

# THE RALEIGH EVENING TIMES

VOLUME 47.

RALEIGH, N. C., THURSDAY, OCTOBER 4, 1906.

PRICE 5c.

## THE YELLOW FEVER RECORD

There is Nothing Out of the Ordinary in the Present Situation at New Orleans and the Cities are Much Encouraged.

(By the Associated Press.) New Orleans, Oct. 3.—Jefferson parish, St. Mary's parish, in which Patterson is located, and Lafourche parish, in which Leesville is situated, are the only parishes in which there is now any serious yellow fever infection. Additional series have been sent to Patterson and further medical help is to be sent. In New Orleans the cases under treatment have now fallen to 134, the lowest since the fever started. Of these about 30 are above Canal street, comprising more than half the city. In the originally infected district there has been but one new case in five days.

Wednesday's Fever Record. New Orleans, La., Oct. 3.—The official report of the yellow fever situation in this city yesterday was as follows: New cases, 22; total to date, 3,094. Deaths, 5; total, 400. New foci, 6. Patients being treated, 194. Patients discharged, 2,590.

There was nothing out of the ordinary in the fever situation yesterday. Only two of the new cases are above Canal street. Five cases were reported by Dr. Merreux, the health officer of St. Bernard, which, while in the city of New Orleans, are almost on the border of St. Bernard parish. One case came from St. Bernard parish to the French asylum on St. Ann street, which has over a score of cases to date. None of the other asylums have reported any more cases. Of the deaths only one was up town and another was in the Emergency Hospital.

### OF COURSE THEY'LL BE HERE.

The Entire State Will Take a Great Pride in President's Visit.

The following little story is clipped from the columns of The Washington Post and will be read with interest by every one in Raleigh and the surrounding country as well: "Over 50,000 people will greet President Roosevelt at Raleigh when he visits North Carolina, during his proposed Southern trip," said former Congressman H. P. Cheatham, of that State, at the Riggs. "Although two of her sons were President, and visited the State while in office, as did President Buchanan and Henry Clay, each being enthusiastically received, the reception of the President will be the greatest in the history of the Commonwealth.

"Recently I made a trip through the State, and I was astonished at the interest manifested in the President's visit. The enthusiasm was not of the partisan kind, but, on the contrary, there seemed to exist a spirit of friendly emulation between all political classes as to which could shout the praises of President Roosevelt the loudest. The people residing in the principal towns, which do not include a stop of the presidential train, will send large delegations to participate in the principal reception at Raleigh."

### WHISKEY BY THE WHOLESALE.

Railroad Man Figures Out the Inpour of Whiskey into Charlotte. (Special to The Evening Times.)

Charlotte, N. C., Oct. 5.—A representative of the Southern Railway testified the other day that one drug store here had received 17,000 pounds of whiskey by freight over his road since the first of last January. He added that the quantity was not unusual, meaning that other drug stores used about the same. If this be true the seven stores of the city must have bought about 118,000 pounds of liquor in the same time. A gallon of good whiskey weighs ten pounds and a poor gallon eight. Therefore, something like 14,000 gallons of the cook's remedy has been delivered here since the first of the year by one railroad. If from other sources that much has reached the city the total must sum up about 28,000 gallons, which would give the city 100 gallons a day.

### HIGH POINT ITEMS.

Interesting News From the Busy Manufacturing Town. (Special to The Evening Times.) High Point, Oct. 5.—Prof. Charles F. Tomlinson, of the Tomlinson Chair Manufacturing Company, has been elected president of the Manufacturers' Club, at this place. A young white man from the coun-

## FIRE CAUSES DEATH AND PAIN

Three Children Burned to Death. Their Parents Saved in a Dying Condition and Other Destructive Accidents Occur at Fire.

(By the Associated Press.) New York, Oct. 3.—Three children were burned to death, their parents rescued and taken in a dying condition to St. Mary's Hospital, and other tenants sent to hospitals suffering from burns and two women killed in the record of a fire in a four-story flat house in Reid avenue, Brooklyn, late last night. The dead are Charles Donnelly, aged 3 years; Robert Donnelly, aged 4 years; and Katherine Donnelly, 12 years. Other incidents of the fire were the birth of a child while the mother was being removed from the burning building and an accident which wrecked Fire Chief Croker's automobile, and in which the chief narrowly escaped a serious accident. The fire is believed to be incendiary.

### CORONER ACTS AS SHERIFF

Harnett's Commissioner Will Name Successor to Sheriff Pearson at Next Meeting—Several Mentioned as Probable Candidates.

Lillington, N. C., Oct. 5.—The untimely death of Sheriff W. F. Pearson was a great shock to the people of our county, and his loss will be felt by all. A successor to Sheriff Pearson will be named at the next regular meeting of the Board of County Commissioners, and in the meantime Dr. J. E. Cavness, coroner of the county is acting as sheriff. There have been several names mentioned to succeed Sheriff Pearson, among those being Dr. Cavness and Mr. Claude Stewart. There will no doubt be other candidates before the board meets.

