RAILROAD MEN IN WITNESS BOX

Long List of High Officials to be Examined

PROBE TO GO DEEPER

Interstate Commerce Commission's Activity in the Coal-Car Distribu- tion Inquiry—Trying to Get at the Alleged Secret Business Relations With Coal Companies.

(By the Associated Press.)
Philadelphia, Pa., May 23.—High officials of the Pennsylvania Railroad are among the witnesses who will be examined during the investigation this week of the interstate commerce commission into the alleged discrimination by the railroads in the distribution of coal cars. The hearings were resumed today.

The revelations of last week when a number of Pennsylvania Railroad officials admitted accepting gifts of stock in various soft coal mining companies impelled the commission to subpoena more important officers in an effort to determine the secret business relations alleged to exist between the railroad and certain coal companies.

The witnesses to be examined during the hearings this week include: Captain John B. Green, first vice president of the Pennsylvania Railroad; William A. Patton, assistant to President Cassatt; Robert Pittcairn, assistant to President Cassatt at Pittsburgh; Congressman George F. Hugg, president of the Keystone Coal & Coke Company; John Lloyd, president of the Columbia Coal Mining Company; J. Howard Patton, a coal man and a brother of William A. Patton; Theodore N. Ely, chief of motive power; D. S. Newhall, purchasing agent of the Pennsylvania Railroad; J. K. Johnston, superintendent of the Tyrone division; Victor Wireman, superintendent of the Amboy division; J. N. Purviance, chief clerk to William A. Patton; C. A. Wood, chief clerk to the general superintendent; David Steele, assistant trainmaster, Pittsburgh division; A. E. Fidler, Charles Culp, H. C. Burkett and C. A. Bunch.

As a result of the investigation minority stockholders of the Pennsylvania Railroad are said to be considering plans to bring about a more thorough probing through the state legislature. Such an investigation would include an inquiry into all the details surrounding the contracts for steel rails, engines and other equipment made in the last five or six years. The present investigation is limited by the Tillman-Gillespie resolution as to the relations of the railroads to the coal and oil industries.

The entire commission sat for today's hearings. The first witness called was W. A. Patton, assistant to President Cassatt at Philadelphia. He was asked to tell what interest he had in coal companies. Taking a list from his pocket he enumerated the various companies in which he held stock. Concerning the Keystone Coal Company shares of which 2,500 were in his name, he said he got the stock by purchase and through the merging with the Keystone company of smaller companies in which he was interested. Five hundred of the shares, he said, belonged to his brother, J. Howard Patton, who is interested in coal properties in western Pennsylvania. Mr. Patton explained that he held stock in five companies which were consolidated with the Keystone and through that transaction secured his holdings in the Keystone company.

Mr. Patton proved an unwilling witness when he was questioned about his holdings in the Atlantic Crushed Coke Company. The examination resulted in a tilt between witnesses and Attorney Glasgow for the commission and caused impatient comment by Commissioner Cockrell.

Mr. Patton accused the lawyers of forming opinions as to his business dealings, which Mr. Glasgow denied. "I am only asking you the questions, Mr. Patton," he said. "I don't know anything about your business."

The controversy occurred after repeated efforts had been made by Mr. Glasgow to draw from the witness a positive statement as to whether he had paid any actual cash for his four hundred shares in the company. Mr. Patton made an explanation (Continued on fourth page.)

ONE WIFE IS THE LIMIT

Presbyterian Assembly is Against Polygamy

Resolutions Adopted at Des Moines Frown Upon Mormon Custom and Urge Congress to Enact Severe Laws to Prohibit It.

(By the Associated Press.)
Des Moines, Ia., May 23.—The Presbyterian General Assembly in session here today adopted the following anti-polygamy resolutions:

"The assembly records its gratification and satisfaction in the proposed submission to the legislatures of the several states a new article to be known as Article 16 of the Constitution of the United States, prohibiting polygamy and polygamous cohabitation in the United States, and it reiterates its former counsel to all members of the church to exert their influence in their several localities to secure the ratification of such amendment if said joint resolution proposing said amendment be adopted by the senate and the house of representatives of congress."

It was ordered that copies of the resolution be sent the president of the United States and the presiding officers of both houses of congress. The resolution offered yesterday, memorializing congress against appropriations of public money for sectarian purposes was defeated. J. B. Moffat, chairman of the committee on bills and overtures, explained that the precedent was for the assembly to "keep hands off" of questions of civil legislation. The request of the committee that negative action be taken was upheld by a small majority.

No limitation was placed upon the size or capacity of the stills at which the denatured alcohol is to be manufactured.

DISTRIBUTION OF IMMIGRATION

Bill Again Considered in the Senate Today

MORE FOR THE SOUTH

Senator McCrory Would Divert a Larger Proportion To the South- ern States.—The Large Cities of the North Already Overcrowded With Foreigners.—Seems To Think We Would Welcome All Classes.

