## BOTH SIDES MEXICAN TROUBLE APPEAL TO GOVERNMENT FOR AID

### Consul Galbraith at Cananea Says Help is Absolutely Essential

### RIGHT TO INTERFERE MATTER OF DOUBT

### Hasty Consultations Today Between Secretary Root, Chief of Staff and Law Officer of War Department— Officers of General Staff Making Ready to Execute Any Orders That May Be Issued.

(By the Associated Press.)  
Washington, June 2.—The state department has received a most urgent telegraphic appeal for help from American Consul Galbraith at Cananea, Mexico in which the consul says: "Aid from United States absolutely essential."

The state department also has received direct application from the governor of the state of Sonora, Mexico, for help from the American side, a most extraordinary occurrence. The direct appeal was the subject of hasty consultations today between the secretary of state, the chief of staff, brigadier general Bell and the law officer of the war department, inasmuch as the question of the right of the United States to send troops into a friendly state is in doubt. Meanwhile the officers of the general staff are making ready to execute any orders that may be issued as the result of Secretary Root's decision. Four troops of cavalry are at Fort Huachuca, just north of the international boundary in Arizona, and the staff officers assume that by having riding this force could reach Cananea within a half a day after they receive orders. Communication is about to be opened with Major General Baldwin, commanding the southwestern division at his headquarters in Oklahoma City, and he in turn will give the necessary instructions in case it is decided to use American troops, to Brigadier General Constance Williams, at the headquarters of the department of the Colorado in Denver.

The official dispatches upon which the state and war department are expected to act are as follows:  
Naco, Arizona, June 1.  
Secretary of State, Washington:  
Send assistance immediately to Cananea, Sonora, Mex. American citizens are being murdered and property dynamited and we must have help. Send answer to Naco.  
(Signed) GALBRAITH.  
Another dispatch from the same official, who is consular agent at Cananea, was received this morning and reads as follows:  
"Imperative that immediate assistance be rendered to American citizens at Cananea, Sonora, Mexico."  
Secretary Root, upon receipt of these dispatches sent the following message to Ambassador Bowen in the city of Mexico:  
"Galbraith, consular agent at Cananea, telegraphs that American citizens are being murdered and property dynamited. Press dispatches this morning report strike riots have resulted in race conflict between Mexicans and Americans. Bring to the attention of the Mexican government and ask prompt and effective control to protect American citizens. Say to the Mexican government that if the matter appears of a serious character as dispatches seem to indicate the government of the United States would be glad of any suggestion from the government of Mexico as to the course which we may take to violation of international obligation on the part of our citizens to help prompt peace and safety."  
Douglas, Ariz., June 2.—According to advice received from Cananea this morning two Americans—George and Will Metcalf—and ten Mexicans and one child were killed there yesterday. A. S. Dwight, general manager of the Cananea Consolidated Company was only slightly wounded. George Metcalf was Greene's rental and lumber agent and Will Metcalf was his nephew. The number of wounded is not known, but is believed to be about twenty.  
Colonel Kosterlitzky in command of the Sonora gendarmes, arrived at Cananea at 7 o'clock last evening. With his men he immediately proceeded against the armed strikers and the ringleaders fled to the hills.  
Everything was quiet at Cananea this morning and the situation is well in hand.  
An armed party of thirty Americans tried to cross the line half a mile from Naco last night and were opposed by Mexican officers. In the shooting which

followed an American named Buchner, physical director of the Y. M. C. A. at Bisbee was wounded in the arm and a Mexican official was also wounded. The attempt was given up.  
Several hundred men, women and children refugees who arrived from Cananea in a special train last night, are being taken care of at Bisbee and Douglas. Excitement continues high in the border cities and there is considerable feeling against the Mexicans. No violence has been reported, however, and no trouble is anticipated.

Naco, Arizona, June 2.—A telephone message was received from Cananea at 8:30 this morning, reporting that peace has been restored there. After the arrival of the rangers last night, many of the ringleaders in the riot yesterday ran into the surrounding mountains and no further serious trouble occurred after their flight.  
Governor Ysabel of Sonora arrived here this morning at 7:30 o'clock with a posse from Bisbee and other points, numbering 500 well armed men. They were immediately marched across the border and were counted by the governor's adjutant general, who accompanied him.

