The team from Walnut Creek council will tonight confer with the candidates in Capital City Council No. 1. A charter was issued this morning for the Best Chair Company of High Point, capital \$50,000 authorized and \$1,000 subscribed by B. A. Best and others. The memorial exercises by the Odd Fellows of Raleigh were not held yesterday. The sermon which was to have been preached in the Central Methodist church last night by Rev. E. Pope has been postponed. The round trip tomorrow from Raleigh to Lillington for the judicial convention will be \$1. The train leaves here upon the arrival of the 3:45 train from Goldsboro and connects in the afternoon with the 5:30 train for Goldsboro. The Seaboard will operate special train from Raleigh Durham and Weldon to Oxford Saturday, June 23rd, account St. John's Day and Masonic celebration. The round trip rate is \$1.00. Leave Raleigh 8:15 a. m., return at 7 p. m. Since Alderman Graves has not returned to the city Mayor Johnson has not called the board of aldermen to meet tonight to pass on the petitions for a prohibition election. The board will meet next Friday night or earlier for this purpose. A big delegation will go from Raleigh tomorrow to attend the sixth district convention at Lillington. This convention will renominate Solicitor Arniscaud Jones of this city. The Raleigh delegation will leave here over the Raleigh and Southport Railroad at 8:45 in the morning and return in the afternoon. A lady who was out driving Saturday afternoon requested The Times to call the attention of the county authorities to the dangerous condition of the bridges on the road between Taylor's pond and the cemetery. One of these bridges had a dangerous hole in it, on another three planks were loose and on the third a plank was off and the occupants of the carriage had to get out. Mr. C. H. Gattis, T. P. A. of the Seaboard announced today that Capt. W. P. Clements had been appointed excursion agent for the Seaboard this summer. Capt. Clements is one of the most popular conductors on the Seaboard and a better selection could not have been made. Those who go on his excursions will certainly be assured of a delightful trip and train well conducted. The impression seems to have gotten out that the Baptist Tabernacle Sunday School will run an excursion to Norfolk on June 28th—the date asked for by the school. There has been nothing definitely decided in regard to furnishing them an excursion on that date as yet. It is also rumored they will make a rate of \$2.00 for those not connected with the Sunday School. This is erroneous, as they will make no rate less than \$3.00 for outsiders. The only excursion so far booked over the Seaboard to Norfolk in June is on the 19th-21st and the rate for every other excursion during the summer this same rate will apply. C. H. Gattis, Traveling Passenger Agent.

TRUESDELL HAS A FAULTY MEMORY

(Special to the Evening Times.) Washington, June 11.—Herbert J. Truesdell, who was on the stand in the trial of George E. Green, and W. D. Doremus when court adjourned Friday, again took the stand today, when Mr. Stanchfield continued the cross-examination.

Reference being made to the letter introduced Friday by the defence which purported to have been written by W. D. B. Alney, attorney for Mr. Truesdell and in which was stated that no action would be taken by the government should any disclosures by Mr. Truesdell implicate him, Mr. Baker asked where it was obtained. Mr. Stanchfield replied that they had notified Mr. Alney that they would subpoena him when he sent the letter.

Mr. Truesdell did not recollect saying in the statement he made to postoffice inspectors at Rush that he had sent to the bank to cash checks for \$400 or \$500 the proceeds of which were to be paid to Beavers. Upon being shown the statement in which he said \$400 or \$500 he said he felt certain now that the checks were for \$500 each. The witness would not say that the commission account did not equal \$7,500. Instead of \$1,500, but said that it was all paid to Beavers.

The witness could not say how many payments were made to Beavers, or the time of such payments. He said he usually paid him in bills and in Washington. He said he did not tell Mr. Doremus about the arrangement to pay Beavers in connection with the first order for cancelling machines until after the arrangement had been made.

The witness would not swear that he had talked with Mr. Green prior to placing the first order for cancelling machines. The witness having testified that Mr. Green had not come into the company at that time.

A payment of \$500 he testified was made to Beavers in a cab in New York.

