HELP FOR THE TYPOS. Federation Levies Assessment of a Cent a Week

Coppersmiths Denied a Charter—Compers Authorized to Enlist Assistance of Other Organizations in Child Labor Fight.

(By the Associated Press.)
Pittsburg, Pa., Nov. 14.—The second day's session of the American Federation of Labor convention was rapped to order promptly at 9 o'clock by President Gompers. He called John Mitchell, second vice president, to the chair, and James Duncan, first vice president, read the annual report of the executive council. It gave in detail many of the points covering in the reports of the president, secretary and treasurer.

The coppersmiths made application for a charter, but it was denied, and the organization was urged to affiliate with the Amalgamated sheet-Metal Workers International Alliance. Arrangements have been made for the consolidation of the two organizations.

There are a large number of organizations not now affiliated with the Federation, and the executive council urges that additional efforts be made to bring them into the Federation. It is recommended that unions establish funds and insist on higher duties.

In the matter of the protection of children the executive council had bills introduced in the Legislatures of many States, particularly in the South, prohibiting the employment of children in mills, factories, mines and industrial establishments. Some progress was made, but results during the year were not entirely satisfactory. President Gompers was authorized to enlist the assistance of other organizations in securing the passage of legislation in all States prohibiting the employment of child labor.

An assessment of one cent a member a week for a period of four weeks was levied on the entire membership of the Federation for the benefit of the International Typographical Union in its efforts to establish an eight hour work day in the job and commercial printing establishments in the United States and Canada.

The Typographical Union has levied a substantial assessment for that purpose, and all organizations are urged to render all the assistance possible to the printers in their efforts to establish the eight hour day by January 1, 1906.

Take Notice Clearing House Just in
Our books will be closed from Nov. 15th to Dec. 1st. New lots Ladies Suits and Tan Coats
