WHY IS IT ?- That dog's tails always curl to the left? We have a ferocious desire to know the reason .- Phil. Times.

Because it is right they should .- Picayune. No. We have found it out. Dogs can't do without a curl in their tails, and if the curls were to the right they would lose them--because there would be no curls left .- Cincinnati Enquirer.

Most logically demonstrated. The writer ought to be presented with a dog's tail preserved in vinegar, for his ingenuity .- Picayune.

'Keep dark,' as the loafer said to the negro.

Why is a man with his eyes shut like an illiterate schoolmaster? Because he keeps his pupils in darkness.

Never be induced to drink for fear of losing the character of being a 'good fellow.'

If you are dining out en famille, be sure to notice, caress, fondle, and kiss all the sons and daughters under twelve years of age; and permit the little interesting vagabonds to pull you about, sprawl over you, and soil your cloths; and although you may be smothering with rage, smile benevolently on them all.

A Knowing Lad .- A schoolmaster in Connecticut, while examining a boy from Rhode Island, in his catechism, asked the following question ;- 'How many Gods are there?' The boy after scratching his head some time, replied, 'I don't know how many you've got in Connecticut-but we have none in Rhode Island.'
