

SORES AND ULCERS

TROUBLESOME-OFFENSIVE-DANGEROUS

Nothing is more discouraging than to have an unhealthy sore or ulcer resist one treatment after another, sometimes scabbing over and apparently getting well, then returning with renewed energy and becoming worse than before. Sores and ulcers are not due to outside causes; if they were, salves, plasters, lotions, etc., would cure them. They are kept up by a diseased and polluted condition of the blood brought on by the absorption of refuse and waste matters of the body into this vital fluid. These accumulations find their way into the blood, usually because of an inactive and sluggish condition of the system. Nature intends that they shall be carried off through the usual channels of waste, but the different members failing to perform their duties properly leave the matter to sour and ferment. The blood then, in its effort to keep the system healthy, absorbs these poisons and at the first bruise, cut or wound the sore is formed, and the constant drainage of foul matter through it keeps the place open and irritated so it cannot heal. Another cause for old sores and ulcers is the polluting or weakening of the blood from the remains of some constitutional trouble or the effects of a long spell of sickness. S. S. S. begins at the fountain-head and drives out all poisonous matter and germs, and makes a lasting cure. As soon as the system gets under the influence of S. S. S. the inflammation gradually leaves, the flesh takes on a healthy color, and soon the place is permanently healed. Book on sores and ulcers and any medical advice without charge.

SEND DRUM CORPS TO NEW ORLEANS

The annual reunion of the Confederate veterans will be held in New Orleans April 22-25, and the indications now point to a large attendance from this section of North Carolina.

Of course the famous drum corps, the only Confederate drum corps in existence, must go. This body has attracted much attention at the last four reunions and contributed richly to the pleasure of these gatherings. Commander A. B. Stronach is ready to receive contributions from the public for this purpose. It is sincerely hoped that the people of Raleigh will respond promptly. Small gifts from a number of Raleigh citizens will supply a sum sufficient to send the corps to New Orleans. Only three of them, Veterans J. J. Lewis, A. H. Haynes and W. T. Johnson, can attend this year, since the fourth member of the corps, Mr. W. D. Smith, is ill at his home here. Raleigh cannot afford not to have the corps attend the great gathering. In 1907 the reunion will undoubtedly be held in Richmond, Va., when the Jeff Davis monument is unveiled.

BUTTER AND EGG SHARPER.

Swindled Farmers and Merchants of Chatham and Randolph. (Special to The Evening Times.) Greensboro, N. C., April 9.—In Chatham and Randolph counties this spring farmers and merchants have been buncoed by a butter and egg sharper.

He gave his name as Marshall, had business cards giving his address in Greensboro, N. C., and represented himself as buying produce for a big Baltimore commission firm. He would go to a merchant, buy all the eggs and butter he had at several cents above the market price, pay him part cash, order the lot and what more he could get in the next five days expressed to him at Greensboro. He said he could pay more for eggs than even Baltimore dealers, because he was having erected in Greensboro a big storage warehouse, where he could keep the eggs until the time of high prices again. For several days great quantities of eggs and tubs of butter came here for him, and he would simply remark them to produce firms in Baltimore, Washington and New York at the station and let them keep going north. It is said that the loss is over \$6,000. The fellow had a room rented on Davis street, at the number he gave on his visiting card, but never occupied it. Efforts are being made to locate the dealer, and a reward of \$200 has been offered by the Chatham and Randolph victims for his arrest.

Four Charters Issued.

Charters were issued today for the Head-Hazy Company of Oxford, with \$50,000 capital for a general drug and chemical manufacturing business, J. F. Steadman principal incorporator.

The North Carolina Distilling Company of Salisbury, capital \$20,000 for distilling corn whiskey, principal incorporator G. A. Leath.

The Dunn's Rock Building Company of Brevard, \$25,000 capital subscribed by J. W. McManis, Thos. H. Shipman and others.

Also the Prix Company of Statesville for the manufacture and sale of pianos and organs.

BRIGHT OUTLOOK FOR WILMINGTON MEETING.

Secretary Marshall Delaney Haywood, of the Society of the Cincinnati says the outlook is for the most delightful and important session in the history of the society at Wilmington April 19-20. There will be a special entertainment by the Society of the Colonial Dames who will also take the society on a pilgrimage to Old St. Phillips church. The laying of the cornerstone for the monument to Cornelius Harnett will take place on the 20th while the Cincinnati are there. This will be by the Grand Lodge of Masons. The latter ceremony will be conducted by Grand Master Francis D. Winston who will attend in person.