(By the Associated Press.)
Washington, May 23.—When the senate today resumed consideration of the immigration bill the committee amendment authorizing the creation of a bureau of information for the benefit of immigrants was taken up. Senators Spooner, Lodge, Gallinger and others criticized the provision providing for the collection and distribution of data concerning the resources of the various states and territories.

Mr. Gallinger moved to strike out all of the amendment except that portion permitting the various states to be represented by agents at the immigrant stations and Senator McCrory opposed the motion. He said that special effort had been made to secure a better distribution of immigrants that is obtainable under the present system.

No, he said, most of the new comers locate in the eastern states and larger cities where they are not needed, whereas the south, where immigration is desired, is almost entirely overlooked.

In support of his contention he said that 285,000 aliens located in New York last year and only 600 sought homes in Kentucky. He also called attention to the fact that the south is not represented in the immigration service and criticized the arrangement as sectional.

Senator Spooner defended the present immigration service against the charge of sectionalism and said the commissioner of immigration was in no sense an agent for the states. He considered the provision entirely impracticable for to be impartial, as he must, the states of information, limit the commissioner must distribute pamphlets, not from one, but from all of the states to each immigrant. He thought the state should be permitted representatives at the stations, but that no further concession should be made.

After further debate Mr. Gallinger's amendment was modified and adopted. As agreed to it authorizes the creation of a division of information, limits the expense to \$20,000 and authorizes states and territories and corporations interested in immigration to maintain agencies at the immigration stations.

A suggestion by Senator McCrory authorizing the appointment of a commissioner of immigration at New Orleans was agreed to.

A REMARKABLE VOYAGE

Dismantled Hull of a Big Ship Arrives

Brought Over Two Seas By An Amer- ican Skipper—Trip Required Over Five Months—First Attempt of the Kind in Chronicles of Merchant Marine.

(By the Associated Press.)
New York, May 23.—Upper jury rig from Kobe, Japan, to New York harbor the motor clipper ship A. G. Ropes arrived here today completing successfully what was the first attempt in the chronicles of the American merchant marine to take the dismantled hull of a great full rigged ship across two seas.

The voyage began last December, following a typhoon experience last summer near Hong Kong, when practically everything above the ship's decks went overboard.

The course taken by the A. G. Ropes from the moment the storm struck her until today has been filled with adventure and with striking demonstration of American enterprise displayed by her skipper, Captain Rivers.

Previous to this accident the time of the A. G. Ropes, built at Bath, Maine, was posted in Hong Kong, New York, San Francisco, Liverpool and Shanghai for speed records in races which extended half way around the world.

For four days after the typhoon the ship drifted, her crew in despair and the American skipper never once below decks. When at the end of these days of suspense a German steamer appeared and offered for \$3,000 to tow the A. G. Ropes to port, Captain Rivers promptly refused, although his report states that "it was some temptation to accept."

Eventually, however, after refusing other exorbitant offers for towing, his ship was taken into port by a steamer for \$500. At Kobe the ship was sold at auction to A. G. Luckenbach of New York and the nearly six months voyage home under a makeshift rigging began. The A. G. Ropes was built in 1884, is 250 feet long, and 2,000 tons gross register.

COURT DENIES CHURCH PLEA

Remarkable Application is Disposed Of

UNION REPORT ADOPTED

No Court Ever Enjoined An Ecclesi- astical Body From Considering What Action It Should Take—Civil Courts Powerless to Make Enqui- ries Asked in the Application.

(By the Associated Press.)
Decatur, Ill., May 23.—The applica-
tion for an injunction to restrain
the union of the Presbyterian church-
es was denied today by Judge Johns.
Judge Johns said that the case has
no parallel in the jurisprudence of
the United States. He treated the
church as a voluntary organization,
the acts of whose highest tribunal
are binding on all members and will
not be interfered with by the courts
if the acts are fair and honest. He
held that courts of equity will not
pass on doctrinal matters, the deci-
sions of ecclesiastical judiciaries be-
ing binding on civil courts as to mat-
ters of faith. The decision sets forth
the various acts of the Cumberland
general assembly and says:

"These actions of the assembly must be held to be a determination of its right and power."

As to doctrine the court held that "whether the doctrines of the Cumberland Presbyterian church are widely variant from those of the Presbyterian church is an ecclesiastical judiciary, the civil court is powerless to enquire."

The decision adds: "No court has ever enjoined an ecclesiastical body from considering what action it should take. This application is without precedent."

The judge's opinion was read in the assembly. Dr. Steele introduced a resolution that in entering the union, the Cumberland Presbyterians do not surrender any integral part of their doctrine. He read a statement made by the original Cumberland presbytery which said that the exception of fatal-
ity would not effect the Presbyterian system of doctrine. The resolution was adopted by a vote of 162 to 106.

