He was sent to the emergency hospital, with a fellow workman, who developed the disease at the same time.

It is necessary that all vessels leaving New Orleans for American ports be fumigated and carry a pratique from the responsible health authorities. This work is done by Dr. Thomas at the quarantine station, but henceforth the certificates will be issued by the Marine Hospital Service. This afternoon Dr. White went down to the quarantine station on the Porto Rican steamer Arcadian to look into the service and arrange for the issuance of the certificates.

He was noticed as he passed the Wiggs' place the other side of Wakefield. Later his hat was found in the road, about 50 yards from where the dying man was later discovered. Justice Whitley and Mr. Griffin were attracted to the spot by reason of the gathering of a number of people. They at once realized the extremity of the man's condition and immediately summoned Dr. C. V. Caviness, who pronounced him dead from heart trouble. Just above the eyes there was a partially dried runlet of blood, and it was first thought the man had possibly been shot as he sat in his wagon, but this was soon recognized to be of no import as a slight scratch was revealed when the scale of blood was ces of the coroner were not deemed Girl with the Julia Marlowe Dim-necessary.