### NOT WORTHY OF A NOB

A Strong Sentiment Has Developed in Russia Against M. Witte.

(By the Associated Press.) St. Petersburg, Oct. 5.—A strong sentiment against M. Witte developed at the caucus of the St. Petersburg municipality called to discuss civil action in recognition of his services at Portsmouth. "Suggestions that a banquet be given and that he be presented with the freedom of the city or an address, were rejected and a resolution was adopted declaring that he is not worthy of any special honor because his services at Portsmouth, "were only a redeeming sacrifice for political mistakes in which he has acquiesced and which were responsible for the war."

### DISTRICT ATTORNEY JEROME

Will Not Ask for Grand Jury Investigation at Present.

(By the Associated Press.) New York, Oct. 5.—District Attorney Jerome has decided he will not have an extraordinary grand jury to investigate the insurance matter at present, as the matter is now being investigated by a competent committee and counsel and an inquiry by the grand jury would complicate matters. Later he may present the matter to the grand jury.

### Cure for Tuberculosis.

(By the Associated Press.) Paris, Oct. 5.—Professor Behring, the discoverer of an anti-diphtheria serum, announces, according to The Matin, that he has found a cure for tuberculosis. The nature of the cure, Professor Behring says, he will divulge next August.

### To Attack Cabinet.

(By the Associated Press.) Tokio, Oct. 5.—In passing the peace treaty yesterday the privy council has clearly impressed upon the anti-peace agitators the impossibility of a refusal to ratify it. The energies of the latter will now likely be concentrated on an attack upon the cabinet.

### Baracca Class to Meet.

The regular semi-annual election of men's Baracca Class of the Tabernacle Baptist church, will be held this evening in their rooms. All the members are earnestly asked to be present. Light refreshments will be served after the meeting.

### Steamer Floated To-Day.

(By the Associated Press.) Norfolk, Va., Oct. 5.—The Italian steamer Clitta di Palermo was floated at noon to-day.

## TWO MEN MURDERED

Instead of One Man Being Killed as Told in The Times, Two Men Murdered at Charlotte.

(Special to The Evening Times.) Charlotte, N. C., Oct. 5.—The story that R. L. Parkers, a well-known insurance agent, was shot and killed by a man named W. J. McCall, who was the driver of a motor car, was a mistake. The correct story is that two men were murdered at Charlotte, N. C., on Monday night last. The men were identified as Robert H. Parkers and James H. McCall. The murder was committed in the city of Charlotte, N. C., and the bodies were found in the city. The police are now investigating the case and have arrested several suspects. The police are also looking for more information about the murder.

### New Life Insurance Company for Charlotte.

(Special to The Evening Times.) Charlotte, N. C., Oct. 5.—The Conservative Mutual is the name given the new life insurance company which was organized in the city last night. It is the purpose of the new company to take over the business of the Eastern Life and to carry on the work that this company has already begun in this State. The new concern starts out with a paid-in capital stock of \$100,000, and with the backing of a number of the best business men of the city. The following are the officers of the new company: Capt. T. S. Franklin, president; J. N. McCausland, vice president; Chase Brenner, secretary; A. E. McCausland, treasurer; Dr. R. L. Gibson, medical director, and F. M. Dancy, general manager.

### St. Anant the Winner.

(By the Associated Press.) London, Oct. 5.—The race for the Jockey Club stakes of \$50,000 for 3 year olds and upwards, at a mile and three-quarters, at Newmarket, was won by St. Anant, with Polyphemus second and Mondamin third.

### Charged With Forgery.

(By the Associated Press.) Peoria, Ill., Oct. 5.—N. C. Dougherty, for many years superintendent of schools and one of the most prominent educators in the country, is under arrest following an indictment charging forgery.

### Protection and the South.

During the last fiscal year the United States exported, in round numbers, merchandise to the value of \$1,500,000,000. Of this stupendous sum the South, with less than a third of the population and less than a tenth of the wealth of the country, supplied merchandise to the value of \$614,000,000, or more than 40 per cent of our entire exports. Cotton, in the raw state, was exported to the value of \$379,965,014. This represented more than one-half the entire cotton crop.

Suppose our manufacturers had to find foreign markets for one-half of their products? They have a protected home market for 92 per cent of all they turn out, and the 8 per cent they send abroad is "dumped" and sold for what it will fetch.

