VOLUME 27.

RALEIGH, N. C., TUESDAY, SEPTEMBER 26, 1906.

PRICE 5c.

## DEATH'S TOUCH STILL LINGERS

**A Report Issued By the Railroad Shows a Large Increase in the Incoming Passenger Business, Indicating the Return of Citizens.**

(By the Associated Press.)  
New Orleans, Sept. 25.—Reports for the last forty-eight hours covering new fever cases, deaths and food are encouraging. Dr. Pochler and the investigators who have been working independently in an effort to discover the yellow fever germ, have not yet succeeded. Dr. Pochler found certain *Histiotrofo* undifferentiated cells in blood taken from patients during the first three days' illness, but until these cells are definitely located in *Stegomyia* during the period of infection, it will not be possible to announce the success of the investigation. Bacteriologists representing the government, said that so far as they know the identity of the germ has not been established.

**Monday's Fever Record.**  
New Orleans, La., Sept. 25.—The yellow fever report to 6 p. m. Monday was as follows:  
New cases, 27; total to date, 2,865.  
Deaths, 3; total to date, 370.  
New foci, 7.  
Patients being treated, 282.  
Patients discharged, 2,216.

The great majority of the new cases being reported lately come from the seventeenth and eighteenth wards which developed into the real battleground of the fever campaign as soon as the situation in the original infected district was placed under control. Monday's report shows most of the new cases in that territory.

The usual *luzo* report of new cases in New Orleans for Monday was given out yesterday, showing almost as many additions to the list up to noon as were reported for all of Sunday. Several of the new cases were unearthed Sunday as "suspectious" and the investigation was not completed until yesterday. Outside of New Orleans the fever shows an annoying persistency to hold on with no serious increase of infection or foci.

Two of the local theatres have opened and are doing a flourishing business. Two more are to throw open their doors next week. The railroads report a large increase in their incoming passenger business, indicating the return of New Orleansians who have been away.

**Fever Death at New York.**  
New York, Sept. 25.—Jose Macaira, a coal passer, died of yellow fever at Swineburne Island, New York quarantine detention hospital. He was removed from the steamer Havana from Colon Sunday, but fever did not develop sufficiently to be diagnosed until late yesterday. The body will be cremated.

## MAMMOTH DRY KILNS

**Will Be Erected for a Furniture Company at a Cost of \$10,000.**  
(Special to The Evening Times.)  
Burlington, Sept. 25.—Contractor J. C. McAdams, of this place, has just shown your correspondent blue prints for three mammoth dry kilns, which he is erecting for the White Furniture Company of Mebane. The buildings are being built of cement block, are 124 feet in length, and when completed will hold 30 car loads of lumber. The cost of these buildings will be about \$10,000.

## NEW YORK FINANCIERS

**Complete a Deal of \$50,000,000, and Other Similar Ones are Pending.**  
(By the Associated Press.)  
Cleveland, Ohio, Sept. 25.—The leader, says: The Standard Oil group of New York financiers has obtained control of traction securities in Ohio and Indiana, with a par value of \$83,000,000, at a reported cash outlay of \$50,000,000. Other similar transactions are known to be pending.

## A MILLION DOLLAR CONTRACT

**Has Been Signed for a Steel Bridge to Connect Morehead City With Beaufort.**

(Special to The Evening Times.)  
Goldboro, N. C., Sept. 25.—The Atlantic and North Carolina Railroad has now in service several hundred handsome new box cars, painted deep green, with the company's new scroll and name in cream color on the side, which passed through Goldboro a few days ago, on their way to New Bern to be put in service on the A. and N. C. R. R. The

old "Miller" is certainly coming to the front in physical improvement and handsome new rolling stock. A number of important changes on the A. and N. C. yards and results made on the old freight warehouse will take place in the near future. A contract has been given out for a new locomotive to be put in service by the first of October. A contract has been given out for a million dollars for a new steel bridge to connect Morehead City with Beaufort, N. C. Eight flat cars of steel work passed through Goldboro last Thursday on their way to Morehead to use in the construction of the new bridge. It will be the most handsome and most substantial steel bridge in the State of North Carolina.

## WILL STUDY MAN.

**Is to Spend a Year Among the Savages of the Central Zone.**  
Antwerp, Sept. 24.—Prof. Frederic Starr, of the University of Chicago, arrived here today en route to Africa, where he is going to spend a year among the savage tribes of the central zone. As the region which he expects to visit is under the control of Belgium, he has come here first to make arrangements with the authorities which will enable him to penetrate the region under the Congo protectorate. He hopes to reach Bona, at the mouth of the Congo, the middle of October, and will go overland to the jungle of Ndombi, where he will live with the natives for a year. Civilization has not reached this region and little is known of the people, who are considered the most interesting in the world for anthropological research.

## Alaska Season Ending.

Seattle, Wash., Sept. 25.—Within a day or two the Alaska season will be closed so far as shipments to the north are concerned. All the north coast lines are preparing for the rush of out-comers from all points in Alaska. They are beginning to arrive now, and boats are preparing to leave for the last trip of this season to Nome. On the whole the season has been a splendid one.

