**The Slayer of J. M. Lancaster in Wake Jail**

Negro Brought Here By Direction of Governor Glenn From New Bern. Attempt At Lynching Was Feared. Joe Bailey Admits His Guilt—Says Lancaster Struck Him.

Sheriff J. W. Biddle and deputies E. J. White and W. O. Clark of Craven county arrived here at 1 o'clock this morning from New Bern with Joe Bailey, the negro who murdered Mr. John M. Lancaster at his farm near Vauchober last Wednesday. Bailey was brought to the Wake county jail in compliance with directions from Governor Glenn who was appealed to last night to give orders for the protection of the prisoner from attempts it was feared would be made to lynch him.

It was about 7 o'clock last evening that Governor Glenn received a telegram from Sheriff Biddle to the effect that a lynching was threatened and instructions from the governor were desired as to what steps to take. The governor replied with directions for the militia to be ordered out and for the authorities to put forth every effort to protect the prisoner from the mob. He suggested also that it might be better still for the sheriff to bring the negro under suitable guard to Raleigh for safe keeping.

It was the latter suggestion of the governor that was acted on by Sheriff Biddle and he hustled the negro on the evening train for Goldsboro and Raleigh thereby averting any further trouble.

The negro admits the killing of Mr. Lancaster and claims that while he was plowing in the field Mr. Lancaster came out there and abused him for using a small whip on his plow when Mr. Lancaster had himself loaned out the large one. The negro says his employer struck at him and he warded off the blow with his thumb. Then he went to his home, got his gun and returning shot Mr. Lancaster.

**WAKE REPUBLICANS FOR VOTE ON PROHIBITION AND 2 CENT FARE LAW**

(Continued from First Page.)

Other names for those of the three candidates for the Raleigh postoffice. This was put and defeated by a big majority on a roll call vote.

The committee named J. W. Lashley in place of Mr. Manogue.

The Platform.

Mr. Willis G. Briggs offered the following as a platform:

The republicans of Wake county, in convention assembled, congratulate the American people upon the continued prosperity and well-being of this republic.

"Within the brief period of sixteen months of the present republican national administration great achievements have been wrought for the benefit of mankind. Theodore Roosevelt, our matchless leader, the highest type of American statesmanship, has by his mediation brought to a peaceable close the most bloody foreign war in modern times; he has added new lustre to the American name; he has defied the giant trusts and great combines and brought many of them to the bar of public justice; he has promoted common patriotism and wiped out the last vestige of sectionalism by the return of the captured confederate flags and by governmental recognition of the confederate veterans in New Orleans. Under the wisdom of his republican administration the people have, for the first time, been given a supervision of the great means of transportation; and peace, plenty, progress and prosperity have been the portion of our nation.

"As patriotic citizens we deplore the fact that North Carolina, under democratic domination, occupies an insignificant place in the council of the nation, and we pledge our earnest efforts to secure the election to the United States senate of a republican.

"We invite the attention of the voters of Wake county to the fact that the democratic party in this county is silent on all the live issues. Every public question was ignored by the recent democratic county convention except a declaration for the re-election of their senior senator.

"We denounce the democratic party for its hypocrisy in the so-called state temperance laws here, and we point to the fact that every one of the fifty or more illicit distilleries destroyed in Wake county were destroyed and the offenders prosecuted by republican United States officers.

"We denounce the present unjust democratic road law for Wake county and pledge our efforts to secure its repeal or amendment to make it satisfactory to the people.

"We advocate placing the county officers upon a salaried basis instead of allowing them excessive compensation under the fee system.

"We demand that the North Carolina Corporation Commission be given adequate powers to supervise the means of transportation and that the commission be held to strict account by the people.

"We demand for Wake county a free and fair election law on the order of the Australian ballot.

"We denounce the democratic party for the establishment of a machine primary law, designed for partisan purposes, to take the place of elections by the whole people.

"We invite all public spirited citizens, who desire the overthrow of political

monopoly and the substitution of freedom of discussion and unhampered political action, to join with us in the campaign now at hand."

Col. Harris then offered his amendment as above.

Col. Harris declared that the democratic party was not going to pay any attention to Gov. Glenn's promised recommendation to the legislature to submit to the people the question of prohibition. Neither would they ever stand for the two cent fare, because the railroads dominated the majority of the democratic party in North Carolina. During its whole history the republican party had always advocated everything that was for the public morality, and now let not the party in Wake believe that grand record. He was not a candidate for any office. There was no office in the gift of the party that he would have.

