging from \$4 to \$15 according to age.

She will tell you if you don't see them. This sale will be strictly cash, and the goods will not be delivered by wagon.
