GREAT BATTLE IN NEW YORK

All Candidates Predict Success in the Election Tomorrow

GREATEST INTEREST IN JEROME'S FUTURE

McClellan Likely to Be Elected Mayor, and Tammany Sure That Osborne Will Whip Jerome at the Polls.

(Special to the Evening Times.) New York, Nov. 6.—With all factions and candidates claiming victory in the election to-morrow, New York to-day saw the last of the campaign which promises to end in a whirlwind finish at the polls. The greatest public interest centers in the contest for district attorney between William Travers Jerome and James W. Osborne, the latter being the offering of Tammany Hall, while Jerome goes into the battle without a party. Clarence J. Shearn, who is running on the Hearst Municipal Ownership platform, will poll only a nominal vote. At the Wigwam this morning the supporters of Mr. Osborne predicted his election by an overwhelming majority and they find comfort in the fact that the chances of Jerome will suffer by reason of the split ticket. With the newspapers and public sentiment behind him, however, Jerome looms up as the strong man of the day and his defeat would be a crushing surprise to those who have advocated him on the ground that he has given the county an honest administration, free from the dictation of party bosses and grafters.

George B. McClellan is regarded as the most likely winner in the mayoralty contest and indeed New York seems to have admitted that he will win by a majority which will completely shatter the false claims put forth heretofore by the opposition. McClellan has served the two years of his first administration and he leaves a record, clean and decent. He is asking another term on his record. The heavy betting in Wall street indicates that he will win easily, and while there are numerous bets on Hearst the latter's friends are more anxious to bet on the vote he will poll than on his success. Hearst and Ivins, the Republican nominee, have had to contend against the tremendous popularity of McClellan, while the Republican party is weak by reason of the fact that Charles E. Hughes declined to lead the forces. In his day Ivins was a power here, but he has been out of public life for many years and he is personally unknown to the masses. New York being naturally Democratic will injure the chances of Ivins and there is not much danger of Hearst splitting the McClellan vote to such an extent that the success of McClellan will be threatened.

NEW YORK READY TO VOTE.

Remarkable Campaign Ends While the Result is in Doubt. (By the Associated Press.) New York, Nov. 6.—To-day witnessed the closing scenes in one of the most remarkable political campaigns in New York city's history. The variety of sudden and startling moves on the municipal checkerboard overturned all precedent, upset all calculations, and rendered useless all systems of forecasting the probable outcome. Party organizations have been invaded by a new and great force, which, under the name of the Municipal Ownership League, and with Hearst as its candidate for mayor, has conducted a campaign so vigorous and so well managed that the city has been astonished at its strength. Hardly second to the interest in the mayoralty has been the picturesque canvass of Jerome for re-election as district attorney. McClellan and Jerome are favorites in the betting at 2 to 1. There are bets at even money that Hearst will poll 170,000 votes.

MARYLAND MAY BEAT POE PLAN

Agreement to Introduce Negroes Liberty to Line in Election To-morrow—State Senate Will go Democratic.

(By the Associated Press.) Baltimore, Nov. 6.—Just before election finds the leaders of both parties expressing confidence as to the result. Conservative opinion in both parties leads to the view that the proposed constitutional amendment, the avowed purpose of which is to disfranchise the negroes, will be beaten. The lower branch of the Legislature will be in doubt until the votes are counted, but the Senate will probably remain Democratic, as there are so many hold-overs. While only one State office is to be filled, the local ticket is very long and it will be difficult for illiterate and ignorant persons to vote correctly, in consequence of which it is expected that a large number of ballots will be thrown out on account of defective marking.

Virginia is Democratic.

(By the Associated Press.) Richmond, Nov. 6.—It is a foregone conclusion that the entire State Democratic ticket will be elected to-morrow. The Democrats will also elect a big working majority to the legislature, insuring the return of Senator Martin. Whatever legislative gains the Republicans may make will be in the southwest where there are few negroes.

QUIET AT MIDDLESBORO.

Soldiers Patrol the Streets and Outlaws Decline to Fight On.

