TILLMAN AFTER BANKS AGAIN

Calls Up His Resolution for Investigation

THE WALSH FAILURES

Claims Testimony in That Case Showed Comptroller of Currency Had Known For Months Before That Bank Had in Effect Loaned \$15,000,000 to Its President.

(By the Associated Press.) Washington, June 18.—Senator Tillman again today called up his resolution providing for an investigation of the question of national contributions to political campaigns, and also relative to the recent failure of the Chicago National Bank.

Speaking to the resolution, Mr. Tillman said that Senator Aldrich had waived aside the resolution on the ground that the senate had recently passed a bill prohibiting the banks from making campaign contributions, but Mr. Tillman contended that such action on the part of the senate was not sufficient. Believing that the banks were the principal source of revenue of the republican political committees, he did not believe that the House would pass the bill prior to the election next fall. Hence he still felt the necessity for the investigation provided for by his resolution. He insisted that the resolution should be retroactive, but confessed that he had little hope in that direction.

"The bankers will get an immunity bath for past offenses," he predicted. Speaking of the Chicago bank, Mr. Tillman presented extracts from the testimony of Banker Fenton of Chicago, taken by the house committee on banking, to the effect that the disaster was due to loans made by the bank to concerns in which the president of the bank (John R. Walsh) was interested. He claimed that this testimony showed that the comptroller of currency had known for months before the failure that the bank had in effect loaned fifteen million dollars to its president.

Senator Aldrich charged Mr. Tillman with an effort to try the case against Mr. Walsh, saying that the matter was now in the hands of the department of justice. Mr. Tillman replied that he only desired to secure an inquiry, adding that Mr. Aldrich should "not push back" his efforts and claim that everything in connection with the Chicago bank is wholesome and sweet, when it is known that some of Mr. Walsh's acts have been criminal.

Mr. Tillman referred to a report that Mr. Walsh was contemplating a trip to Europe, but said that instead of permitting him to pursue that course the district attorney should press the case against him, and thus ascertain the truth or falsity of the charges against him. He declared it to be the custom of the comptroller of the currency to minimize wild cat banking until it became too late to apply a remedy.

Senator Hopkins replied that Mr. Tillman had been misled by irresponsible Chicago men, and declared that the South Carolina senators' "trade" had proved another illustration of the fact that "a little learning is a dangerous thing."

SIX BADLY HURT IN HEAD-END COLLISION

(By the Associated Press.) Bridgeport, O., June 18.—A head-end collision today at West Wheeling, a mile south of Bridgeport, between the special train of General Manager Fitzgerald of the Baltimore & Ohio, and a heavily loaded ore train, resulted in serious injury to six men and slight injuries to half a dozen others.

The mistake of a train dispatcher in the Wheeling office is said to have caused the trains to come together while going at a high rate of speed, and a heavy fog prevented trainmen seeing each other until too late.

WARD AND LITTLE BOTH DEFEATED.

(By the Associated Press.) Wimbledon, Eng., June 18.—In the remaining tennis singles for the Davis cup, S. H. Smith, Great Britain, beat Holcombe Ward, America, in three straight sets. The scores were 6-1, 6-0, 6-4.

H. L. Doherty, Great Britain, beat Raymond D. Little, American, three sets to two. The scores were 3-6, 6-3, 6-8, 6-1, 6-3.

G. O. P'S BIRTHDAY

Jubilee Celebration of Republican Party

Fiftieth Anniversary in Philadelphia. Nearly 200 Veterans of the First Battle 50 Years Ago, When Fremont Was Nominated, Are Present—Will Continue Till Wednesday.

(By the Associated Press.) Philadelphia, June 18.—It was a notable gathering which today filled the historic musical fund hall when the formal celebration of the fiftieth anniversary of the republican party was inaugurated. Delegations from all sections of the country are here to participate in the golden jubilee, a feature of which is the presence of nearly two hundred aged men, veterans of the republican party's first battle fifty years ago, when John C. Fremont was nominated for the presidency. The hall was crowded to its capacity, and while the heat and humidity caused much discomfort, this was forgotten in the enthusiasm of the delegates and their friends.