The late President McKinley appointed Mr. John A. Kasson, an accomplished diplomat, one of the ablest thinkers upon the subject of political economy in the country and a protectionist of the most consistent record to negotiate certain reciprocal treaties with foreign States. Mr. Kasson negotiated a treaty with France that would have been of immense advantage to the South, more than doubling her exports of cottonseed oil, as it would, and helping to swell the right side of the "balance of trade" by at least \$20,000,000; but it seems that France under the new arrangement would have been permitted to send us cotton stockings at a lower rate than is nominated in the Dingley schedules, and somebody else is making cotton stockings in

## BEFORE THE COMMITTEE

The Insurance Investigation is Still in Progress and Officials of the Different Companies are Being Called Upon for Their Testimony.

(By the Associated Press.) New York, Oct. 5.—Edward Devlin, one of the managers of the New York Life, resumed his testimony before the investigating committee. Mr. Devlin was called for the first time by the committee on Monday, Oct. 1, and had been subpoenaed by the chairman of the committee, Mr. Charles F. Parker, on the previous day. He is now being examined by the committee on the subject of the insurance investigation.

### AN TO FAIR VISITORS

People of Raleigh Are Making an Earnest Effort to Help in Providing Homes for Outcasts.

The following letter has just been issued by Mr. Charles F. Parker, chairman of the committee in charge of the matter as providing homes for the outcasts in the State Fair. It is interesting to every man in the city and will be followed closely by every word and line. The letter follows: Raleigh, N. C., Oct. 3 (Wed.) Evening Times, Raleigh, N. C. Dear Sir: Please state that Mr. Parker, who is making a canvass among the homes of the city, says that he finds the people are making an earnest effort to help for the outcasts. Up to last night he had secured private board for 100 persons. A large number of homes are not included which were not prepared to state how many, but promised to report later the number of guests they would receive.

We hope to be able to announce the name of the manager of the information bureau not later than Monday morning. We will secure the very best man to be had for this important place. He will have a competent man assistant and also some thoroughly capable lady assistants in the office.

Several people have objected to placing their names on the bureau list, fearing they might have guests assigned them who might not be entirely congenial. The greatest possible caution will be used along this line. The bureau management will be requested not to assign to a private home any man who appears to be under the influence of liquor, however respectable he may otherwise appear to be. This statement is made because a number seem to dread the possibility of such a thing, and we will certainly make an earnest effort to avoid such an unpleasantness.

We still have available some excellent space for temporary sleeping apartments, and would be glad to have some one consider the matter of taking charge. Full information can be had at my office. Mr. Parker has nearly completed his canvass of the city, and if any names have been overlooked, or if he applied during the absence of the proper person to give an answer, would be glad to have them drop me a card or call me over Bell phone. We are anxious that every available sleeping space in the city shall be utilized. Yours very truly, CHARLES J. PARKER, Chairman of Committee.

### A Great Football Game.

Charlotte, Oct. 6.—The football game schedule for Charlotte Saturday between the University of North Carolina and Davidson College eleven is the subject of much talk in the city just now. The contest will be held off in the enclosed grounds of Latta Park at 3:30 o'clock that afternoon, and doubtless one of the largest crowds ever gathered at the grounds will witness the game. The indications are that the struggle will be fast and furious. Charlotte, is but rights a Davidson College city, but there are many who are staunch supporters of the white and blue. The adherents of the two teams seem to be equally divided, with the odds slightly in favor of the North Carolina eleven. There are many who are willing to wager their money on the college boys, but as yet little of this has been done.

### THE CROSS-EXAMINATION

Of Carter Was Continued To-Day and He Was Closely Questioned.

(By the Associated Press.) Chicago, Oct. 5.—Cross examination of former Captain Carter by the attorneys for the Federal government was continued to-day. Carter was closely questioned regarding a deposit of \$818.70 made to the credit of his personal account in the Union Trust Company, New York, on December 23, 1896. Among the deposits of this date was a note for \$90 signed by Wescott, the defendant's father-in-law. Carter explained the note was for borrowed money. Documentary evidence was introduced regarding a bank deposit of \$300 made by Carter on June 30, 1897, consisting of interest coupons on bonds.

### Detained at Quarantine.

(By the Associated Press.) Philadelphia, Pa., Oct. 5.—Suspicious cases of fever on board the bark Tillie Baker, from Savannah for this port, which is held up at the State quarantine station, at Marcus Hook, are under investigation by the local health authorities. Doctors of the Board of Health went to Marcus Hook to-day to aid the State quarantine physician in an investigation. Two of the bark's crew are ill and they will be carefully watched for symptoms of yellow fever.

### Appointed Major General.

(By the Associated Press.) Richmond, Ind., Oct. 5.—Arthur J. Stabbord, of St. Paul, Minn., has been appointed major general of the Uniform Rank, Knights of Pythias.

### Burglars Enter Bank.

(By the Associated Press.) Springfield, S. D., Oct. 5.—Five thousand two hundred dollars was secured by burglars who entered the Bank of Springfield early this morning and blew open the vault.
