SURRENDERED AFTER STORM

Reds Kill Guards and Seize Factory

TERRIFIC BOMBARDING

Murdered Prisoners, Eight Dragoons
and Six Stable Men—Two Regiments
With Artillery Sent, and
Opened Aerial Fire on Barricaded
Building—Leaders Were Given
Up.

(By the Associated Press.)
Riga, Livonia, Russia, Tuesday, Jan. 3. By counter to St. Petersburg, Jan. 4.—About 1,000 armed workmen before daylight this morning invaded and took possession of the Provodnik rubber factory, and the military, as this message is forwarded, are bombarding the factory.

The revolutionists killed the policemen who were guarding the building and a detachment then swept into an adjoining structure, where a patrol of dragoons was asleep, and murdered eight dragoons and six stable men and wounded eleven others.

One managed to escape, and gave the alarm to the troops, two regiments of which with artillery and six quick firing guns arrived at the scene by daylight. In the meantime the revolutionists had thrown up barricades, and a terrific fire was opened by the troops upon these defenses and on the factory.

LARGE GIFTS TO GUILFORD COLLEGE

(By the Associated Press.)
Guilford, N. C., Jan. 4.—Guilford College has received from Dr. D. K. Pearson, of Chicago, \$25,000 as a memorial endowment for Dr. Oliver P. Nixon. Other people have given \$100,000, which makes this college one of the best endowed in the South.

125 PRINTERS OUT IN WASHINGTON

(By the Associated Press.)
Washington, Jan. 4.—The strike of union printers in establishments which have refused to grant the demand for an eight-hour day and a closed shop was inaugurated here to-day. About one hundred and twenty-five men are affected. Most of the offices anticipated the strike and were able to put to work a full force of non-union printers.

GOLDSBORO GETS DEPOT

Location Only Question that Remains

Meeting With Railroad Officials This
Morning Settles It and the Rail-
road are Given Ninety Days to
Consider a Site—Willing to Move
Tracks.

(Special to The Evening Times.)
Goldsboro, N. C., Jan. 4.—At last Goldsboro has the union passenger depot that it has long needed.

The Railroad Commission met this morning and discussed the depot question in all its details. The meeting was attended by a large number of citizens.

The conference resulted in the railroad asking for and were given ninety days to consider a location.

The railroad as well as some of the people of Goldsboro are divided as to the location, and all will make an effort to get together within the ninety days.

The railroad expressed a willingness to move their tracks around the city and build the depot at a point convenient of approach from the center of the city, provided they could secure a right of way at a reasonable cost.

COLORED FISHER- MEN RESCUED.

(By the Associated Press.)
Norfolk, Va., Jan. 4.—The British steamship Elswick Manor, Captain Drewery, which arrived here to-day from Savannah, Ga., en route to Europe, landed four colored fishermen from Charleston, S. C., who were picked up forty miles off Charleston harbor January first at 5 p. m., after having been without food or water since the morning of Sunday, December 31.

The men were from the fishing schooner "Charleston," which was just outside of Charleston harbor for deep sea bass fishing. The quartette, two in a boat, left the schooner in small skiffs to fish. While out the weather grew thick and the men became lost.

They failed to make themselves heard aboard the schooner Charleston and in their frenzy lost their compass bearings completely. The men began to row as they thought towards shore, but their boats having become turned around they rowed far to sea. To appease hunger the men attempted to eat raw fish meat, but from this became nauseated and sick.

Captain Drewery, of the Elswick Manor, in passing, heard cries for help and bearing down discovered the men. He took them aboard and the men say they were well treated. They are here awaiting a reply to a telegram sent by Chief of Police Boush to Thomas Carroll, the Market Street owner of the fishing schooner in Charleston, requesting that he send funds for their transportation back home.

CHICAGO JOINS ATHLETIC UNION.