The witness having testified that statements were sent to Mr. Green showing the commission accounts paid to Beavers, and having stated that he directed Mr. Fish to prepare statements showing the condition of the company which he approved, Mr. Stanchfield exhibited statements dated September 1 and 2, and asked him if he could find any reference to commission accounts. He said he could not.

The statements were ruled out because they purported only to be in the nature of trial balances, and not individual accounts.

The witness said he was friendly with Mr. Green up to the time he left the Doremus Company. Mr. Truesdell admitted that he made a claim against Mr. Green of \$50 for each machine sold to the government after he withdrew from the company, which was never paid. Mr. Baker objected but the court admitted the question for the showing it would.

Mr. Stanchfield asked the witness if in a talk in the presence of Mrs. W. W. Allen on a farm near Rush, Pa., he had said that "Green has plenty of money and we have got to have some of it, and if we can't get it we will put him behind the bars."

The witness denied having made such a statement. Mr. Truesdell denied applying an epithet to Green and denied having made other statements.

Neuse Lodge Officers. Neuse lodge, No. 97 A. F. & A. M., Saturday afternoon elected officers for the ensuing term as follows: Worshipful master, L. M. Green, Senior warden, J. H. Fleming, Junior warden, W. D. Dean, Secretary, G. B. Pann, Treasurer, S. S. Richardson.

Ocean Steamer Aground. (By the Associated Press.) Philadelphia, Pa., June 11.—The steamship Westernland, from Liverpool for Philadelphia, is aground on South Shoal at the entrance to the Delaware Bay. The pilot boat Philadelphia has a line to the big vessel and is endeavoring to float it.

Facing a Heavy Reckoning. When the Burlington railway was fined \$50,000 for rebating those hottest for more low against acts already illegal, it was alleged that only a portion of the profit were not sufficiently deferred. It was alleged, but now comes talk of fines for 2,000 violations of the rebate law, which at the average in the Burlington case of \$25,000 each runs up a bill of \$50,000,000. Even Standard Oil would look twice at such a bill and would not feel inclined to increase the salaries nor to pay the individual fines of such officials as placed the trust in position to be so mulcted.

David Rankin, Jr., of St. Louis, Mo., is about to give \$2,000,000 to found a big industrial school in that city.

BROMONIA FREE

The mere statement that Bromonia is of such tremendous efficacy to the human system that it practically fortifies the body against the majority of diseases is not enough nowadays to convince the skeptical public, deluded as it has been in the past by the myriads of fakirs and heartless charlatans, who have taken the public's money in exchange for dangerous, insidious and habit-forming drugs. THE BROMONIA COMPANY WILL GIVE YOU AN EVIDENCE OF THEIR SINCERITY AND BELIEF IN THEIR WONDERFUL PRODUCT.

Many thousands of dollars have been spent in order to get Bromonia into that shape that it can be taken conveniently, in the house, on the cars, at the fountains, etc. This has finally been accomplished by putting it into the form of a granular effervescent. WE DON'T WANT YOU TO INVEST ONE CENT UNTIL YOU HAVE TRIED IT AT OUR EXPENSE. If you are run down in general health, if you have dyspepsia, fainting spells, subject to insomnia, biliousness, kidney or liver troubles, catch cold easily, if your system is in that condition that the disease germs of pneumonia, la grippe, or the various epidemics are apt to take hold easily, if you have occasional or constant headache, loss of memory, generally impaired vitality, then you need Bromonia.

Bromonia is to the human system what the scrubbing brush and soap are to the dirty wash basin. It stimulates the Phlogocytes of the blood so that they are more easily enabled to destroy all attacking germs—(the theory of curing all germ diseases). Bromonia so stimulates the digestive apparatus that nature is enabled to assert her sway. If your stomach is in good condition, you are well. The Chinese are a wise people. They accept each other with, "How is your stomach?"

The W. H. King Drug Company guarantees that everybody who will cut out the coupon at the bottom of this page and will send it to the Bromonia Company of New York will receive, free of cost, all charges paid, a package big enough for several days' use. If you think it is what you need and have already had a free bottle, you will find it on sale at all first class druggists. Send coupon, no matter where you live, and you will receive a free bottle.