Asheville Horse Show.

(Special to The Evening Times.) Asheville, N. C., April 9.—Great interest is being manifested in this year's meet of the Asheville Horse Show Association April 24 and 25. Many entries have been made thus far, and indications point to a greater number of exhibitors than at any previous event. Alderman Silke-leather was chosen chief marshal, the fourth time that Mr. Silke-leather has been chosen for the post.

DRUG COMPANY.

Lava Stream Stopped as if by Miracle

(Continued from First Page.)

arrived at the station the eruption of the volcano was most violent. Both the king and the queen, although greatly fatigued, insisted that they should leave immediately for Torre Annunziata, the king saying: "It is my duty to be there."

Leaf of Chocolate.

Naples, April 9, 12.30 p. m.—The quantity of ashes and cinders thrown up by Mount Vesuvius within the last twenty-four hours is unprecedented. An analysis shows this discharge to be chiefly composed of iron, sulphur and magnesia. When dry the whole region seemed to be under a gray sheet, but now, after a fall of rain it appears to have been transformed into an immense lake of chocolate.

The evacuation of the threatened villages and towns continues, but means to transport the inhabitants are lacking, although thousands of soldiers with artillery carts have been sent to the places where the sufferers are mostly in need of assistance.

At many places the people are suffering from panic and a state of great confusion exists which has been added to by superstition.

Some of the parish priests refused to open their churches to people who tried to obtain admittance, fearing that an earthquake would destroy them when full of people and thus increase the disaster. Crowds of women attacked the churches, pulled down the doors and took possession of the pictures and statues of the saints which they carried about as a protection against death.

Many people camped along the roads and in the fields outside of Torre Annunziata and Ottajano where they thought they would be safer than in the towns, defying the elements, though nearly blinded by ashes, wet to the skin by the rain, and terrorized by the gigantic, curved, flaming mass above, resembling a scimitar ready to fall upon them.

Half Million Fugitives.

Naples, April 9, 1.55 p. m.—Only about two thousand out of 32,000 inhabitants of Torre Annunziata dare to remain in the town, which is now patrolled by soldiers.

The number of fugitives is augmenting everywhere, and it is estimated that about half a million people have fled from their homes. Many persons are leaving Naples in alarm and as traffic on the railroads is interrupted, numbers of these fugitives are going to Sicily by sea.

The eruption of the volcano has caused a great congestion in all services, especially telegraph lines, making it difficult to forward press or other messages.

Corundum Company in Trouble.

(Special to The Evening Times.) Asheville, N. C., April 9.—The Columbia National Bank of Buffalo, N. Y., has filed a petition in United States circuit court here asking for a receiver for the North Carolina Corundum Company of Clay county. The bank alleges that the Corundum Company owes it \$20,000; that the bank is about to foreclose, and that a receiver is desired to take charge of the company's affairs until the matter has been finally adjudicated.

DEATH OF MISS EMMA MORDECAI.

Died on the afternoon of the 8th of April at the residence of Mrs. C. T. Morel, Brevard, N. C., Miss Emma Mordecai, in the ninety-fourth year of her age.

She was a daughter of Mr. and Mrs. Jacob Mordecai, deceased, of Richmond, Va., where he remains will be taken for burial. She was a sister of the late Geo. W. Mordecai, Raleigh, N. C.

NOTICE OF SALE OF VALUABLE CITY PROPERTY.

Under the authority and direction of a power of attorney made to me by M. T. Leach and E. B. Barbee, I will on Monday, April twenty-third, 1906, at 12 o'clock m., expose for sale and sell for cash to the highest bidder at the court house door of Wake County, the following lot of land situated in the City of Raleigh, North Carolina:

That lot of land situated at the southwest intersection of Blount and Martin streets, the brick building on which was recently destroyed by fire while used by Mr. Geo. Harding as a livery stable.

Beginning at said S. W. corner of Blount and Martin streets, runs thence South along the Western line of Blount street 137 1/2 feet to the Frank Stronach line; thence West with said Stronach line 105 feet to Mrs. Lougee's line; thence North with said Mrs. Lougee's line 45 feet; thence East 46 feet; thence North 22 1/2 feet to the S. E. corner of the brick store formerly used by J. E. Pogue as a tobacco factory and G. S. Tucker & Co. for furniture, continuing said line North along the Eastern side of said brick building 70 feet to Martin street; thence East with said Martin street 59 feet, more or less, to the beginning, containing 10,183 square feet. This 20th day of March, 1906. JAMES E. SHEPHERD, Attorney. M-20-4w.