(By the Associated Press.)
Chicago, Jan. 4.—The city of Chicago is to join the Amateur Athletic Union. This is perhaps the first organization in which the two million or more inhabitants of the city have become a joint member. It also marks an innovation of the attitude of cities as governments towards sports, for Chicago will in the future have a vote and a voice in the regulation of amateur sports.

CUT HIS THROAT AND WILL DIE.

(Special to The Evening Times.)
Winston-Salem, N. C., Jan. 4.—John Atwell, a prominent blacksmith of Mooresville, and at one time a man of means, cut his throat this morning with a razor with suicidal intent, and the attending physician says he will die.

REBEL FORCES ARE ROUTED

Gen. Cespedes Went Out After Them

MANY THE CASUALTIES

Troop of Carceres Attacked Those of
Morales in Their Position Outside
Puerto Plata—There Was Stub-
born Fighting, Many Killed and
Wounded on Both Sides.

(By the Associated Press.)
Washington, Jan. 4.—Mr. Joubert, the Dominican representative here, received a cablegram today announcing that General Rodriguez was killed at Puerto Plata yesterday; that the fighting there had lasted three days, but that the country was quiet and it was hoped the situation would be cleared to-day. Mr. Joubert communicated this information to Secretary Root.

Cape Haytien, Hayti, Jan. 4.—Following the attack made January 2 on Puerto Plata, on the northern coast of Santo Domingo, by General Demetrio Rodriguez, commanding the troops of the fugitive president, General Morales, which resulted in the repulse of the Morales forces by the Carceres garrison after sharp fighting, the Carceres troops, commanded by General Cespedes, attacked the Morales troops yesterday in their position outside Puerto Plata.

Stubborn fighting followed, during which many men were killed or wounded on both sides, resulting in the defeat of the Morales forces, who were dispersed by the Carceres troops. Among them was General Demetrio Rodriguez, former Governor of Monte Cristi, who as reported in Monte Cristi had announced that if his attack on Puerto Plata was successful he would proclaim himself a candidate for the presidency of Santo Domingo.

The streets of Puerto Plata are almost deserted, the stores are closed and business is at a standstill. The Dominican exiles, who have been authorized by the Morales party to return to Santo Domingo, are landing at Monte Cristi not far from Puerto Plata.

FED SOUP MADE FROM HUMAN FLESH

(By the Associated Press.)
Victoria, B. C., Jan. 4.—News was received from Tokyo by the Empress of Japan yesterday that the Japanese people have solved a strange crime when playing the murder of the celebrated Japanese poet, Nenzen Noguchi, by Osa-buro Noguchi, an adopted son.

HARPER & BROS. ACCEDE TO PRINTERS' DEMANDS.

(By the Associated Press.)
New York, Jan. 4.—The publishing house of Harper & Brothers acceded today to the demands of their striking printers for the 48-hour week and the closed shop. More than one hundred printers employed by the house will return to work at once.

COUNTY SCHOOLS COST \$47,740

The County Board of Education was in session again to-day, making out the apportionment for the school year. This was found to be \$250 for each child in the county. These children number 19,056, which makes the total amount to be expended for schools in the county \$47,740.

THOSE HOURS OF TALK WASTED

Payne Withdraws His Amend- ment

THE MESSAGE REFUSED

Insurance Portion by Agreement
Goes With Question of Control of
Corporations to Judiciary Com-
mittee for Report on Constitu-
tional Powers.

(By the Associated Press.)
Washington, Jan. 4.—More than the average attendance of members were in their places when the House met for the first session after the holiday recess to-day.

Regarding a serious editorial statement in a local paper that members of the House abuse the franking privilege to the extent of sending cows, farm animals, libraries, and kitchen utensils free through the mails, Mr. Sims (Tenn.), obtained leave to assert that an investigation should be made. That the statement was only an outburst of vivid imagination was asserted, both by Mr. Mann (Ill.), and the Republican floor leader, Mr. Payne (N. Y.) before he concluded an investigation by the Committee on Postoffice and Post Roads "as to whether or not there are or have been abuses of the franking privilege by members of Congress or in the name of members of Congress."

