BLOODY SUNDAY MAY STAGGER THE EMPIRE

Count Witte Has Trouble In Forming His Cabinet and Various Grand Duke is Put Down—Railroad Strike Continues.

(By the Associated Press.) St. Petersburg, Nov. 3.—All regulations heretofore issued to the newspapers by circular for their governance have been withdrawn, and the chief of the press administration is prohibited from further issuing such regulations. Another appeal to the people in the shape of an official note was published this morning. Railroad men have resolved to continue the strike, which entails a continuance of high prices of provisions. A great demonstration is promised for Sunday when the bodies of victims of the conflicts of Tuesday will be interred. The amnesty manifesto did not appear this morning and the Radicals are impatiently demanding the immediate release of all political prisoners. Count Witte is having trouble in forming his cabinet on account of the lack of liberal support. Grand Duke Alexander Michaelovitch, brother-in-law of Emperor Nicholas, has been relieved of his post as head of the department of mercantile marine, the department of mercantile marine to be merged with the new ministry of commerce. He is the last of the influential quintet of Grand Dukes who have been the advisers of the Emperor, Grand Dukes Alexis and Michael Michaelovitch having been relieved, respectively, as grand admiral and president of the council of the empire and Grand Duke Vladimir having been relieved as commander-in-chief of the military district of St. Petersburg. Grand Duke Sergius was assassinated at Moscow on February 17th.

FRESH RIOTS SHOCK ODESSA

Shooting Started Again This Morning and Jews Flee to Leading Hotels for Safety—Reign of Terror Keeps Up.

(By the Associated Press.) Odessa, Nov. 3.—After a fairly quiet night, shooting again commenced this morning. The Red Cross is busy attending to the wounded. Up to the present time no Christian shops or houses have been touched. The principal hotels are full of the better class of Jews seeking refuge from disorders. On October 31st after the Emperor's manifesto granting a constitution to Russia had been published, the Jews made the Russians furious with rage by making a prominent display of red flags, trampling on the portrait of the Emperor and tearing down the emblem of the crown. The massacre of Jews then commenced and lasted during the night of November 1st. All Jews found in the streets were severely beaten and many were killed in their shops, which were ruthlessly pillaged. In the poorer Jewish quarters on the outskirts of the town whole streets were destroyed, the soldiers apparently looking on. A crowd of workmen, rowdies, women and children, laden with all kinds of loot, walked openly through the streets quarrelling over the spoils. Bombs were thrown in various parts of the town. Pillaging continued yesterday and there was heavy firing all over town. Nobody was safe in the streets. People carrying arms who were caught by troops were shot

at night. The shutters of all houses were ordered closed and people shooting from windows were generally shot. The soldiers used machine guns to clear away the crowd from the vicinity of the post. Firing is still going on.

Trade is at a complete standstill, but provisions are still obtainable at greatly enhanced prices. It is impossible to make a correct estimate of the number of killed and wounded. Similar and serious reports reach Odessa from most of other towns in southern Russia.

ST. PETERSBURG QUIET

National Holiday Marked by Halting of General Strike. (By the Associated Press.) St. Petersburg, Nov. 3.—P. M.—The national holiday in celebration of the anniversary of the Emperor's accession to the throne, was marked to-day by the formal raising of the general strike in St. Petersburg. While the railroad strike is not yet declared off, many railroad men are returning to work and trains are being gotten through. The populace is calmer.

Deploable rioting in the provinces is still in progress, especially in the south. The most horrible stories of massacre and pillage by mobs and attacks upon Jews continue to pour in. News from Odessa is meagre, but London reports that five thousand are killed or wounded, which is undoubtedly greatly exaggerated. The situation at Kiev is also grave. There is no truth in the rumor that the Emperor has fled. The amnesty ukase has been signed.

The Latest from Odessa. London, Nov. 3.—A dispatch from Odessa says: Military patrols are unable to check disorders. Collisions occurred this afternoon between troops and crowds, and seventeen were killed or wounded. A staff officer was killed in the streets this afternoon by a bullet fired from a window. Three hundred infantry joined with the mobs in looting, but were arrested.

