

## Over Half a Million SATISFIED CUSTOMERS

Do you think such an enormous business could be built up and continually increased, if our goods did not have exceptional value and merit? Do you think we could hold the trade of half a million people, if our reputation for doing exactly what we say wasn't firmly established? Do you think U. S. Senators, Foreign Ambassadors, Bankers, Business and Professional men in every section of this country would keep on using HAYNER WHISKEY if it wasn't all right? Do you think doctors would recommend it and hospitals use it, if it wasn't absolutely pure and unadulterated? Just think these things over carefully and then send us a trial order. Your money back if you are not satisfied.

## 46 SHAW GRADUATES

Address by President Harris on "Work"

Prizes in Medicine and Pharmacy Presented by President Meserve—Diplomas Awarded by Mr. E. O. Silver—Many Distinguished Visitors.

The commencement exercises of the Leonard School of Medicine and Pharmacy and the Department of Law at Shaw University were held this morning and forty-six young colored men received their diplomas. The graduating exercises this year were rendered specially notable both because of the unusual size of the class and the presence here of many trustees of the university. These gentlemen, Baptists and philanthropists who are laboring for the advancement of humanity, reached Raleigh yesterday and are attending the annual meeting of the board which coincides with the commencement of the Leonard School of the University.

The audience was called to order at 10 o'clock in the auditorium by President Charles F. Meserve. Rev. W. L. Taylor, D. D., of Richmond, Va., offered the invocation.

This was followed by the commencement address, delivered by Rev. J. H. Harriss, D.D., president of Bucknell University, Lewisburg, Pa. His theme was "Work, a Divine Ordinance." The result of keeping this ordinance, the speaker pointed out, was a great spiritual wealth. Work was simply transforming the raw material which God provides into something that is useful to man. There cannot be too much of this transformation in this world. The earth was not given to man, it is loaned to him and he must by work make good the conditions of the lease. The race or the man failing to fulfill the terms of the lease forfeits his right of inheritance, loses his title. The North American Indian is an example. This continent was first given to him but he failed to convert the raw material at his command into the finished product of usefulness to man, he did not by work make good his lease, he did not stake off and improve his claim, and the inheritance was given to another.

The exercises of the morning were interspersed with musical selections, including "Hallelujah Chorus," "Quoniam tu Solus," "The Heavens are Telling," "Benedictus," and "Agnus Dei."

The diplomas were awarded and the degrees conferred by Edgar O. Silver, Esq., of New York, one of the friends of the university. President Charles Francis Meserve, in presenting the prizes, made a parting address to the graduates in which he gave wise and judicious advice to the young men going forth from this institution. The prizes presented were as follows:

- The McKee Prize—R. H. Brooks.
- The Knox Prize—E. A. Taylor.
- The Goodwin Prize—F. W. James.
- Honorary Mention—J. A. Byers.
- The Battle Prize—A. J. Strong.

## S. A. L. OFFICIALS TALK IN SLEEP

The exceedingly interesting disorientation has been made that President Walter of the Seaboard Air Line and retiring President J. M. Barr, while not proved somnambulists, have upon one occasion indulged in a lovely vision during their slumbers and chatted freely about the advantages of Raleigh while peacefully wrapped in the arms of Morpheus. The dream of Raleigh's charms was so vivid in the minds of the sleepers that the impressions were unconsciously dropped from the window of their private car, while under the shed at the union station about three minutes yesterday before daybreak, and the treasure was picked up beside the track by an energetic reporter next morning. This phenomenon is vouched for by The News and Observer, which this morning made this announcement:

"President-elect Alfred Walter, of the Seaboard Air Line Railway, and President Barr, the retiring executive, paid a short visit to Raleigh yesterday morning on a tour of the Seaboard system. The officials were favorably impressed with Raleigh, and although they authorized no statement, the city pleased them. It is probable that they will make a more prolonged stay here upon their return to Portsmouth."

The officials above quoted passed through Raleigh at 4 a. m. and were quietly sleeping, so far as the public could tell. Certainly no one in Raleigh punched them out of their berths to get from them an expression of their pleasant impressions of Raleigh, which they had formed in the dead of the night in the interior of a sleeping car.

Accidents will happen, but the best regulated families keep Dr. Thomas' Electric Oil for such emergencies. It subsides the pain and heals the hurts.

## MAID OF HONOR WRITES

Mysterious Letter Received at State Capitol

Take Down North Carolina Light Houses and Stop Damages It Says Have Proved Enemy To Righteous Officials and Clerks Puzzled Over the Strange Missive.

There came to the department of state this morning a letter which mystifies as well as amuses the state officers and clerks in the capitol no little. It reads as follows:

"Maid of honor Idmeat Ephesians, 'Office of thoughts building, 'Thoughts place holy land, 'Freedom nation April 9, 1906, 'Gentlemen and Sirs:

"You are hereby notified to take down North Carolina light houses, stop damages. Thoughts place or holy land is a nation of her own. We people of thoughts place or holy land are tired of North Carolina light house people. I do not hear any business of light house North Carolina they have proved a enemy to the righteous. We as a righteous people do not like to be bothered with the enemy, for full particulars examine the counties of your state.

Yours etc.  
"Maid of honor Idmeat Ephesians 'Loveface, 'North Carolina."

The letter went the rounds of the state offices this morning and the boys all put on their most intense "thinking caps," but all to no purpose, for neither Geo. W. Norwood or W. S. Wilson in the office of the secretary of state, H. T. Hudson or Everard Baker in the auditor's office; W. F. Moody, Percy Fleming or Mr. Doughton in the treasury, or Private Secretary Arrington in the governor's office could give any acceptable elucidation of what the writer was "driving at." Not even Percy Fleming, who is recognized as an authority on such matters, could even give any information as to who this "maid of honor" is. State Auditor Dixon and Secretary of State Grimes were called into the council to see if they could throw any light on the mysterious letter, but they gave it up as a hopeless task.

It is understood that there is to be a casting of lots among the clerks as to which shall answer this letter and conduct the correspondence with this "maid of honor."

## CURE YOUR KIDNEYS.

Do Not Endanger Life When a Raleigh Citizen Shows You the Cure. Why will people continue to suffer the agonies of kidney complaint, backaches, languor, why allow themselves to become chronic invalids, when a certain cure is offered them? Doan's Kidney Pills is the remedy to us, because it gives to the kidneys the help they need to perform their work.

If you have any, even one, of the symptoms of kidney diseases, cure yourself now, before diabetes, dropsy or Bright's disease sets in. Read this Raleigh testimony:

Jas. G. Upchurch, clerk, of 213 Smithfield street, says: "We have used Doan's Kidney Pills with very satisfying results. My wife has suffered with her back and kidneys, and I bought any number of remedies for her but none of them did her any good until I procured Doan's Kidney Pills from Bobbitt-Wynne Drug Co.'s store. They acted immediately on the parts affected and appear to have cured her. It may return, but she has not complained of having any pain in her back since using the Pills and it is them that she attributes her cure."