SOUTHERN RAILWAY MAY BUY ASHEVILLE & CRAGGY MTN.

Asheville, April 9.—It is learned here on good authority that the Southern Railway company may acquire the Asheville & Craggy Mountain Company, known as the R. S. Howland road.

The road runs from the terminus of the Charlotte street electric line in this city to the Weaver power plant on the French Broad river, five miles below Asheville.

It is believed that this is the outcome of a fight that has been waged between the Southern and the Howland line for a right of way along the east side of the river inside the corporate limits of Asheville. The papers are said to have passed transferring the property, although the consideration is not known. It is known that the Southern has desired this property for some time for the purpose of locating factories, and that several months ago an effort to purchase the road was made without result.

GERMANY WANTS TO POSTPONE HAGUE CONFERENCE.

Berlin, April 9.—The Associated Press is officially informed that the German government has suggested an adjournment of the second peace conference at The Hague in order not to interfere with the Bernese (Red Cross) conference, where the Geneva convention will be revised. Germany has not suggested July as the month for the conference, but is trying to persuade Russia to postpone assembling. The Hague conference so that the North, Central and South American states may be able to send representatives to the European conferences without the Pan-American Congress at Rio Janeiro.

Harsh physics react, weaken the bowels, cause chronic constipation. Doan's Regulates operate easily, tone the stomach, cure constipation. 25c. Ask your druggist for them.

It Is Wrong

To Suffer From a Germ Disease, When Liquozone is Free.

In the past few years, scores of diseases have been traced to germ attacks. They were thought to be due to other causes when old-time remedies were made. Can you not see why you don't get well, if you treat a germ disease with remedies that can't kill germs?

The remedy of today is Liquozone, and the first bottle is free. Its power is best told by a test. We ask you to try it, as millions have done, and learn what it means to you. Learn what this gas-made germicide can do.

What Liquozone Is.

The virtues of Liquozone are derived solely from gases, by a process requiring large apparatus, and from 8 to 14 days' time. No alcohol, no narcotics are in it. Chemists of the highest class direct the making. The result is to obtain from these harmless gases a powerful tonic-germicide.

The great value of Liquozone lies in the fact that it is deadly to germs, yet harmless to you. Germs are of vegetable origin; and this gas-made product, when absorbed by them, stops their activities. We publish an offer of \$1,000 for a disease germ that it cannot kill. But to the body Liquozone is, exhilarating, vitalizing, purifying. It is its main distinction. Common germicides are poisons when taken internally. That is why medicine proves so nearly helpless in a germ disease. Liquozone is a tonic.

We Paid \$100,000

For the American rights to Liquozone, after hundreds of tests had been made with it. After its power had been demonstrated, again and again, in the most difficult germ diseases. Then we spent, in two years, more than ten times that sum to let others test it at our expense. The result is that millions of people, scattered everywhere, have shared in the benefits of this invention.

We make the same offer to you. We ask you to prove, at our cost, how much this product means to you. Let Liquozone itself show how wrong it is to suffer from a trouble that it cures.

Germ Diseases.

Most of our sickness has in late years, been traced to germ attacks. The list of known germ diseases now numbers about one hundred.

Some germs—as in skin troubles—directly attack the tissues. Some create toxins, causing such troubles as Rheumatism, Blood Poison, Kidney Disease and nerve weakness. Some destroy vital organs, as in Consumption. Some—like the germs of Catarrh—create inflammation; some cause indigestion. Directly or indirectly, nearly every serious ailment is a germ result. Such diseases call for Liquozone—not drugs, which can't kill germs.

Every germ attack, no matter what its nature, calls for a germicide. The mildness of Liquozone makes

some of its results seem almost incredible. But in that mildness lies the power that germ diseases need. And diseases which have resisted medicine for years often yield at once to it.

50c. Bottle Free.

If you need Liquozone and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and will pay the druggist ourselves for it. This is our free gift, made to convince you; to let the product itself show you what it can do. In justice to yourself, please accept it today, for it places you under no obligations whatever.