The resolution was agreed to. On motion of Mr. Payne the House resumed consideration of the President's message, making reference of it by topic to the various committees. Mr. Payne withdrew the amendment which had occasioned the seven days of discussion before the holiday recess—the reference of that part relating to insurance to the Ways and Means Committee. He stated that it was his understanding that Mr. Hepburn would not press his amendment making reference of the message to the Interstate and Foreign Commerce Committee.

Mr. Hepburn at once submitted an amendment referring the whole question of the control of corporations other than railroads to the Judiciary Committee, with instructions "to report fully at an early day their views as to the power of the Federal government by legislation to regulate or control said corporations in the management or control of their business and business matters, and if said power exists then the extent of such power and under what provisions of the constitution it is conferred upon Congress." This amendment was agreed to without objection, and as there was no discussion of other items the reference of the entire message was made according to the terms of the resolution.

The Philippine tariff bill was then taken up for consideration in committee of the whole, with Mr. Olmstead, Pennsylvania, in the chair. Mr. Payne explained the details of the bill.

He particularly emphasized the "beneficent purposes" of the measure. The revenue collected under it, he said, was needed in the Philippines for schools and internal improvements. In brief, the bill provides for the admission to the United States of articles wholly the growth and product of the Philippines free of duty except sugar and tobacco, on which a tariff of 25 per cent. of the Dingley rates shall be collected. In consideration of this reduction of duty sugar and tobacco, the product of the United States, is to be admitted into the Philippines free of duty. After April 1, 1909, the bill provides absolute free trade between the two countries.

FATAL LANDSLIDE ON SOUTH AND WESTERN.

(By the Associated Press.)
Richmond, Va., Jan. 4.—On account of recent heavy rains a landslide occurred yesterday on the South and Western Railroad in progress of construction near Pine Ridge, N. C., killing three men and fatally injuring two others. The bodies of the dead men have been recovered.

A NEW SENATOR WAS SWORN IN

Mr. LaFollette Escorted In by Mr. Spooner

TILLMAN'S RESOLUTION

Requesting President to Inform Senate
Whether or Not President
Morales Carried His Government
With Him When He Disappeared,
and if Work at Customs House
Going On.

(By the Associated Press.)
Washington, Jan. 4.—Robert M. LaFollette was sworn in to-day as a Senator from Wisconsin. Ten minutes before the session began the door of the Republican cloak room was opened and Senator Spooner and his new colleague entered the chamber. This caused a mild sensation, for it was known that there had been a bitter political feeling existing between them, and that their personal relations had become somewhat strained in consequence. It was not known up to within a short time whether or not Mr. Spooner would escort his colleague to the desk to take the oath, or that Mr. LaFollette would accept the escort, but all this was arranged in the cloak room.

The reading of the journal had not progressed far when Mr. Spooner moved that this formally be dispensed with. This motion prevailed and Mr. Spooner lost no time in announcing the presence of his colleague. "Mr. LaFollette, the Senator-elect," he said, "is now in attendance and I ask that the oath of office be administered to him."

He then escorted Mr. LaFollette to the vice-president's desk. After Mr. LaFollette had signed the oath which he had taken, he was again joined by Mr. Spooner and escorted to the seat assigned him among the Republicans who have seats on the Democratic side of the chamber.

Mr. Tillman presented the following resolution: "Resolved, That the president be requested to inform the Senate, if not incompatible with the public welfare, as to the existing status in Santo Domingo; whether or not President Morales carried his government with him when he disappeared from the capitol, or whether he left it behind, and whether the American officers who have been in charge of the custom houses are still performing that work, and if so, under what arrangement and by what authority."