## THE SCENE OF DARK TRAGEDY

**The Police are Confident That the Young Woman Whose Body Was Found, Horribly Mutilated, Was Murdered While on the Train.**

(By the Associated Press.)  
London, Eng., Sept. 25.—The Mertham Tunnel of the London and Southeastern Railway, where the brutal murder of Frederick T. Gold by Percy Lefroy, alias Mapleton, occurred June 27, 1881, again has been the scene of a mysterious tragedy, the details of which so far as ascertained, are markedly similar to that of a quarter of a century ago. In the present case the victim is a young woman, Mary Money, whose body was horribly mutilated. A long veil was tightly wedged in her mouth and the police are confident the woman was murdered in a compartment of the train on which she was traveling and her body thrown from the car. The fact that none of the doors of the train on its arrival at Red Hill was open is considered to prove conclusively it was not a case of suicide. Miss Money left home Sunday evening, saying she would not be gone long.

**No Clue to Mystery.**  
The affair thereafter is a complete mystery. No ticket was found on the body and no one has been able to explain under what circumstances the young woman entered the train, or where she was going. If she was murdered, as is supposed to be the case, the murderer disappeared without leaving any trace. The cars furnish no clue to the crime, which could not have occurred anywhere but in a railroad car divided into isolated compartments, such as are used on British railways.

## Willie-Buhlin Fight.

Salt Lake City, Sept. 25.—John Willie, of Chicago, and Gus Buhlin will meet here to-night in a twenty-round fight. The bout has been changed twice owing to the primary elections, but the postponement has not taken away any of the interest from the contest.

## Shot Himself in Head.

Philadelphia, Pa., Sept. 25.—William Kirkpatrick, the Philadelphia agent of the Northwestern Mutual Life Insurance Company, of Milwaukee, was found in the bathroom of his apartments with a bullet wound in his head. He had shot himself some time during the night.

## NEWS FROM HIGH POINT

**An Employer of a Furniture Factory Lost Both Hands in an Accident—Police Have Heavy Day—Other Items of Interest.**

(Special to The Evening Times.)  
High Point, Sept. 25.—Mr. Bunnigton, an employee of a furniture factory at Thomsville, is in the hospital here. In an accident at the factory he lost both of his hands. Notwithstanding this great affliction visited upon the young man he is taking it quite cheerfully and is doing as well as could be expected under the circumstances.

Mr. Will L. Smith left last night for Idaho to reside. Mr. Smith's family will follow later. He lived in the West a good many years and was in the drug business at Moscow, Idaho, when he returned to North Carolina with his family. Mr. Smith likes the West and returns to his "old love" to again engage in the drug business.

As a result of the Stuart meetings about 150 people have joined the various churches of the city. One of the largest funeral processions ever seen followed the remains of the late Mrs. J. W. Burton to their last resting place yesterday afternoon.

Mr. W. T. Parker of this place has gone to New York to attend the funeral of the late Mr. Elliott. Mr. Parker's uncle, who died in Germany a few weeks ago. Mr. Parker was accompanied by his mother, Mrs. Deborah Parker, who will visit relatives in Baltimore before returning.

The Normal and Industrial School here for colored people opened with the largest attendance in its history. Yesterday was quite a busy day with the police. Several drunks and down had to be dealt with, some of whom were unmanageable. A young man who has grazed the walls of the city jail on many occasions and one of whom has been on the county roads were again arrested. Another case worth mentioning was that of a young man who had for the first time been locked up. He felt the humiliation greatly and repeatedly begged to be let out, saying that he would never drink again, and that the disgrace would kill him. His sobs were pitiful and he begged to be shot rather than stand the disgrace. He had married only two weeks ago. The young man was finally let out, a much wiser fellow. It is thought.

Several of our prominent young men have been cited before a "board of inquiry" called to take evidence looking to the arrest of parties handing out blind tiger liquor and beer. We learn that several more will be called upon to give evidence. As a result of these investigations, the boys are not talking much and very few can be found who will say they "know" where booze can be found. The mayor and other officers of the town appear determined to drive the dangerous monster called a blind tiger from the city.

Mrs. W. P. Pickett and children are at Mt. Vernon Springs for a stay of several days.

## Dowie Goes to Mexico.

Zion City, Ill., Sept. 25.—John Alexander Dowie started for Mexico today, where he intends establishing a new Zion City. There is said to be a growing feeling here that "Elijah H. S." Mexican plantation scheme ultimately means the removal of his headquarters to the neighboring republic. One of the reasons advanced for the belief is that the climate causes the leader much inconvenience and that he believes his health would be better nearer the tropics.

## COURT CONVENES TODAY

**Judge Justice Makes Able Charge to the Grand Jury—Hearing of Mandamus Against City With Dr. Had To-Morrow.**

The Superior Court convened this morning at 10 o'clock. Judge Justice presiding. The Grand Jury met at 11 o'clock and was addressed by the judge. The jury was sworn and the court adjourned until tomorrow at 10 o'clock.