(By the Associated Press.) Middlesboro, Ky., Nov. 6.—Everything is quiet here to-day, but soldiers are still patrolling the streets. Deputy Sheriff Thompson, who led the citizens' posse in the battle with outlaws yesterday, says that when they came in sight of the "blind tiger" of Frank Ball, two little boys came out to meet them, but when they saw who it was they went back, and immediately the outlaws fired. About one hundred shots were fired, but no one was hurt. The rendezvous of the outlaws is right under the pinnacle, and is almost impregnable. The Law and Order League has received \$2,000 with which to push the fight.

Many Automobile Accidents.

(By the Associated Press.) Los Angeles, Cal., Nov. 6.—An unprecedented series of automobile accidents occurred here during the last 24 hours. One person was killed, one perhaps fatally and six others seriously hurt. The dead: Mrs. H. T. Austin, 30 years old, skull fractured; Miss Edith Polley, 19, skull fractured, and not expected to recover.

To Take Up Depot Matter.

(Special to the Evening Times.) Mt. Olive, N. C., Nov. 6.—The Railroad Commission will hold a meeting in Morehead City, N. C., to-morrow to consider the Morehead City depot matter.

BLOOD FLOWS IN PROVINCES

Ghastly Stories Reach St. Petersburg and Tell of the Ruthless Massacre of Jews—Crimes at Odessa.

(By the Associated Press.) St. Petersburg, Nov. 6.—News from the interior shows that there has been no improvement in the situation. In some places disorders have commenced with redoubled fury. The horrible story of the massacre at Odessa is not fully known here. In Caucasus the Tartars and Russians are cutting each others throats and Armenians are giving themselves to pillage and incendiarism. From Bachmat, Bessarabia, comes an entirely new and revolting tale. The three days attack on the Jews began Thursday with every indication of police organization. Jewish students were beaten, Jewish stores in the markets were sacked during the day and during the night the plunder of residences commenced.

MOB WANTS TO LYNCH THEM

Slayers of W. C. King in Danger at Warrenton

SHERIFF NOTIFIED TO BRING MEN HERE

Governor Glenn Urges Citizens to Respect the Law, Promising Kery Trial by Special Court—Militia Ordered Out if Help is Needed.

Governor Glenn received a telegram this afternoon from Sheriff Davis, of Warren county, saying that the two negroes in jail there for the murder of W. C. King, might be in danger of lynching to-night. He wanted to know if they should be removed to Raleigh for safe keeping and if the militia could be called out to prevent any hostile demonstration on the part of the mob. The Governor wired immediately to Sheriff Davis to bring the negroes to this city, telling him also that the militia was at his disposal if needed. It was learned here that feeling against the prisoners was intense and that many white people in the community had threatened to take the law in their own hands. Mr. King was murdered Saturday night on the highway while returning home from Littleton. The negroes drove up behind him and attempted to pass his buggy and then began to curse him. Mr. King got out of his buggy and instantly the negroes jumped, one of them cutting King's throat from ear to ear. Dan Barnes, a young man, happened to be passing. The negroes fled and King asked Barnes to run for a doctor. The latter hurried for assistance, but before he returned to the scene King was dead. The negroes were caught Saturday night at 10 o'clock. King, who lived near Vaughan, leaves a wife and two small children. Later in the afternoon Governor Glenn called up Sheriff Davis over the long-distance telephone and urged him to prevent any demonstration by the mob. He sent a message to the people begging them to be quiet, and giving them the assurance that a special term of court would be ordered at once to try the negroes. The sheriff told the Governor that he thought the message would have a pacifying effect. Governor Glenn informed the sheriff that Captain Macon, of the local militia, would be at his services, and he instructed Mr. Davis to bring the negroes to Raleigh under a safe guard. According to the rumors which reached the authorities at Warrenton the plan was to lynch the murderers to-night.

Marblehead May Be Put Out of Commission as Result of Accident When Refrigerator Ship Hit Her in Dock.