Mr. Tillman asked for immediate consideration of the resolution, but Mr. Spooner objected and it went over. A resolution introduced by Mr. Culbertson directing the Secretary of War to send to the Senate copies of the invitations for bids for railroads in the Philippine Islands and also copies of bids themselves was adopted.

At 2:14 the Senate went into executive session, and at 2:23 adjourned until Monday.

\$200,000 FIRE AT RECTIFYING PLANT

(Special to The Evening Times.)
Asheville, N. C., Jan. 4.—Information received here from Marion this morning told of the destruction by fire of the Bennett & Morgan rectifying plant at that place.

The plant is one of the largest in the State, if not in the South, and it is said to be totally destroyed. The fire is said to have been of incendiary origin. The loss is said to be from \$200,000 to \$250,000 with \$150,000 insurance.

WAKE PAYS THE STATE \$42,599.

Sheriff M. W. Page today had approved by the Board of County Commissioners the settlement he is ready to make with the Treasurer of North Carolina. The sheriff will pay to the State \$42,599.31.

COREY STOPS THE TAKING OF REBATES

(By the Associated Press.)
Cleveland, O., Jan. 4.—The Leader says: The accepting or rebates and special rates from railroads by the United States Steel Corporation and its subsidiary companies has been ordered stopped by President Corey.

CRASHED IN THE FOG FATALITY IN FERRY BOAT COLLISION

Steam Fog on New York Harbor— Black Hawk May Have Collided With Another Boat—Leaving the Other Helpless and Lusting— Helped by Tugs.

(By the Associated Press.)
New York, Jan. 4.—Scores of tug and steamers went astray in a dense fog which enveloped New York harbor, Hudson river and East river for over an hour to-day.

One wreck, a collision in which one man was fatally injured, and several smaller accidents were reported. Fully half the ferry lines stopped running for about an hour. Thousands of persons living in New Jersey, Long Island and Staten Island were delayed from entering Manhattan to attend their business, and many of those ferry boats which did venture to penetrate the white veil hiding Manhattan arrived with scores of half-breath escapades.

On Homer Shoals a tug boat was sunk, and the life savers went to the rescue of her crew, who sought refuge on one of a string of scows which she had in tow.

The Erie Railroad passenger ferry boat Passaic was run down in Hudson river by the ferry boat Binghamton of the Delaware, Lackawanna & Western Railroad. The Passaic's side was crushed in so badly that the walls of the men's cabin fell partially into the room. One bulkhead was also crushed in. Nicholas Carlo, a deck hand, was fatally injured and Thomas F. Piper, a passenger, was slightly hurt. Fortunately the Passaic was carrying very few passengers.

The Binghamton backed away in the fog, leaving the Passaic helpless and listing with one paddle wheel crushed. For a time the ferry boat seemed to be in such danger of sinking that the lifeboats were lowered ready for use. Tug boats answered the ferry's distress signals and towed the damaged vessel ashore. Carlo was put on one of the tugs and sent ashore to a hospital. He was seated with his back to the outer wall in the men's cabin, being thrown completely across the room by the shock of the collision.

C. S. GUTHRIE DIED IN SALISBURY.

(By the Associated Press.)
New York, Jan. 4.—News of the death at Salisbury, N. C., of C. S. Guthrie, chairman of the Board of directors of the Republic Iron and Steel Company, was received at the company's office in this city to-day. Mr. Guthrie was operated upon for appendicitis last Sunday.

He went South shortly before Christmas, and at the time of his departure from this city apparently was in the best of health. The attack of appendicitis came upon him a week ago. He did not rally from the shock attending the operation, and his condition for several days had been regarded as extremely critical.

DR. THOMAS' SON HAS SMALLPOX.

(Special to The Evening Times.)
Wilmington, N. C., Jan. 4.—George Thomas, Jr., son of Dr. George G. Thomas, chief surgeon of the Atlantic Coast Line Railroad and president of the North Carolina Board of Health, has a well-developed case of smallpox.