Among other things, the judge said that the jury should be impartial and that they should not be influenced by any party or interest. He also said that the jury should be guided by the law and the facts of the case.

The hearing of the mandamus against the city will be held to-morrow at 10 o'clock. The case is one of the most important of the season.

The case of *Watts v. State* was argued to-day. The judge made an able charge to the grand jury, in which he pointed out the importance of their duty and the need for impartiality.

## ANOTHER CONTEMPT CASE

**Evangelist Stewart Holding Re-arrest—To Appeal to Governor for Pardon—Police Seize Whiskey—Busted by Masons.**

(Special to The Evening Times.)  
Durham, N. C., Sept. 25.—Evangelist George H. Stewart of Tennessee is now producing a series of new songs in Durham and great crowds are being held in the Park and Warehouse and the First Baptist church. The church is used for the morning service on account of the warehouse having to be used for the sale of tobacco and at night the warehouse is used.

**Sentenced for Contempt.**  
Hours Brown, of East Durham, was sentenced to the county jail for contempt because he was tried for being drunk and also for cursing Officer Pleasant who arrested him, and he is now in jail under sentence for contempt of court. The Justice gave him ten days in jail and fined him \$10 for the violation.

**Busted by Masons.**  
The remains of the late J. F. Bobbitt, a prominent West Durham citizen, were laid to rest in Maplewood Cemetery this afternoon at 2:30 o'clock. He was a member of the Masonic order and was interred with the honors of that order.

**Police Seize Whiskey.**  
It is almost a daily occurrence that the police seize whiskey that is brought into the city from country stills—"moonshine plants." Yesterday one of the officers seized four gallons from two negroes and the negroes were promptly arrested by Federal authorities and sent up to court. Last night there was another seizure of two gallons.

**County Will Hire Labor.**  
It has been decided by the county commissioners to build the new road from here to Chapel Hill at once and in order to do this it will be necessary to build the road with hired labor. There was quite a demand for this road and the commissioners will next week pass an order that the work be done at once.

**Will Ask Pardon.**  
Petitions are being prepared and will be presented to Governor Glenn at an early date asking for the pardon of W. R. Murray, who was convicted for killing J. S. Murray last fall and given two years on the roads. When presented the petition will be an immense one. Some say that ten thousand names will be on the petition.

**THE PRESIDENT'S ESCORT**  
At Raleigh Will Be the Charlotte Artillery.  
(Special to The Evening Times.)  
Charlotte, N. C., Sept. 25.—At the meeting of the Charlotte Artillery, Battery A, North Carolina State Guard, last night, it was decided that the Battery would accept the invitation to act as President Roosevelt's escort and guard during his visit in this State. The Battery will go to Raleigh on a special train, carrying horses and all equipment, except the Gatlings. The company will join the President's party at the State capital and will then assume its detailed duty, mounted as light cavalry.

**SCHOONER SUNK**  
And One of the Crew Was Drowned  
Capt. Williamson Files Protest.  
(By the Associated Press.)  
Newport News, Va., Sept. 25.—The steamer Bayport, en route to Boston, with coal, ran down and sunk the schooner Job H. Jackson, off Thimble Light last night. One member of the schooner's crew was drowned. Captain Williamson has filed a protest.

**New Corporations.**  
There were issued to-day from the office of the Secretary of State the following charters:  
The Meyer's Company, at Greensboro, with a capitalization of \$100,000. Of this amount \$25,000 has been paid in, with which the company will commence business. The incorporators are A. H. and W. D. Meyer, of Greensboro, and C. M. Guggenheimer, of Lynchburg, Va.  
The Linn Company, at Landis, in Rowan county, will conduct a general merchandise business and will sell hardware, furniture, agricultural implements and fertilizers. There has been paid in \$5,000 of a total capital stock of \$10,000. Incorporators are Messrs. J. P. E. L. and C. A. Linn, T. E. Wright and C. E. Deaton, all of whom are residents of Landis.

**OPERATION WAS SUCCESSFUL**  
And the Duchess of Marlborough Will Shortly Leave the Hospital.  
(By the Associated Press.)  
New York, Sept. 25.—Dr. Curtis says the operation on the Duchess of Marlborough (formerly Miss Consuelo Vanderbilt), was not a throat trouble, but for nasal difficulty, and to remove a slight deafness which resulted from a fall received by the Duchess in her youth. Dr. Curtis said the patient would probably be able to leave the hospital by Thursday.

**DIED FROM PARALYSIS.**  
Funeral of Respected High Point Citizen Held To-Day.  
(Special to The Evening Times.)  
High Point, N. C., Sept. 25.—S. Campbell, who was stricken with paralysis Friday night, died this morning, never regaining consciousness. The funeral services were held this afternoon—the same day of his death. Mr. Campbell leaves a wife and three stepchildren, all of whom were present when the end came.

**An Appreciated Testimonial.**

Publishers Raleigh Times, Raleigh, N. C.

Gentlemen: I am pleased to inform you that I have advertised in several papers in North Carolina, but I get better results and more orders from The Raleigh Times ad. than all other papers in the State put together.

Yours respectfully,  
W. H. BROUGHTON.
