

# THE WORK ON SOUTH & WESTERN

## Connect at Rutherfordton With the Seaboard

### COST \$100,000 A MILE

Seventeen Tunnels in Eighteen Miles Over Blue Ridge—Graded Wide Enough for Double Track—3,000 Laborers at Work Between Spruce Pine and Marion.

(Special to The Evening Times.) Rutherfordton, April 9.—It is now almost an assured fact that the South & Western will come to Rutherfordton and connect with the Seaboard Air Line at this place. The old route first surveyed down Cove and Mountain creeks, it is said by reliable parties in a position to know, has been abandoned, and the line will now come by way of Thermal City and Union Mills and will parallel the Southern Railway from the McDowell county line to this town. There are now two surveying corps between Rutherfordton and Marion going over this latter route so as to locate the best possible line. The corps which has been located here for the past month is now making the final survey of the route from Thermal City here, after which the location will be made. So the prospect for this new road is most flattering indeed.

The only question that now seems to be worrying our citizens is: Will the road enter the town of Rutherfordton and leave us out by a mile, as the others have done? Two lines have been surveyed for the Seaboard connection. One goes directly to the Seaboard depot, and the other down Glenora creek through the western portion of the town, the latter of which it is hoped and believed will be selected.

The outlook for the building of the South & Western Railway from the coal fields of West Virginia and Kentucky via Rutherfordton to Spartanburg, S. C., and perhaps Clinton, is good. It is estimated that the average cost, with seventeen tunnels in eighteen miles over the Blue Ridge, will far exceed \$100,000 per mile. The excavations and embankments are being made from 20 to 22 feet wide, large enough for a double track railroad, while the grade, one-half of one per cent, is an ideal one for heavy coal trains carrying 60 to 65 cars.

Three thousand laborers, scattered in fourteen camps, are at work between Spruce Pine and Marion. At the river, near Spruce Pine, three piers of concrete masonry have been finished, and a splendid steel bridge is now being placed across the stream. There are five tunnels through solid rock on top of the Blue Ridge. These tunnels are 2,255, 1,900, 1,600, 980 and 200 feet long, and are located between camp No. 1, near Spruce Pine, and camp No. 3 on the dividing line between Mitchell and McDowell counties. The most improved machinery, with compressed air drills, is being used on the seven tunnels piercing through the Blue Ridge mountains. Twelve boilers of 60-horse power, each with ten drill capacity, are boring with all possible speed. Five more boilers and drills using compressed air will soon be at work. Working at both ends of the tunnels with two sets of laborers, for night and day, they bore in rock under the mountain only 12 feet per day on an average. Yet it is claimed that this work will be completed in one and one-half years. Seven steam shovels—one near Marion and six beyond the mountains, are hastening the grading work. From Spruce Pine to the top of the Blue Ridge is seven miles; from Spruce Pine to Marion is 21 miles by dirt road, but by the railroad it will approximate 45 miles. There is not a trestle on the entire line. The company is asking for no bonds, and is moving rapidly in its work. It is said that the grading will be finished, and the track laid

and trains running to Spartanburg by May, 1908. The Pennsylvania Railroad and the Thomas F. Ryan syndicate, which control the Seaboard Air Line and the Atlantic Coast Line, are the financial backers behind the new enterprise; and that the road will now be built is a fact that cannot be further doubted. The election of Mr. Alfred Water, chairman of the board of directors of the South & Western, to the presidency of the Seaboard Air Line, shows conclusively that the two roads are closely allied.

## HAVANA STRIKE SMALL AFFAIR.

(By the Associated Press.) Havana, April 9.—The general strike in support of the striking employes of the Havana Electric Railway which was threatened at the big meetings held here last night did not materialize today to an appreciable extent. The men in all the important cigar factories are working excepting those where the tobacco leaves left to dry over night are in an unworkable condition. The bakers who have various grievances of their own did not stop working to any great extent and the street cars are running in increasing numbers, but much confusion is caused by inexperienced employes. Nothing has developed so far to convince the public that the labor leaders have very great influence over the workmen.

## CRAVEN COURT CONVENED TODAY.

(Special to The Evening Times.) New Bern, N. C., April 9.—Craven county criminal court convened today, with Judge B. F. Long on the bench. About one hundred cases are on the docket, many of them being continued from last term of court. There are 18 blind tiger cases and about 35 larceny and house breaking cases. Assaults complete the list of the offenses. While there are none of great importance, there are some of much local interest, especially blind tiger cases. It is believed true bills will be returned in most of them.

## Georgia Techs Beat Trinity.

A special from Atlanta Saturday night says: In a good game Trinity lost to the Georgia Techs here today. The score was 5 to 1 in favor of the Georgia team. The features of the game was the good work of Lafayette, in the box for the Techs, and the steady work of Gantt for Trinity. The score by innings was as follows: R. H. E. Trinity . . . 0 0 0 0 0 0 0 1 1 7 3 Techs . . . 0 0 0 0 0 0 0 4 5 5 5 Summary: Earned runs, Techs 4 and Trinity 1. Two base hits, Lafayette and Johnson for the Techs and Jastus and Weism for Trinity. Struck out, by Gantt 8, by Lafayette 14. Base on ball, off Gantt 1, off Lafayette 6.

## SWORE HUSBAND WAS DEAD SO AS TO RE-MARRY.

Marriage license was today granted to Myra Jones, colored, upon her affidavit that she believed her former husband was dead. She is 22 years old and her intention is to become the wife of Will Parley, aged 27 years. Both live on P. F. D. route No. 5, Raleigh. The woman swears that March 17, 1897, she was married to John Jones. April 16, 1898, he left and in the following May O. J. Vold, Yorktown Heights, N. Y., wired her that John was dead. She was never able to learn anything further. The license was issued upon her sworn statement.

## MENINGITIS HAS CLOSED SCHOOLS.

Norfolk, Va., April 9.—As the result of the appearance of spinal meningitis or spotted fever, in the Pinners Point and Port Norfolk sections on the other side of the Elizabeth river here, the Pinners Point public school was closed today, when only one out of 100 pupils appeared, and as the result of a small attendance the Port Norfolk school will likely be closed. The disease is alarmingly fatal, and sometimes brings death in a few hours. Already several deaths have occurred, and there is a panic in the sections named.

Its equal as a curative agent does not exist. So perfect is the medicinal action as to challenge the admiration of the medical profession. Such is Hollister's Rocky Mountain Tea. 35 cents. Tea or Tablets. Henry T. Hicks & Co.

## RIGHT SERVICE

We know what is due those who confide in us. And we direct our every energy to see that every patron gets such service and such treatment as they might expect. Do not fail to let us know when anything is unsatisfactory. Value, quality, satisfaction and style are four factors of the store's growth. Our prices are always right. We see to that. But in many instances as compared to other stores our prices are lower than they rightfully should be. These facts apply also to our Spring goods and our prices are the lowest consistent with quality shown.

### Umbrellas.

If you wish a superior Umbrella for a lady or for a child, you find beauty and utility combined in the selection we've made for smart trade. These come in Navy, Brown, Green, Garnet and Black with natural and fancy handles. Special values at \$1.00, \$1.50, \$2.00 and \$2.50 each.