New York, June 2.—George S. Robbins, secretary of the Greene Consolidated Copper Company today received the following telegram from G. C. Greene, president of that company, from Cananea, Mexico:  
"Pharmacies and mines all closed down today on account of rioting among the Mexicans. Authorities giving us every protection possible, assisted by the employees of the company. The Mesa lumber yard burned and Metcalf and brother killed defending property. Eleven Mexicans killed during disturbance and number wounded not known. No other Americans killed. Governor of Sonora with troops will arrive in morning. We have the situation well in hand. Smelting and concentrating plants unharmed. Trouble incited by scab labor that has been formed here by malcontents opposed to Diaz government. Expect plants to be running full capacity tomorrow. Bisbee, Douglas and Naco have sent 200 volunteers to aid in preserving order."  
(Signed) W. C. GREENE, president.

El Paso, Texas, June 2.—A private telegram received from Cananea today says that Americans are now in control of the town and many Mexicans have left.  
One hundred rifles and a quantity of ammunition were shipped from here today to Colonel Greene at Naco, and will be taken to Cananea if they can be gotten over the boundary.  
El Paso, Texas, June 2.—President Diaz has ordered all troops at Nogales and Hemicillo to proceed to Cananea. Order was restored there soon after the arrival today of the American volunteers, who were permitted by Governor Ysabel to cross the boundary.

### MEDICAL MEN OF AMERICA.

(By the Associated Press.)  
Boston, Mass., June 2.—The first meeting in connection with the great gathering of medical men to be held in this city next week, when the annual sessions of the American Medical Association will attract several thousand physicians and surgeons to Boston, was held today, it being the annual convention of the American Academy of Medicine.  
The convention, which was held in Hotel Brunswick, was opened with a session for members only. The object of the American Academy is to elevate the standard of requirements for the medical degree.

### THE BEEF INSPECTION AMENDMENT PRINTED

(By the Associated Press.)  
Washington, June 2.—The Wadsworth substitute for the Beveridge beef inspection amendment to the agricultural appropriation bill has been completed and printed for the information of the house committee on agriculture. Until the substitute has been submitted to the committee at its session Wednesday it will not be made public.  
The substitute is said to follow the lines of the Beveridge amendment, with the vital exception that it places the cost of inspection upon the government. It also provides a court review of the administration of the inspection and restricts the jurisdiction of the secretary of agriculture in the power to make regulations given him in the Beveridge amendment.

## BUYING SUPPLIES FOR THE CANAL

### Mallory's Amendment Was Defeated

### THE SUBSTITUTE LOST

Mallory Amendment Struck Out  
Word "Extortionate" as Descriptive  
of Domestic Bids That Should  
Justify Resort to Foreign Markets—  
Resolution by Money Voted  
Down.

(By the Associated Press.)  
Washington, June 2.—The senate proceeded early today with the consideration of the joint resolution declaring a felly in the purchase of supplies for the Panama Canal, and as soon as it was laid before the senate a vote was taken on Senator Mallory's amendment striking out the word "extortionate" as descriptive of the character of domestic bids which should justify resort to foreign markets in procuring canal supplies. It was lost 19 to 39.

Sensors Patterson and Mallory both expressed regret over this action, holding that the use of both the words "unreasonable" and "extortionate" was unnecessary.

The next vote was on Senator Carmack's substitute providing that in all contracts for supplies preference shall be given to domestic products, "the conditions of quality and price being equal." It was also rejected 17 to 39.

Senator Teller then took the floor in support of the resolution as reported. A resolution by Senator Money directing an appeal to the president to issue an order that no more articles should be paid for in foreign markets when exported and sold abroad was voted down 18 to 34.

Senator Bacon presented an amendment to the same effect as that offered by Mr. Money, and entered upon argument to show that \$30,000,000 could be saved by the United States in purchasing supplies for the canal in foreign markets. He reached this conclusion by estimating the total supplies at \$80,000,000 and the tariff on the entire quantity at \$20,000,000, the amount that could be saved by purchase abroad.

