The czar's presence at St. Petersburg is demanded by urgent matters; conditions in the Caucasus are not by any means tranquil and there are matters in connection with peace negotiations that need his attention. THE CARTER CASE.

Defendant Has Been on Witness Stand for Six Days.

(By the Associated Press.) Chicago, Sept. 29.—The cross-examination of former Captain Carter, who is fighting to prevent the confiscation of \$600,000 seized at the time of his arrest on the charge of defrauding the government, was continued before Special Examiner Wyman. The defendant has been on the witness stand continuously for six days, but gives no physical indication of the ordeal. Both sides are anxious to complete the taking of testimony at the earliest moment, so the case may be referred to United States Circuit Judge Kohlsaat for a decision without unnecessary delay.

When the hearing was resumed, Assistant United States Attorney General Erwin questioned the defendant regarding seven Wabash Railroad bonds purchased by Captain Carter and his father-in-law, R. F. Westcott, in New York late in 1892, for \$10,325. The defendant said it was one of many purchases made by himself and his father-in-law. They were in partnership in several deals in some cases, the witness said, he simply acted as the agent of Westcott. Later he made a full accounting to his father-in-law and received receipts for all the money paid over.

NO CLUE AS YET TO THE MYSTERY

The Thief Who by Means of a Forged Check Secured \$360,000 Worth of Securities Has So Far Baffled the Police.

(By the Associated Press.) New York, Sept. 29.—So far as could be ascertained no attempt has been made by the thief, who got possession of \$360,000 worth of securities by presenting a forged check for them at the National City Bank yesterday, to dispose of them. Detectives and financial men interested in the loss, are making every effort to prevent the negotiation or sale of the securities and to find the young man, who presented the forged check bearing what purported to be the signature of Pearl and Company, owners of the securities.

An official of the National City Bank, who described the transaction involving the surrender of the securities by the bank, said they did not differ from many bona fide transactions, common in the financial district.

It was stated that the young man for whom detectives are searching, was probably only an office boy and may have been acting in behalf of some more experienced operator.