(By the Associated Press.) Vallejo, Cal., Nov. 6.—Caught by a powerful gust of wind while trying to make a landing at the coal wharf at the Mare Island navy yard yesterday, the refrigerator ship Celtic crashed into the cruiser Marblehead and a floating machine shop, doing so much damage that the Marblehead may have to go out of commission, while the machine shop was sunk. The force of the impact was so great that two of the 5-inch guns of the cruiser were completely demolished, the bridge torn away and dinged reduced to kindling wood. Two plates of the Marblehead were badly bent. The Celtic suffered slight damage.

Bomb Throwers in Fortress.

Novo Georgievskoye, Russia, Nov. 6.—A bomb was thrown yesterday into the apartments of the commander of the fortress.

Veteran Actor Dead.

(By the Associated Press.) New York, Nov. 6.—William J. Lemoine, the veteran actor, is dead of Bright's disease.

CLARKE TRIAL NOW UNDER WAY

Midway Man is Accused of Killing Smith at Depot

NEW WITNESS GAVE NO STARTLING FACTS

Special Officer Watkins, of Southern Railway, Introduced and Told of Making the Arrest—Defendant Apparently Not Concerned.

The preliminary hearing of Clark or Morris, the fakir, charged with the killing of Charles G. Smith in the union depot, on Saturday of last week, was begun in the police court at noon to-day. There was only one witness examined who had not been examined in the hearing of Lilliston last week. This witness was P. J. Watkins, a special officer of the Southern Railway, from Greensboro, who was here during the fair, and who made the arrest of Clark after he had fled from the depot across the park and behind the Park Hotel. Mr. Watkins' testimony brought out nothing new which was material to the hearing. The other witnesses examined were Col. R. L. Holt, of Burlington; Deputy Sheriff W. R. Horton, of Cary, who was shot by one of the bullets fired; J. M. Pough, of Greensboro, who was an officer in the employ of the Southern Railway here during the fair, and O. M. Shadrach, of Newburgville. The testimony of these witnesses was the same as that in the hearing of Lilliston last week, and on cross-examination nothing new or material was brought out. The defendant Clark was in court, dressed in a light gray suit, and was looking like a man who was perfectly satisfied with the outcome. He was represented by Messrs. J. C. L. Harris and Charles U. Harris, the latter conducting the cross-examination. The hearing has not yet been completed, and if all the witnesses subpoenaed are examined, it will take several hours to finish. The State is represented by W. B. Snow and Solicitor Armistead Jones.

At 2 o'clock the court adjourned for dinner and upon reconvening at 3:30 the first witness examined was C. B. Wilkerson, a medical student, who lives in Raleigh, and who was examined last week. Mr. Wilkerson testified about going into the waiting room after the shooting was over and finding Smith staggering about near the entrance to the ladies' waiting room and his taking him (Smith) with a man by the name of Woods, to the hospital. On cross-examination Mr. Wilkerson said that he did not hear the wounded man say "that Jew shot me," but only heard him say something like, "Oh, they have shot me." Mr. Wilkerson said that he was near enough all the time to hear anything the wounded man said. Mr. Wilkerson also identified the light-colored overcoat worn by the deceased. S. L. Johnson, of Raleigh, was the next witness. He testified, as in his first examination, that he was near the ladies' waiting room entrance when the firing began and saw Clarke fire one shot and then heard several other shots. He saw Smith, the murdered man, coming from the middle aisle from the west door. Mr. Johnson's testimony was about the same as given in the other examination. It is not known yet whether Clarke will go on the stand.

WE CAN'T HELP THE JEWS.

President Roosevelt Won't Interfere With Russian Affairs. (By the Associated Press.) Washington, Nov. 6.—President Roosevelt has decided that no action can be taken by this government at present which will be of any benefit to the Jews of Russia. A statement issued at the White House says that the President has been watching with deepest concern the reports of the massacres; that he had been appealed to within the last few weeks to try to take some action, not only in behalf of the Jews, but in behalf of Armenians, Poles and Finns. The result of the President's inquiries coincide with statements contained in a cablegram from Count Witte to Jacob H. Shieff, shown President Roosevelt by Oscar Strauss, as follows: "The government is horrified at these outrages. You know that I do not sympathize with such savage outbreaks. All that I can do to stop disorders is done, but as the country is in such an unsettled state the local authorities are often powerless."