STILL KILLING JEWS

Fresh Massacres Occur at Odessa, Hundreds Being Shot. (By the Associated Press.) Odessa, Nov. 3.—Despatch from Kishineff says: "Horrible massacres have occurred here, and hundreds have been killed. All hospitals, pharmacies and hotels are full of wounded and mutilated persons." A telegram from Nicolaioff says: "The whole town is in the hands of bandits who are devastating Jewish houses and shops and beating Jews to death without the slightest hindrance." The authorities have similar news from other southern cities.

QUESTION NOW UP TO COURT

Arguments Concluded in Dispensary-Saloon Matter and Decision May Not Be Handed Down Before December.

The argument in the case of petitioners against the city of Raleigh to compel the Board of Aldermen to call an election on the question of saloons or dispensary, was completed in the Supreme Court this morning. Mr. Battle for the city was the first speaker and completed his argument on the same line as begun yesterday afternoon. He was followed by Col. T. M. Argo and Mr. W. B. Jones for the petitioners. Mr. W. N. Jones closed for the appellants, or the city. Mr. W. B. Snow, the city attorney, did not address the court, by reason of the fact that he had expressed his opinion in the open meeting of the Board of Aldermen that the city should call an election. It is not known yet if the court will hand down an opinion before the regular time, which is the last Tuesday in December.

Final Note to Sultan

Paris, Nov. 3.—The exchange of communications going on between the powers, have reached that stage where a joint naval demonstration against Turkey is practically assured unless the Sultan promptly accepts the plan of the powers for financial reforms in Macedonia.

TO ENCOURAGE VERDICT FOR PLAINTIFF SILK CULTURE

North Carolina Department of Agriculture Will Distribute Mulberry Trees to Stimulate New Industry.

Gerald McCarthy, Minister of the North Carolina Department of Agriculture, issued the following: The North Carolina Department of Agriculture will, beginning November 15th, distribute among the farmers of the State 20,000 seedling white-mulberry trees. This distribution is intended to encourage the growing of silk in North Carolina, but the trees will at the same time furnish shade and food for poultry and hogs. Every man in the State should have a mulberry grove. The trees should be planted 12x12 feet on dry soil and cared for like pears or plum trees. These trees will be sent by mail, post paid, in packages of 50 and 100. Not less than 25 nor more than 100 trees will be sent to one address. To cover cost of packing and mailing applicants must enclose 1 cent for each tree. Postage stamps accepted. This is probably the last distribution of mulberry trees that will be made by the department. Those who want them should apply at once. Those who have not tried silk growing should send for a copy of Bulletin 181.

PRINCE LOUIS IN WASHINGTON

Gives President Roosevelt Personal Greeting from King Edward.

(By the Associated Press.) Washington, Nov. 3.—A reception by the President at the White House, a dinner at the British embassy and a reception and dance at the British embassy were features of the program for Prince Louis of Battenberg, here to-day. Greeted by the British ambassador and a small delegation of State and Navy Department officials, Prince Louis arrived from Annapolis at 11 o'clock and was driven to the British embassy for luncheon, and at 3 o'clock this afternoon was received formally and welcomed by President Roosevelt, to whom he presented a friendly letter of greeting from King Edward. While the Prince was being entertained at luncheon by Ambassador Durant the captains of his ships were entertained at luncheon by the captains of the American squadron. While the dinner at the embassy will be a brilliant affair, the reception and dance which will follow will be the smartest function seen in Washington in some time. Several hundred invitations have been issued.

Alfonso Going to Germany

Madrid, Nov. 3.—King Alfonso, accompanied by Senior Rios and a large suite, started to-day for Berlin on a visit to Emperor William of Germany. Alfonso's departure following so soon after President Loubet's visit and the fact that Senior Rios accompanies him, has given rise to the belief that the trip is of utmost political significance. On the other hand, it is stated that the visit has entirely to do with a matrimonial project.