The celebration is under the auspices of the National League of Republican Clubs, which is holding its annual convention in connection with the jubilee celebration. The officers of the national body are: President, J. Hampton Moore, Philadelphia; Vice President, Sid B. Redding, Little Rock, Ark.; Secretary, Elbert W. Weeks, Guthrie Center, Iowa; Treasurer, W. G. Porter, Sioux Falls, S. D.

With the address of welcome by Mayor Weaver the celebration was formally opened, and it will continue until Wednesday.

TO MAKE MILLS CO-OPERATIVE

Plan of the Fall River Association

5 PER CENT. DIVIDEND

Offer Made in Response to Request From Textile Council That Scale Paid Before Reduction Be Restored—Dividend Based On Margin Between Cost of Cotton and Cloth.

(By the Associated Press.) Fall River, Mass., June 18.—The Cotton Manufacturers Association of Fall River, representing practically all the cotton mill interests in this city, have in a letter to the Textile Council, made public today, offered to guarantee the mill operatives a profit-sharing dividend of not less than 5 per cent. This offer was made in response to a request from the Textile Council that the wage scale paid before the general reduction of 12½ per cent in 1904 was put into effect be restored.

The dividend will be based on the margin between the cost of cotton in the market and the price of print cloth, as suggested by Ex-Governor W. L. Douglas in settling the six months' strike of two years ago, and the manufacturers state that if the employees are not satisfied with the proposition the mill owners are willing to again submit the whole matter to a board of arbitration for the purpose of determining the wages it is possible to pay after the manufacturers have received a fair return on their investment.

The Textile Council has ordered the various unions connected with the organization to hold special meetings for the purpose of voting on the proposition.

The officers of the Textile union would not express an opinion on the probability of an acceptance of the offer. It seemed to be the general opinion among the operatives, however, that it would be refused because the request for a restoration of wages was made chiefly on account of dissatisfaction with the sliding scale on account of its being open to influence by the speculative market. This objection, it is held, is not removed by the manufacturers' proposition and the margin guaranteed is less than one-half of the percentage restoration asked for.

TO SUIT VIEWS OF ROOSEVELT

Meat Inspection Bill Changed by Committee

SUGGESTION ACCEPTED

President's Idea As To Provisions Of Measure Carried Out—No Objection To Eliminating Court Review Clause—Some Sharp Criticism Over Methods Of Legislation.

(By the Associated Press.) Washington, June 18.—The house committee on agriculture today authorized Chairman Waters and Representative Brooks of Colorado, to amend the meat inspection provision in the agricultural bill to meet the views of President Roosevelt after which the measure will be submitted to the president by Speaker Cannon. It is stated that not all of the presidential suggestions will be accepted of the wishes of the committee were complied with. The discussion today took place there was no objection to eliminating the court review provision as suggested by the president, also that his wishes that the civil service commission furnish the inspectors will be complied with. There is opposition to placing the date of manufacture on the label and to inserting the words "in the judgment of the secretary of agriculture" thus making the secretary the final authority regarding the measure.

There was some criticism by members of the committee as to the method to be employed in handling the measure, as no republican members who presented minority views, nor any democratic members of the committee are to have anything to do with redrafting the substitute.

MAY ANSWER THE FEDERAL COURT

Chairman Franklin McNeill of the corporation Commission and Attorney General R. D. Gilmer were in conference quite a while this morning and Chairman McNeill made the statement afterwards that they were considering the matter of answering the restraining order served on the commission last week from the Federal States court in connection with the litigation involving the new schedule of Southern train No. 111 from Goldsboro to Greensboro.

The order it will be remembered is returnable before Judge Purnell on June 21 and is for the purpose of restraining from interference with the operation of the train on the new schedule by the enforcement of the order the commission issued Saturday night, June 8, and to prevent the institution of suits against the Southern for time and for failure to operate the train on the old schedule as the order directed.