He said that many articles of American manufacture were sold abroad at much lower prices than were obtained in the United States for the same articles, and had read two letters which he had received in the matter of steel rails. In one instance it appeared that the same rail had sold for \$1.25 in Texas and at \$2 in Mexico.

To this Senator Aldrich replied that "it is a well-known fact that producers in the United States and elsewhere sell at a less price in foreign markets than to their regular customers at home; but this fact has never affected the decision of the people of the United States as to what their economic policy should be."

## ORDER SPECIAL TERM

### Glenn Preparing for Trial of Wadesboro Lynchers

Will Announce Date and Judge Monday for Special Session of Anson Court—Governor Grateful for Earnest Cooperation of Wadesboro People.

Governor Glenn on his return here this morning from Wadesboro and Elkin said that he will within the next day or two issue an order for a special term of Anson county superior court for the trial of the men who have just been bound over at Wadesboro on the charge of participation in the lynching of J. V. Johnson last week.  
The governor expressed much gratification at the earnest co-operation given him and the judge and solicitor in their work of getting together evidence indicating the identity of the lynchers. He says no effort or expense shall be spared in the work of bringing the lynchers to justice.

The governor went from Wadesboro to Elkin, where he spent three days for rest and recreation, being the guest of Mr. Hugh G. Chatham, president of the North Carolina Railroad, while there.

### Senator Proctor's Condition.

(By the Associated Press.)  
Proctor, Va., June 2.—Senator Redfield Proctor, who was taken ill at Troy, N. Y., last night while on his way from Washington to his home here, was resting comfortable today. The family physician said the senator was suffering from a sciatic attack of rheumatism, and that he would be confined to his room for a few days only.

## THE SMOOT MATTER

### Senate Notified of Committee's Action

Argument Over Question of Fixing Date for Consideration—Senator Burrows Wants to Fix Monday, June 11—Teller Objects to Naming Date in Advance of Report.

(By the Associated Press.)  
Washington, June 2.—The fact that the committee on privileges and elections has acted upon the case of United States Senator Reed Smoot of Utah was today brought officially to the attention of the senate by Senator Burrows, chairman of that committee, who at the same time made an ineffectual effort to have Monday, the eleventh instant, fixed as the day for the consideration of the case.

The announcement and request by Mr. Burrows were made a few minutes after the senate convened. He stated that the official report was being prepared, but was not yet ready for presentation; but that pending its preparation, which probably would require until the middle of next week, he had been instructed by the committee to make a verbal announcement of the committee's action. He then stated that after taking testimony as to the right and title of Mr. Smoot to occupy his seat as a senator as directed by the senate the committee had reached the conclusion that he had no right to it, and had directed the chairman to make such a report to the senate. He followed this announcement with his request for unanimous consent for consideration of the report on Monday, the 11th.

Senator Teller objected to naming a date for consideration in advance of the official report, and his objection had the effect of bringing the matter to an end for the time. He said the committee had had the matter under consideration for two years and that in so serious a matter the senate could not be expected to proceed with unreasonably hastily.

## GUARDING THE ROYAL FAMILY.

(By the Associated Press.)  
St. Petersburg, June 2.—Several strong searchlights have been mounted on the fortifications of Kronstadt to command the palace at Peterhof, and a guardship has been stationed just off shore. These precautions indicate the extent of the inquietude for the safety of the imperial family. Revolutionary agitation among the sailors at Kronstadt is reported to be rampant, and the fear is expressed that they may capture and train some of the guns upon the emperor's palace across the bay.

## INVESTIGATE THE STOCK YARDS.

(By the Associated Press.)  
Chicago, June 2.—The city has decided to appoint a commission to investigate conditions at the stock yards with a view to determining how far the recent criticisms of methods employed in the killing of beef and hogs is justified. Mayor Dunne today after a conference with Health Commissioner Whalen decided to ask the co-operation of the federal government, and the authorities will be asked to name several members of the commission.