There was no color line to be afraid of now, nothing to prevent the people from voting for their material interests.

Mr. Ferrall said the best thing to do was to adopt it before the democrats got a chance to steal it.

Ex-Sheriff James L. Moore said he could not endorse Col. Harris' resolution. The less you have to do with whiskey the better off you are, and the less you have to do with prohibition the better off you are, too. Prohibition would not do in this country. If you depend on the preachers and the church people you will be worse fooled than ever you were in your life.

Col. Nichols thought the time had come for the republican party to speak out on these issues. He hoped Col. Harris' resolution would be accepted.

Mr. Adams said we had prohibition all over Wake county save one religious bar-room in Raleigh, and he would like to see this convention pass on that, too.

Col. Harris' amendment was passed with only the dissenting voice of Mr. Moore audible.

The convention then adjourned at half-past two o'clock.

The county executive committee met immediately after convention adjourned and decided on August 18 as date for the county convention to nominate county officers. The primary dates are August 17 for the city and August 11 for the county districts. J. P. H. Adams was re-elected chairman and V. C. Terry secretary.

**Third Amateur Team Has Been Organized**

Merchants' Team, With R. M. Phillips as Manager and William Nowlan Captain—Three Team League Will Be Organized Next Tuesday Night—Play Some Thirty Games.

The outlook for amateur baseball in Raleigh this summer grows more promising all the time. Already there are two teams in the field, and last night a third was organized, to be known as the Merchants' Team. It is proposed now to establish a league of the three teams to play a series of probably thirty games during the season for a pennant or some other prize. This will make things interesting and insure a good attendance at a moderate admission fee.

Last night at a meeting of a number of those interested in the office of Mr. Horace Dowell the new team was organized with Mr. R. M. Phillips, secretary of the Chamber of Commerce, as manager and Mr. William Nowlan as captain. It was found that there would be eighteen players to select from.

Next Tuesday night there will be a meeting of the managers of the three teams and others interested to arrange for the formation of the league, elect officers, draw up by-laws and determine upon all necessary details to insure the success of the undertaking. The other two managers are Col. Z. P. Smith for the Jr. O. U. A. M. team and Major J. J. Bernard for the team of the B. B. B. class.

The merchants of the city are expected to stand by the team organized last night and aid it in every way, for it will distinctly represent the business men of Raleigh on the diamond.

**M'CLELLAN TALKS ABOUT DEMOCRACY**

(By the Associated Press.)

New York, June 23.—Mayor McClellan sailed today on the steamer New York for a ten weeks vacation in Europe. "I expect on my return from Europe," said Mr. McClellan, just before the steamer sailed, "to see the democracy of this state nominate a ticket and proclaim a platform worthy of the best traditions of the party. It is already certain that the city of New York will send to the state convention a delegation which will support an honest man for governor, and give him honest issues to fight for. We have never won in state or in nation when we were not frank with the people and honest in our promises and in our candidates. As a democrat, always loyal to my party and sensible of the obligation we owe to the organization in this city, I take pride in the knowledge that New York will be fittingly represented in the convention, and that its votes will be cast for the preservation of our principles and our party cleanliness."

During the absence of Mr. McClellan, President McGowan of the board of aldermen will be the acting mayor.

**Ovation at Kiel to Longworths.**

Kiel, June 23.—Several hundred people assembled at the railroad station today to cheer Congressman Longworth and Mrs. Longworth on their arrival here from London.

Lieutenant Commander William L. Howard, the American naval attaché, representing the embassy at Berlin, and Frederick W. Whitebridge, who was the special ambassador of the United States at the wedding of King Alfonso and Queen Victoria of Spain, an old acquaintance, met them at the station where Mr. and Mrs. Longworth were escorted to the imperial waiting room so as to escape the attentions of the crowds. Later they entered a carriage stationed at the private entrance, but the spectators soon perceived this and streamed around the building and cheered the Americans. As they drove off a loud voice called out in English "welcome to Kiel!" and a woman threw a bouquet which Mrs. Longworth smilingly caught while Mr. Longworth lifted his hat in acknowledgment of the gift. The travelers were driven to a small hotel standing in the yacht club grounds and overlooking the bay. The stars and stripes flew from a mast in front of the hotel and the manager tried to get a band to play "The Star Spangled Banner" but no musicians were available. Some of the guests of the hotel assembled on the veranda and a number of photographers were busy from the moment Mr. and Mrs. Longworth came in sight until they vanished within the hotel, where they have the best rooms in the house, with a private veranda and a sea view.