Attorney General Gilmer arrived last night from Waynesville and will spend several days here, he says, looking into matters connected with this case and some other official business.

WOMAN DRAGGED FROM BEDROOM

Negro's Fiendish Attempt at Assault

TRACKED AND ARRESTED

Victim Was Mrs. J. W. Barker, Et-taken 55 and 60 Years Old, Who Lives Alone With Her Mother Near East Durham—She Positively Identifies Her Assailant.

(Special to the Evening Times.) Durham, N. C., June 18.—Burglary and a desperate attempt to criminally assault was a double crime committed just below East Durham yesterday morning before daylight. Freeman Jones, a mulatto negro, was arrested soon after the crime and is now in jail, not being allowed bail.

The home entered was that of Mrs. J. W. Barker, who lives alone with her aged mother. Mrs. Barker was dragged from the home, out into the yard, and the screams of Mrs. Barker and her mother awoke some of the neighbors, whose appearance caused the negro to run off. He was arrested two hours later and positively identified by his intended victim.

When arrested the negro was in bed, having on his shoes and pants, and in his hand he held a railroad spike. His shoes were still wet and muddy from his tramp through the soft, wet earth after the crime. He was taken before Mrs. Barker, who not only identified him, but almost in the same breath with her identification she called the attention of the officer to the fact that several strands of her hair were then hanging about a button on the negro's coat.

While being taken to jail, the negro was asked by the officer why he committed the crime, and he replied that he had been drinking, and he guessed he was drunk at the time. That is the only statement he has made.

FOUND IN THE ROOM.

The first known of the negro being in the home of Mrs. Barker was shortly after 3 o'clock when she awoke and heard a noise in the room. Calling to her mother she asked if she was up. The mother answered and said that she was not, and a lamp was then lighted. The negro was standing in the room. He was asked what he wanted, and said that he was from Virginia and wanted to see Jack Barker, that being the woman's husband. It was told that the husband was not at home, and for him to leave.

The negro brute then grabbed Mrs. Barker, who is between 55 and 60 years of age, and she was dragged screaming into the yard. The aged mother, who is now 85 years of age, also began screaming and the two awoke a negro man and his wife who live nearby, and the coming of these two to investigate the trouble caused the man to run off.

Mrs. Barker had been rudely thrown to the ground and her back and chest were both hurt in the desperate struggle that she had with her assailant.

TRACKED AND ARRESTED.

Almost immediately the alarm was given, and in a comparatively short while Constable J. F. Pleasant, who lives in that section, was on the scene. The negro had left the house through a field, and the earth was soft on account of the recent rains. Securing a description from Mrs. Barker of the negro and his dress, the officer started on the trail. Mrs. Barker said that he wore a black coat, striped trousers and had on a white shirt. This was his dress when arrested.

On leaving the house the trail led away from the negro's home for a mile or so and then, turned back. This was followed to the very doors of the cabin. Before reaching the house, this being considerably after 5 o'clock, the officer saw a negro who lives in the community and called to him to know if he had seen any one pass there. He said that he saw Freeman Jones a short while before. Going directly to the home of Jones he was found in bed, having on the striped trousers and the muddy shoes. His wife said that he had come in a short while before that time.

After being identified by Mrs. Barker, the negro was committed to

TWO WOMEN ALONE.

The scene of the double crime is about one mile and a half from the city limits. Mrs. Barker, who is a half deranged woman, and her mother live alone. The husband of the victim was formerly in the mercantile business in East Durham, but ran away when some five or six cases for selling whiskey without license had been piled against him. The negro who attempted the crime lives in the same neighborhood, is about 25 years of age. He knew the conditions of the Barker home, and knew that he would have no resistance from a male person. He entered the home through the door, which was not locked. Jones is a married man and has been working for a brick making plant in that section for some time. His record is not very clean, as he has been in prison on various charges several times.

Jones waived examination today at 10.30, and was committed to jail without bail.
