Four Big Successes. Having the needed merit to more than make good all the advertising claimed for them, the following four remedies have reached a phenomenal sale: Dr King's New Discovery, for consumption, coughs and colds, each bottle guaranteed—Electric Bitters, the great remedy for liver stomach and kidneys; Bucklen's Arnica Salve, the best in the world, and Dr King's New Life Pills, which are a perfect pill. All these remedies are guaranteed to do just what is claimed for them and the dealer whose name is attached herewith will be glad to tell you more of them. Sold at John Y MacRae's drug store.

On their return from New Orleans last week US Senators McMillan of Michigan, and Manderson, of Nebraska, spent a couple of days in Asheville, and were delighted with the beautiful scenery. Mr McMillan says it is the "finest he has ever beheld," and Mr Manderson was "not prepared to behold such marvelous scenery." There are lots of things down in this country that would open the eyes of gentlemen up there who confine their meanderings to the other side of the line. It would do them good to come down and take a look occasionally.—Wilmington Star.

A Quarter Century Test. For a quarter of a century Dr King's New Discovery has been tested, and the millions who have received benefit from its use testify to its wonderful curative powers in all diseases of throat, chest and lungs. A remedy that has stood the test so long and that has given so universal satisfaction is no experiment. Each bottle is positively guaranteed to give relief, or the money will be refunded. It is admitted to be most reliable for coughs and colds. Trial bottles free at John Y MacRae's drug store. Large size 50c and \$1.

A LADY BURIED ALIVE. PETERSBURG, Va., February 16—A rather startling report is in circulation today, which has the appearance of authenticity, though no names are given. Some time ago the body of a lady was brought here for interment, and as the husband had no square in the cemetery, the remains were temporarily interred in the grounds of a friend. Recently the husband purchased a square, had it fixed up nicely, and then had the remains of his wife disinterred for removal there. Upon his request the coffin was opened that he might view the body, when it was discovered that the body was lying face downward, with hands clasped in the hair. The painful evidence was that the deceased had been buried alive, and that life revived after the burial.

Mr Bland expressed himself as confident that his seigniorage bill will pass the House by a safe majority.
