## SNOW CHILLS MAD DELIRIUM

### Cossacks Beat Crowds Who Rejoice in Czar's Land

## MANY STRIKERS ARE RETURNING TO WORK

### Clashes Occurred at Many Places Throughout Russia, the Empire Being Plunged Into Wild Excitement By Events of Tuesday.

(By the Associated Press.)  
St. Petersburg, Nov. 1.—A light fall of snow covered the city with a white mantle during the night, but this morning the weather is becoming cold and a drizzling rain helped to put a damper on the ardor of crowds, already exhausted by the delirium of yesterday.

Students and social democratic leaders who continue to declare that nothing but a democratic republic will suffice, are using every means in their power to keep up the enthusiasm and drive people into armed collisions with the troops.

A score of big meetings were announced for today. An official thanksgiving service was announced at Kazan Cathedral this afternoon. News from the provinces shows that the whole Empire must have been plunged into great excitement yesterday.

Clashes and sanguinary encounters occurred at many places. In some towns mobs obtained control and the authorities were forced to obey their demands for the release of political prisoners. This was the case at Byelostok.

Cossacks were turned loose and they beat crowds at Kazan, Kishineff, Kieff and other places.

Conflicts at Odessa.  
Odessa, Nov. 1.—Conflicts between Cossacks and students continue. During fighting between roughs and Jews last night thirty-seven persons were killed, eighty-one seriously injured.

There was considerable pillaging during the night on the outskirts, which the students, who had organized themselves into a city guard, tried to prevent. The most serious clash took place at the university, where the students were haranguing the crowds. Cossacks charged them, using rifles, lances and whips, killing ten and wounding 50 persons.

The Cossacks also broke the windows of buildings with their lances and some students were driven into the court yard and whipped by the Cossacks and the police.

One of the students was beaten by 30 policemen and his jaw was broken. Another student had 140 whip stripes on his body.

Riots and Bloodshed.  
London, Nov. 1.—A dispatch to the news agency from Odessa says that mobs of rioters have broken loose in various parts of the city and have been in contact with bands of students, resulting in much bloodshed. It is estimated a hundred persons have been killed.

Dead Bodies Removed.  
Kieff, Russia, Nov. 1.—The bodies of five persons killed and 45 wounded people were removed from the town hall this morning. Cossacks while passing the office of The Otchiki (Liberal paper) fired three volleys at the building.

Soldiers Kill Many.  
Minsk, Russia, Nov. 1.—Crowds in an attempt to storm the prison today were beaten off by Cossacks, who fired several volleys. Many were killed or wounded and many more were beaten with whips.

Conflicts Are Frequent.  
Warsaw, Nov. 1.—Disorders continue. Conflicts between populace and soldiers are frequent. The authorities are charged with ignoring the Imperial manifesto, and general depression prevails everywhere. There is a complete dead-lock in business and traffic, even employees of drug stores have again gone on strike. The streets and squares are full of troops.

## RAILROAD WON SUIT

Fayetteville Case Thrown Out by Judge in Superior Court.  
(Special to The Evening Times.)  
Fayetteville, N. C., Nov. 1.—The case of D. S. Brown, administrator,

vs. Atlantic Coast Line Railroad, was taken up in the Superior Court this morning. This was a suit for \$1,000 for the death of W. A. Brown, who was killed while crossing the track of the Atlantic Coast Line near Parkville on July 1, 1904. After hearing the evidence of the plaintiff, Judge Moore dismissed the suit on the ground that according to his own evidence, the plaintiff was not entitled to recover damages. This evidence was in the fact that the plaintiff was walking along the railroad track, or was sitting down on the track, when he was struck by an engine belonging to the defendant company. The plaintiff had been drinking. The judge decided that the plaintiff had to be lying on the track before he could show a remedy for recovering damages.

## MOBS JEER AT RED BANNERS

Anti-Hearst Flags Torn Down in New York and Crowds Abuse Police for Arresting Leaders of Demonstration.

(By the Associated Press.)  
New York, Nov. 1.—A crowd numbering a thousand or more attacked and tore down an anti-Hearst banner in Union Square today. The banner was similar to one put up in Park Row yesterday, which was taken down by order of Mayor McClellan after a demonstration had been made by a large crowd at the city hall. To-day's crowd tore down a red flag supported by a hand and labeled "Hearst." Along with the red flag the crowd pulled down another flag of Stars and Stripes, supported by a hand marked "McClellan." The red flag was cut to pieces with a pair of shears and the remnants ground into the pavement. The American flag was carefully preserved and guarded until the police arrived. No arrests were made.

There was another and more exciting scene at Fourth street and Broadway, where a similar banner was placed. The red flag attracted little attention during the morning, but when the lunch hour arrived several thousand employees from nearby dry goods stores gathered around the offending political display. One young man made a speech expressing indignation that an American flag had been placed on a level with a flag of anarchy. Another young man volunteered to cut it down, which he did, being loudly cheered. On the side of the street on which the American flag fell many in the crowd uncovered and the national emblem was picked up and carefully folded. The red flag, however, was trampled in the mud and finally torn to pieces.