## PRESIDENT RECEIVES MEAT PACKING REPORT

(By the Associated Press.)  
Washington, June 2.—President Roosevelt received this afternoon the completed report of Prof. Charles P. Neill, commissioner of labor, and James B. Reynolds of their inquiry into the condition of the meat packing houses of the country. The matter submitted to the president aggregates about 6,000 words, and is a brief of the investigation made by Messrs. Neill and Reynolds.  
Prof. Neill and Mr. Reynolds were in consultation with the president for nearly an hour. Present at the conference also was George P. McCabe, solicitor for the department of agriculture. The text of the brief was discussed thoroughly, and was welded finally into the form in which it will be transmitted to congress next Monday. The report, as stated heretofore, will be accompanied by a special message of the president, in which he will deal vigorously with the facts developed by the inquiry.

## STATEHOOD REPORT SIGNED AT 3 TODAY

New York Cotton Market.  
Washington, June 2.—The statehood conference report was signed at 3:01 o'clock.

## THE MEXICAN RIOT

### About Fifty Killed, Many Americans

Property Valued at \$250,000 Was Burned By Mexicans, Including Lumber Yards and General Offices of the Greene Mining Company—Armed Forces Hurrying to Cananea.

(By the Associated Press.)  
Naco, Ariz., June 2.—Latest advices from Cananea, Mexico, where a race riot raged yesterday between Mexicans, resulting in the death of some fifty persons, many of whom were Americans, say that the Mexicans burned property valued at \$250,000, including the lumber yards and general offices of the Greene Mining Company. The Mexicans then left the lumber yard and dynamited a powder house and ammunition. Here the Mexican police attacked the mob, and a fierce battle ensued, several officers and a dozen strikers being killed.

A train carrying one hundred men left Naco for Cananea last night. Twenty-five armed men came from Bisbee, and are guarding the American line here. There has been fighting between this party and American customs officers.

The posse started to cross the line a few miles below Naco and was fired on by Mexicans in ambush. One man named Backer was shot through the arm and several men are missing. Shots are frequently heard, and it is feared that others may be killed or hurt.

When the last train left Cananea Colonel Greene's residence was being barricaded, and all the remaining Americans were gathering there and forming for defence. The Presbyterian church near the Greene residence is also filled with people and barricaded. The Americans are said to be seriously handicapped by lack of ammunition. The number of striking Mexicans is estimated at 5,000, and they were making threats against all Americans when the last train pulled out from the camp.

There are fifty to seventy-five Mexican police in Cananea, and they are doing what they can to quell the disturbance. Urgent messages have been sent to Washington. It is said that United States Consul Galbraith wired to the state department that his life and that of all Americans in the camp are in danger. Colonel Greene has telephoned for every available armed man that can be secured at Bisbee and Douglas. While the crowd was gathering yesterday Colonel Greene rode down the crowded streets in his automobile and told the men that he would not accede to their demands.

There is grave fear that an attempt will be made to destroy the great reduction plant of the Greene Company at Cananea, which cost millions of dollars. It would require many years to replace it.  
The trouble arose at Cananea over the demands of the Mexicans for an increase in wages from \$3.50 to \$5 a day.  
The population of Cananea is 23,000, of which 5,000 are Americans.

Los Angeles, Calif., June 2.—A special to the Times from Naco says: "E. E. Edgington, principal of an American school at Cananea, arrived here last night on a special train that brought refugees from the scene of the riot. Edgington tells a graphic story of the riot. He said:  
"George Metcalf, head of the development department of the Cananea Consolidated Copper Company and Will Metcalf, are the only Americans who have been killed as far as I could learn. They were shot down by Mexicans while protecting company property. Between 25 and 50 Mexicans have been killed in the fighting."  
"They were barricading the home of Colonel Greene when I left. It is feared that the homes of all Americans will be dynamited. As fast as possible women and children are being rushed out of the camp on special trains."

"Every American is being armed. They are gathering at the home of Colonel Greene and in the Presbyterian church, determined to make a stand to protect their lives and property."  
"Yesterday afternoon rioters dynamited a pawn shop in Cananea and secured a large number of guns. From this I judge they are not well supplied with arms, but have enough to put up a terrible fight against soldiers or Americans. The Mexicans attacked the mounted police yesterday, fighting a battle which resulted in the death of a large number of them."  
"General Manager A. S. Dwight was injured by a bullet, receiving a scalp wound that is not serious. Five thousand Mexicans are out on strike. They are very defiant, marching through the streets and only awaiting the appearance of the anarchist flag to attack every Mexican and American in Cananea who does not join them. They are making threats that they will destroy the entire camp and exterminate every American in it."  
"There are between fifty and seventy-five police, and half of them are siding with the rioters. Some of them are standing by the Americans, but it is feared they will not long remain with them if they see that the Mexicans are getting the upper hand."