VERDICT FOR PLAINTIFF

In Case of Administrators of Seaboard Against S. A. L. the Jury Gives Plaintiff \$120,000 Damages.

Last night the jury in the case of Mary A. Stewart, administratrix of S. T. Stewart, against the Seaboard Air Line Railway Company for \$120,000 for the negligent killing of her husband by the defendant company, brought in a verdict for the plaintiff, awarding her \$120,000 damages. This is the second time this suit has been tried by the Superior Court, the other time the plaintiff being granted a judgment for \$120,000 by the jury. The defendant in not having sufficient telegraph stations and in not operating the block system was held liable for the jury. On appeal the Supreme Court reversed this decision, and the case was sent back to the lower court for trial. The defendant's counsel will give notice of appeal from this verdict. Stewart, an engineer running a light engine from Raleigh to Aberdeen, was killed in a head-on collision with a freight train at Nagsr, a small station between Vass and Southern Pines. The plaintiff was running his train without a conductor, and stopped at Vass where he got orders to meet another train, but no orders as to the other one, and after having passed the first, he proceeded with the above result. The plaintiff claimed negligence on the part of the operator of the company at Southern Pines, and also that the company did not have sufficient telegraph stations between Vass and Southern Pines, and that a conductor should have been on the light locomotive with the engineer, whose duty it was to look after keeping off the schedules of other trains. The defendant company relied for its defense on a book of rules which it claimed had been violated by the engineer, thereby being negligent himself. No verdict was expected in this case before to-day, but it seems that the jury quickly agreed. To-day the case of Leo D. Heart, administrator of Brinkley House, against the Seaboard Air Line, which was to have been tried, was continued for the defendant on account of the absence of a very material witness, and the continuance was made on the condition that the defendant pay all the costs in the action, including this term of court. This is the case for damages for the killing of Brinkley House on the road of the defendant at Method during the fall of 1904. House was driving a two-mule team across the track at that place and was killed by a train of the defendant company. The administrator of the deceased is suing for \$20,000 damages. In the case of Mary E. Smith against W. H. Smith for a divorce on the ground of adultery, the jury brought in a verdict granting the petition. In the case of the W. T. Calton Lumber Company vs. the W. W. Mills Company, the judgment was made final and the action was dismissed. In the case of Kincheloe & Co. for Wilmore Computing Scales Company against W. B. Upchurch, the death of the defendant was suggested. In the case of Armistead Jones, administrator of Lacy Belvin, against Eddy Yeargan, George H. Belvin and others, it appearing that George H. Belvin was dead, his representatives were ordered made parties to the suit, and the case was continued.

Horrible Details of the Massacre By Chinese Bandits

Burned Hospital and Murdered Five. Followed Missionaries Into Cave After Destroying Homes and Hatched All But Two, Including Men, Women and Children. (By the Associated Press.) Hongkong, Nov. 3.—Bishop Meret, of the Catholic Church, has received a letter confirming the news of the massacre of American missionaries at Lienchow, and giving the following particulars: Dr. Machie requested the removal of a street theatre near the hospital on account of the noise. This request incensed the Chinese, who, becoming violent, attacked the hospital. A mob then paraded the streets, exhibiting a skeleton used in the instruction of the medical class and alleging that it was an example of the foreigners' inhumanity to Chinese people. Becoming frenzied, the crowd burned the hospital, the girls' school and the residences of the missionaries. Dr. Machie, Mrs. Machie, their 10-year-old daughter, Mr. and Mrs. Peale, Dr. Eleanor Chestnut and Miss Patterson took refuge in a cave. The mob pursued them and killed all except Dr. Machie and Miss Patterson, who escaped. Dr. Machie was badly wounded. The American gunboat Callao and two Chinese gunboats with members of the American Board of Missions are proceeding to the scene of the massacre. Will Punish Brigands. Washington, Nov. 3.—Minister Rockhill cables the State Department to-day that the Chinese Emperor has ordered the infliction of exemplary punishment upon the guilty officials and perpetrators of the attack on the American Presbyterian mission at Lienchow and directing that compensation be made and protection provided for all missions.