By this time an extra force of police arrived and the young man who had cut down the flag was arrested, charged with disorderly conduct. He was followed to the station house by a crowd of several hundred persons who jeered and denounced the police for making the arrest. Mayor McClellan expressed disapproval of the use of red flags on some of the Tammany banners and also directed that speakers supporting him must not be guilty of personal abuse of any of the opposing candidates. Leader Murphy, of Tammany, had nothing to do with the erection of political displays on which the American flag and the red flag were placed side by side.

## No New Cases

## NEW FLAG WAVES COSTLY FIRE O'ER SWEDEN IN PENSACOLA

### Was Hoisted to an Accompaniment of Salutes and Parades

### Large Stores in Southern City Were Destroyed By Fire

## STREETS WERE FILLED BY THE POPULATION A POWDER EXPLOSION ADDED TO CALAMITY

From Roof of the Palace the Spectacle Was Witnessed by King Oscar, Who Was Wildly Cheered by the People.

(By the Associated Press.)  
Stockholm, Nov. 1.—The old union flag was struck throughout Sweden this morning and the new Swedish ensign hoisted to an accompaniment of salutes, ringing of church bells and parades of troops. In Stockholm the whole garrison paraded and most of the population thronged the streets. At 9 o'clock the flag flown by Sweden before the union with Norway, nearly a century ago, was again broken out over palaces, from church steeples, public and private buildings and steamers and sailing vessels.

King Oscar witnessed the spectacle from the roof of the palace and tens of thousands of citizens gathered in the vicinity and demonstratively greeted him.

A Chilean school ship in the harbor joined with the Swedish vessels in saluting the new flag. Similar ceremonies took place in all cities and every school house in the country had its demonstration, children gathering outside and saluting the flag.

## LILLISTON CASE UNDECIDED

Judge Badger Will Not Hand Down His Decision in Murder Hearing Until He Has Read All the Evidence Taken in the Trial.

The argument in the hearing of the case against Robert H. Lilliston for the killing of Smith closed yesterday evening about 8 o'clock. City Attorney Snow led off for the State and was followed by Mr. Shaffer for the defendant. Solicitor Armistead Jones next spoke for the State and Colonel Argo closed for the defendant. Judge Badger announced after the completion of the argument that he would not render his decision until he had read over all the evidence taken by the stenographer, and that perhaps it would be several days before he would announce his decision. The judge has nearly completed the reading of the evidence, but says that he does not know exactly when he will reach a decision. The case against Clarke will begin on Monday at 12 o'clock, and all of the witnesses who testified for Lilliston have been subpoenaed for the State against Clarke. In the meantime both the prisoners are in the city station house.

They took back of Duffing. On Mr. Newberry's death was a handsome funeral home presented by the Detroit Lodge of Elks, of which Mr. Newberry is a member.

## THEATRE CASE POSTPONED

New York Delays Action on Valgar Production Until After Elections.  
(By the Associated Press.)  
New York, Nov. 1.—The case in the police court against "Mrs. Warren's Profession," the George Bernard Shaw play which was stopped by Police Commissioner McAdams yesterday, was adjourned to-day until after the elections. The assurance was exacted that the play would not be given during the period of adjournment.

Practically without exception the New York newspapers have denounced the production in no unmeasured terms, thus justifying the position of Anthony Comstock and others that it was too indecent to be put on the stage. The Herald said that "it was the limit of stage indecency" and The Times was equally severe. There was a mad rush for seats Monday night, many chairs in the orchestra selling for \$25, while the majority of those in the audience were women without male escorts.

## BIG GAIN IN POST OFFICE

### More Than Three Thousand and Dollars Increase Over Last Year

## THIS SHOWING FOR TEN MONTHS ONLY

Figures Prove Growth of Raleigh's Business up to October 31st, Receipts Being Best Possible Index to Prosperity and Development.

While the receipts of the Raleigh post-office for the month of October of the present year were not as great as the receipts for the same month of 1904, the record for the past ten months makes a splendid showing for the city, giving the best possible proof of improved conditions hereabout.

The receipts for ten months ending yesterday show an increase over the previous ten months of \$3,807.16. The receipts during the period ending October, 1904, were \$50,113.75, against \$53,920.91 from January 1st to date.

The decrease for the single month of October, 1905, is easily explained and it does not mean business stagnation, the reason being that last year there was an active political campaign when the mails were flooded with an unusual rush of first- and second-class matter. The receipts for last month were \$6,189.71 as compared with \$6,214.79 for the corresponding month of the previous year. The decrease, however, only amounted to \$25.08. And that is offset by the other more gratifying records.

Following are the receipts by months for the first ten months of 1904 and 1905, showing an increase aggregating about \$380 a month:

	1904.		1905.
January	\$ 5,605 56	January	\$ 5,956 01
February	4,867 29	February	4,865 77

April	5,343 19	April	5,447 21

September	4,776 45	September	5,273 30
October	6,214 79	October	6,189 71
Total	\$50,113 75	Total	\$53,920 91

## Quarantine Raised on Cattle

Washington, D. C., Nov. 1.—The Department of Agriculture to-day raised the quarantine established last spring against a large part of the South and Southwest to prevent the spread of splenic, or Southern, fever among cattle. These regulations allow cattle in the quarantined area to be shipped north in placarded cars, if shipped for slaughter and placed in quarantine yards on arrival at destination. If the stock in unloaded enroute, it must be at yards reserved solely for Southern cattle, and, after unloading, the cars must be disinfected before being used for native stock.