## A QUIET ELECTION TO ELIMINATE DIFFERENCES

### Rate Bill Agreed Upon This Afternoon

That Requiring Giving Five Days Notice Before the Issuance of Injunction Setting Aside an Order of Commission—Jim Crow Amendment Will Be Stricken Out.

(By the Associated Press.)  
Washington, June 2.—The afternoon session of the railroad rate conference will eliminate all differences between the senate and house on that measure, according to the prediction of conferees.  
There is practically but one senate amendment yet to be disposed of—that requiring the giving of five days' notice before the issuance of an injunction setting aside an order of the commission. There is no question but what provision for notice will be made, it is said, but strong arguments are being advanced to show that the matter of time should be left in the discretion of the court. The argument is made that in some cases five days and in others a less time undoubtedly would meet the situation better than a fixed and uniform time in all cases.  
The brief forenoon session resulted in an understanding which will eliminate the "Jim Crow" car amendment. The work of drawing the report of the conferees already has begun.

The democratic primary election for the purpose of electing delegates to the county convention, which meets here next Saturday, precinct committeemen and voting on solicitor, congressman and corporation commissioner are being held in Raleigh today. The polls in the city are open from sunrise to sunset while in the municipal precincts the hours are from 2 p. m. to sundown.

A canvass of the poll between one and two o'clock today showed that the vote thus far in the city is rather light compared with the vote in the municipal primary a year since. However, many are voting this afternoon, and it is probable that between 800 and 1,000 votes will be cast in the city. At this hour it is impossible to tell how the vote is in the country, but phone messages from several points stated that the polls opened promptly at 2 o'clock and the voting began.

A quiet election was never held in Raleigh. The only contest in which interest is taken is in solicitor. The friends of Solicitor Jones are asserting that he has carried Raleigh by a great majority, while the friends of his opponent, City Attorney Snow, say that under the Australian ballot it is not possible to tell how the men have voted. Some interest is manifested in corporation commissioner, and the supporters of Chairman Franklin McNeill declare that he has a large majority in Raleigh. His opponent, Jacob Long, is receiving some support, however, in the various precincts. Congressman E. W. Fou has everything his own way.

A message from the various polling places in the city this afternoon between one and two o'clock showed that 548 votes had then been cast. Below is given this vote compared with the vote for Glenn for governor in 1904:

Glenn's vote.	Vote today
1 ward 1 division.....	21
1 ward 2 division.....	140
2 ward 1 division.....	68
2 ward 2 division.....	56
3 ward 1 division.....	63
3 ward 2 division.....	111
4 ward 1 division.....	27
4 ward 2 division.....	28
	1015
	548

## YALE-PRINCETON GAME TODAY.

(By the Associated Press.)  
New Haven, Conn., June 2.—Yale and Princeton meet on the baseball diamond here today for the first game between the two teams in the so-called intercollegiate championship series. The game should be one of the best of the year here despite the fact that Princeton seems to be considerably stronger than Yale if the records of the present season, up to date, can be taken as an estimate of the playing strength of the two nines. Princeton has gone through with but comparatively few defeats while Yale has lost more games than she has won. The game is called at 3 o'clock.  
The batting order probably will be as follows:  
Yale: O'Brien, ss.; Huskamp, r. f.; Kinney, 3b.; Camp, 2b.; T. Jones, 1b.; Smith, c. f.; Church, l. f.; Wylie or Chappin, c.; Parson, p.  
Princeton: Reid, s.; Dillon, c. f.; Harlan, l. f.; Vaughn, 2b.; Sides, 3b.; McLean, r. f.; Bard, 1b.; Cooney, c.; Byram, p.