Dr. W. H. Black, president of the Missouri Valley College, the chairman read the report of the committee on fraternity and union.

The report on union was adopted by a vote of 163 to 91. The anti-unionists filed a protest.

WAR ON JURY DODGERS

Chicago Tries to Eradicate Another Evil

Investigation Discloses "Scandalous Ease" With Which Influential Citiz- ens Escape Jury Duty—Aided By Public Officials in Many Instances.

(By the Associated Press.)
Chicago, May 23.—War on jury
dodgers and the public officials who
aid and abet them has been declared
by Cook county public officials.

Following an order issued by Sheriff Pease yesterday that employees of his office should not aid citizens in escaping jury service, it transpired that a quiet investigation on the part of several judges has been in progress with a view to eradicating the evil.

Scandalous disclosures of the ease with which influential citizens escape jury duty year in and year out have been the result of the inquiry. It is the belief of the jurists who have taken up the matter that the entire system of jury service in Cook county should receive a thorough overhauling. A condition of affairs seriously affecting the honor and integrity of many public officials as well as well-known lawyers and prominent citizens has been laid bare.

The charge is made that jury dodgers and the public officials who aid them are responsible for the prevalence and spread of crime in Chicago and of the general disregard of the law on the part of the criminals.

ABUSE MADE HER MAD

Experts Testify to Girl's Un- healthy Mind

Doctor Evans Says New York Child Who Killed the Aunt Who Ill- Treated Her Was Affected By Hallucinations of Fear—Moral Abuse Hastened Insanity.

(By the Associated Press.)
New York, May 23.—In the trial of Joseph Terranova on a charge of murdering her aunt the defense today began calling experts to testify as to the defendant's sanity.

Dr. Burton Evans, superintendent of the New Jersey state hospital said he found the defendant affected by hallucinations of fear, which affected both sight and hearing and that the entire right side of her body was affected by a loss of sensation. "Once the aunt appeared to her as a butterfly," the witness said, "and the uncle appeared in the form of a worm."

Dr. Evans said that the susceptible nature of the girl, the hereditary taint revealed by her family history and the delicate stage of her life gave fruitful soil for the development of the mental derangement she exhibited.

He declared she had not sufficient intelligence to fake insanity. The moral abuses to which the girl had been subjected would tend to hasten the development of the insanity, he said.

RUSSIAN TIDE OF REVOLUTION

Milukoff Despondent of Being Able to Stay It

GOV'T WILL NOT YIELD

Passions of People Could Be Calmed If Full Constitutional Regime Should Be Granted—Little Hope of That—Many Landowners Offer to Sell Out and Quit the Country, Anticipating the Inevitable.

(By the Associated Press.)
St. Petersburg, May 23.—Prof. Milu-
koff, the spokesman of the constitu-
tional democrats, according to a
thoughtful article published by him in
the Rech today is rather despondent
over the prospect of staying the tide
of revolution in the country. He bases
his pessimism on the conviction that
the government will not yield a full
constitutional regime, with which he
says it is still possible to calm the pas-
sions of the people. He regards Pre-
mier Goremykin and his cabinet as
mere puppets doing the bidding of the
powerful influences at court and believes
that Emperor Nicholas is destined to
throw away the opportunity as Louis
XVI did of transferring the country to
a peaceful, parliamentary regime. This
the professor considers to be the gov-
ernment's last chance and that a re-
fusal to do so will cut the ground from
under the constitutional democrats and
strengthen the revolutionary elements,
which are preaching that parliamen-
tarism is an illusion, and make an-
archy and a bloody revolution inevi-
table. Nevertheless the constitutional
democrats will preserve in their at-
tempt to place the country on a solid,
constitutional basis, and if they fail
and disaster follows the responsibility
will not be upon their shoulders.

The central committee of the constitu-
tional democrats has completed the
drafts of the laws to be introduced in
parliament including universal suffrage,
respective of sex and equal rights of
all citizens; laws guaranteeing immu-
nity of the person and inviolability of
domicile without due process of law,
providing also the guarantee of habeas
corpus and specifically excluding all ex-
ceptions.

While no party at court favors a com-
plete surrender to the demands of the
lower house of parliament, the Treppoff
cabinet which secretly favors a dissolu-
tion of parliament is not strong enough
for the moment to seriously urge such
a course. The emperor continues well
disposed and is supported not only by
many nobles at the court, but by other
big landed proprietors throughout the
country, who now seem fully con-
vinced that unless the peasants can be
measurably satisfied by a compromise
on the land question a revolt of the
peasants against the nobles will be
aroused, which will ruin the latter as
the peasants will forcibly seize their
property to the accompaniment of hor-
rors and excesses.

The provincial papers are filled with
advertisements offering estates for sale,
inserted by property owners, who de-
spairingly of saving their property, are
ready to accept any price they can get
and flee from the country.