NEGRO TO HANG IN DECEMBER

Date Set for Execution of Preston Daniels, Supreme Court Denying Plea of the Accused—Execution Train Tragic.

The Supreme Court has handed down an opinion sustaining the lower court in the case of State against Preston Daniels, a negro, convicted of murder in Martin county, and Governor Glenn to-day issued an executive warrant ordering the execution to be held on December 1st. Daniels was sentenced to be hung on August 9th, but appealed to the Supreme Court on the ground that the judge trying the case should have instructed the jury that according to the evidence they should bring in a verdict of murder in the second degree as there was no evidence of premeditation or deliberation. Daniels killed another negro by the name of Eborn on an excursion train at Parmelee some time last spring. The court in handing down its opinion as to whether there was premeditation or deliberation, went over a part of the evidence. The evidence was that Daniels and the deceased were on an excursion train, and that when the train arrived in Parmelee, Daniels, the defendant, got off the train to get a drink, and when he returned, he found Eborn sitting with his girl. The defendant said to the deceased that he must not sit with his girl while he was out, and the deceased got up and moved to the other side of the car, saying "this is a diabolical crowd." With this the defendant cried "look out" and fired, hitting Eborn above the left eye, then threw his head back and went out of the car singing, "I am going where I have never been before."

Several witnesses testified that there was hardly any time between the time the defendant drew his pistol and when he fired. The court holds that his demeanor and other circumstances justified the lower court in not instructing the jury that the evidence was not sufficient to convict for murder in the first degree.

The Fever Situation.

(By the Associated Press.) New Orleans, Nov. 6.—What is expected to be the final week of the fever campaign began to-day with only seven cases under treatment and only a handful of centers of infection under observation. A canvass of delegates to the Chattanooga quarantine convention indicates that a majority from Louisiana will be ready to accept the modified proposition for national quarantine supervision. State Health Officer Porter, of Florida, who came to confer with Dr. White, left for Pensacola to-day.

Woman Burned to Death.

Monticello, Ky., Nov. 6.—Mrs. Arthur Massengill was burned to death, her husband and sister-in-law probably fatally injured, and other members of the family seriously burned in a fire which destroyed the Massengill home. The fire was caused by the explosion of an oil stove.

Killed Wife and Himself.

(By the Associated Press.) Los Angeles, Cal., Nov. 6.—Ira Caler, a blacksmith, shot and instantly killed his wife yesterday and then shot and killed himself, after a quarrel over \$4. The woman had recently begun suit for divorce.

PRINCE LOUIS QUILTS CAPITAL

Leaves Washington to Join His Squadron at Annapolis

SPENT THE MORNING AT MOUNT VERNON

Distinguished Foreigner Will Be Entertained at Dinner To-Night by Admiral Sands—Goes to New York Wednesday.

(By the Associated Press.) Washington, Nov. 6.—To-day concluded the visit of Rear Admiral Prince Louis of Battenberg to Washington and this afternoon he returned to Annapolis, to rejoin his squadron. In accordance with the practice followed by practically all distinguished foreigners who visit Washington to make a pilgrimage to Mount Vernon, Prince Louis went there this morning on the Dolphin. An inspection of the relics contained in the former home of George Washington and a visit to the tomb, on which Prince Louis placed a wreath of flowers, were made, after which the party returned to Washington, leaving at once for Annapolis, where to-night the Prince will be the guest at the dinner of Admiral Sands, at Annapolis, when a large number will be present.

Under escort of Admiral Brownson's armored cruiser division, the Prince's squadron will sail for New York Wednesday at midnight. An invitation from President Roosevelt to Prince Louis to lunch informally at the White House caused the Prince to shorten his visit to Mount Vernon and he returned to Washington at 1 o'clock. After luncheon he took leave of the British ambassador and started for Annapolis.