## GERMAN BUTCHERS FEAR RELAXATION IN TREATY.

(By the Associated Press.)  
Berlin, June 2.—The text of the petition of the German Butchers Association sent to Chancellor von Buelow and Minister of Agriculture Von Podbielski against any treaty arrangement with the United States permitting increased imports of meat avers that the directors of the association had learned that the great slaughtering companies in the United States, in order to expand their sales abroad, intended to seek a relaxation of the German sanitary customs regulations through the prospective commercial treaty negotiations between Germany and the United States.  
The butchers of Germany therefore begged the chancellor in the interest of public health and the material interests not to consider such a relaxation.  
The argument supporting the request includes a comparison between the numbers of animals rejected, based on the official statistics of both countries, showing that the Prussian and other German inspectors disallow two to four times as many animals as the Americans, and finds a reason for this not in the superior health of the American food animals, but in the character of the inspectorship.

## TO ELIMINATE DIFFERENCES

### Rate Bill Agreed Upon This Afternoon

### ONE AMENDMENT LEFT

That Requiring Giving Five Days Notice Before the Issuance of Injunction Setting Aside an Order of Commission—Jim Crow Amendment Will Be Stricken Out.

(By the Associated Press.)  
Washington, June 2.—The afternoon session of the railroad rate conference will eliminate all differences between the senate and house on that measure, according to the prediction of conferees.  
There is practically but one senate amendment yet to be disposed of—that requiring the giving of five days' notice before the issuance of an injunction setting aside an order of the commission. There is no question but what provision for notice will be made, it is said, but strong arguments are being advanced to show that the matter of time should be left in the discretion of the court. The argument is made that in some cases five days and in others a less time undoubtedly would meet the situation better than a fixed and uniform time in all cases.

## ALLEGED PLOT TO KILL ROOSEVELT

(By the Associated Press.)  
Portland, O., June 2.—As the outcome of the arrest of a Pole in this city for an assault upon several Russians, local detectives here have learned of the existence here of a large body of Russian nihilists, who it is alleged have been plotting the assassination of President Roosevelt, simply awaiting the accumulation of sufficient funds before sending a deputation to Washington carry out the scheme.  
The Pole, who claims to have been threatened with death by several of the plotters and who was arrested for assault, was acquitted yesterday, and it was then that the detectives learned of the alleged true purpose of the organization.  
Friends of the Pole informed the police of the doings of the nihilist group, of their eulogistic praise of Czolgosz, the assassin of President McKinley, and finally of their desire for the death of President Roosevelt. Detectives have been put on the case.

Dr. S. A. Repass Dead.  
(By the Associated Press.)  
Allentown, Pa., June 2.—Rev. Dr. S. A. Repass, for twenty-one years pastor of St. John's Lutheran Church, died today from heart failure following an attack of rheumatism. He was born in Virginia sixty-seven years ago. He was educated at Roanoke College and Philadelphia Theological Seminary and ordained in 1869.  
Rev. Repass served pastorates at Salem and Staunton, Va., before coming here and was president of the Salem, Va., Ethnological Seminary 1875-1884. He was president of Meuhlenberg College and for twelve years filled the professorship of Christian Evidences. Dr. Repass left a widow and four children, one of whom is Rev. Bernard Repass of Lancaster.

### ROUGH RIDERS OFF FOR SCENE.

(By the Associated Press.)  
Douglas, Ariz., June 2.—Governor Ysabel of the state of Sonora arrived at Naco, at 7:30 o'clock this morning and immediately gave orders permitting the armed Americans who were there from Bisbee, Douglas and all parts of Arizona to accompany him to Cananea. The Americans organized and in command of Capt. Tom Rynning, former captain of the Rough Riders and now commander of the Arizona Rangers, left with the governor on a special train for Cananea at 8 o'clock. There were 450 in the party.

### Naval Officer Dead.

Washington, June 2.—The navy department today received a dispatch from San Francisco announcing the death of Lieutenant Commander John H. L. Holcomb, U. S. A., at the Mare Island navy yard yesterday of heart failure. Lieutenant Commander Holcomb was born at Lynchburg, Va., entered the naval academy from Georgia. He had been under treatment at the Mare Island hospital for some time.
