(From the University Magazine.)

**SONG,**

BY ROBERT GILFILLAN.

Inscribed to his Niece, Miss Marion L. Gilfillan.

My own, my true-loved Marion!  
No wreath for thee I'll bring;  
No summer-gathered roses fair,  
Nor snow-drops of the spring!  
O! these would quickly fade—for soon  
The brightest flowers depart;  
A wreath more lasting I will give—  
A garland of the heart.

My own, my true-loved Marion!  
Thy 'moro of life was gay,  
Like to a stream that gently flows  
Along its lovely way!  
And now, when in thy pride of noon,  
I mark thee, blooming fair;  
Be peace and joy still o'er thy path,  
And sunshine ever there!

My own, my gentle Marion!  
Though 'tis a world of wo,  
There's many a golden tint that falls  
To gild the road we go!  
And in this chequered vale, to me  
A light hath round me shone,  
Since thou cam'st from thine highland home,  
In days long past and gone!

My own, my true-loved Marion!  
Cold, cold this heart shall be,  
When I shall cease to love thee still—  
To cheer and cherish thee!  
Like ivy round the withered oak,  
Though all things else decay,  
My love for thee shall still be green,  
And will not fade away!

**NO. 109 BOWERY SHADE.**

THIS establishment, situated near the late 'Cottage' on the West side of the State Square has been re-opened, and re-fitted, and re-furnished with the best Liquors, that have ever reached the City of Raleigh. To be short, the Bar of No. 109 is now the most complete Bar in the City.

The Proprietor, has also made preparations, to furnish, at any time, and at all times, suppers, snacks, and refreshments—something more than a cracker and a piece of cold ham. All that I ask, is to give No. 109 a fair trial, and it will prove to be ahead of the Fashion!

**CONFECTIONARY,

**G. W. & C. GRIMME,**

THANKFUL for the encouragement they have heretofore received, inform their friends and the public in general, that they opened at their new stand, corner of Fayetteville and Hargett streets, a choice assortment of Goods in the above branches, by far larger than formerly kept, and as they always sell at very moderate prices, they hope to merit a continuance of favors. Their new supply consists in:

- CONFECTIONARIES—a fresh and large assortment.
- PERFUMERY—choice articles.
- MUSICAL INSTRUMENTS—finest to the lowest quality.
- BOOKS especially for children.
- FENCING AND BOXING APPARATUS—every thing in this line.
- FANCY GOODS—a very great variety.
- GAMES AND TOYS.
- JEWELLERY, of fine Gold and Silver, as well as German Silver and Pinchback.
- DRY GOODS.

In fact the variety of articles on hand are very numerous, all of which will be sold on reasonable terms for cash.

**TO PRINTERS.**—A Composer who has served his time in the Office of "The North Carolina Standard," and can come recommended for sobriety, capability and industry, wants a situation in some Office in North Carolina or the adjoining States. Address the Editor of the "Standard." Raleigh, July 9, 1842. 24-f.

CASH—wanted at this Office.

**COFFEE HOUSE.**

**THE SUBSCRIBER**, at the solicitation of a number of his friends in the City and the country, has fitted up, and opened the house formerly occupied by the Messrs. Grimme, on Fayetteville St. as an Eating House, under the name of the Coffee House. It has been long thought, that one such an establishment was wanted, and would do well in Raleigh; and, impressed with the correctness of this thought, the subscriber has spared no pains in rendering the interior, suitable to his business. His Bar room, Eating-room and Reading-room, are three distinct apartments.

At any hour, at a very short notice, Snacks, or dishes, of the very best afforded by a Southern market, can be obtained. Country gentlemen who visit the city, would find themselves highly accommodated, to call and get a twelve o'clock snack. City gentlemen wishing snacks after night, or at any time, can certainly be suited at the Coffee House.

My BAR, which will be furnished at all times with the very best Liquors, will also be attended by accommodating and experienced Clerks. In short, regularity will be the order of the day.

My Reading Room, to entertain gentlemen who may be waiting for Snacks, &c., will be supplied with Northern and Southern papers of the latest dates, having made arrangements with a printer of the City to keep the rack well stored with interlectual fodder.

All I ask, in conclusion, is a liberal share of patronage, and I am determined to carry every thing to perfection.

JOSEPH BETTS.

**HATS! HATS!**

**IMPORTANT WORK,  
NOW IN THE COURSE OF PUBLICATION.  
A DICTIONARY**

Of Arts, Manufactures, and Mines, containing a clear exposition of their principles and practices.

By Andrew Ure, M. D. F. R. S. M. G. S. M. A. S. Lond. Mem. Acad. N. S. Philadel. S. Ph. Soc. N. Germ. Hanov. Mullin, &c. &c. Illustrated with one thousand two hundred and forty-one engravings.

**THIS** is unquestionably the most popular work of the kind ever published, and a book most admirably adapted to the wants of all classes of the community. The following are the important objects which the learned author endeavors to accomplish:

- 1st. To instruct the Manufacturer, Metallurgist and Tradesman in the principle of their respective processes, so as to render them, in reality, the masters of their business; and, to emancipate them from a state of bondage to such as are too common governed by blind prejudice and a vicious routine.
- 2ndly. To afford Merchants, Brokers, Dry-salters, Druggists, and officers of the Revenue characteristic description of the commodities which pass through their hands.
- 3rdly. By exhibiting some of the finest developments of Chemistry and Physics, to lay open an excellent practical school to Students of these kindred societies.
- 4thly. To teach capitalists, who may be desirous of placing their funds in some productive branch of industry, to select, judiciously, among plausible claimants.
- 5thly. To enable gentlemen of Law to become well acquainted with the nature of those patent schemes, which are so apt to give rise to litigation.
- 6thly. To present to legislators such a clear exposition of the staple manufactures, as may dissuade them from enacting laws which obstruct industry, or cherish one branch of it to the injury of many others.

And lastly, to give the general reader, intent chiefly on Intellectual Cultivation, views of many of the noblest achievements of Science, in effecting those grand transformations of matter to which Great Britain and the United

States owe their permanent wealth, rank and power among the nations of the earth.

The latest statistics of every important object of Manufacture are given from the best and usually from official authority at the end of each article.

The work will be printed from the 2d London Edition, which sells for \$12 a copy. I will be put on good paper, in new brevier type, and will make about 1400 8vo. pages. It will be issued in twenty-one semi-monthly numbers in covers, at 25 cents, each, payable on delivery.

To any person sending us five dollars at one time in advance, we will forward the numbers by mail, post paid, as soon as they come from the press.

To suitable agents this affords a rare opportunity, as we can put the work to them on terms extremely favorable. In every manufacturing town, and every village throughout the United States and Canada subscribers may be obtained with the greatest facility. Address, post paid, D. Appleton & Co. 126, Fulton street, New York.

To every editor who gives this advertisement entire 12 insertions, we will forward, to order, one copy of the whole work, provided the paper containing this notice be sent to the New York Watchman, New York.