Young Thomas is superintendent of the MacRae & Co. test farm located near here, and it is thought the disease was contracted while at the farm. The Thomas home is under quarantine.

HIGGINS WON'T SAVE PATRICK.

(By the Associated Press.)
Albany, N. Y., Dec. 4.—Governor Higgins today denied an application for a reprieve for Albert T. Patrick, who is under sentence of death for the murder of William Marsh Rice, a Texas millionaire.

EARTHQUAKE AT NICARAGUA.

(By the Associated Press.)
Washington, Jan. 4.—Vice Consul Wallace at Managua, has cabled the State Department, under yesterday's date, that a terrible earthquake has occurred in Nicaragua, and it was reported to him that Masaya had been ruined by the eruption of the volcano San Diego.

NOT GUILTY IS FOSTER'S PLEA

Hazing Trial Resumed at Annapolis Today

OFFENDERS IN COURT

Attempt of Foster's Counsel to Have
Specifications Stricken Out Failed,
and the Hearing Proceeded—Victims
Had to Swing from Clothes Line
and Poured Under Table at Meal
Time.

(By the Associated Press.)
Annapolis, Md., Jan. 4.—The court martial which has been in session here for several days hearing charges against Naval Academy students charged with hazing, resumed this morning. Midshipman Decker was brought before the court immediately after it met and the record of yesterday was read and approved in his presence.

Midshipman Tremor Coffin, Jr., whose trial on the charge of hazing Jerdone H. Kimbrough, has been completed, was then brought before the court and a minor change in the record of his trial was made in his presence.

Midshipman Worth W. Foster, of New Albany, Ind., was then brought before the court to be tried on the charge of hazing fourth-classman Chester S. Roberts, of Joliet, Ill. The charge is supported by four specifications, alleged to be committed on different dates ranging from the middle of October to the middle of December. The first charges that Roberts was compelled to stand on his head; the second that he compelled him to hang from the clothes locker and the other time that he made him get under the table during the progress of a meal. Foster pled not guilty to the charge and all specifications.

At the opening of the case Mr. E. S. Theall, moved that the first, second and fourth specifications be stricken out on the ground of indefinite allegations of the time and place of the alleged hazing. The times alleged, he said, covered fifty-seven days and the place alleged was any of the five hundred rooms in Bancroft Hall. The court refused the motion, holding that the specifications were technically correct.

Midshipman Chester S. Roberts was the first witness. He identified the accused by name. He appeared most reluctant to testify against the accused and parried the questions of the judge advocate until Captain Rees, the president of the court, cautioned him that he was under oath to tell the whole truth in the matter. He then said that about two weeks after the school had opened Foster had ordered him to report to Foster's room and he had done so. Foster had ordered him to go in the small room and that some one had then held a thumb in four positions, these indicating, he said, that he was in succession to tell his name, where he was from, who he succeeded in the Academy, and to get on his head. He was then compelled to do "number 18" and then to hang on the locker, both of which he did. He then was asked if he could do any better at the table.

The witness answered that he had done his best before and was then ordered to hang on the locker again. Roberts said that Foster then sent him for Midshipman Cleveland. Foster and Decker were in the room, he said, and he believed that Foster had made the motions with his thumb.

PART PLAYED BY MANUFACTURERS.

(By the Associated Press.)
Washington, Jan. 4.—Manufacturers participated to the extent of more than a billion dollars in the \$2,500,000,000 worth of commerce of the United States during the eleven months ending with November, 1905.

Statistics announced by the Department of Commerce and Labor show that the value of manufacturers' materials imported was \$612,000,000 during those eleven months, and of manufactures exported \$30,000,000, against \$49,000,000 the previous year. The value of crude material for use in manufactures imported in this time was \$66,900,000, against \$20,000,000 in the same months of the previous year. During those months there was a remarkable increase in the exports of agricultural products, especially of corn, the value of which rose from \$11,000,000 in the previous year to \$30,000,000 during the first eleven months of this year.
